Alternative Education Mario D. Fantini, 1976 No two children are alike They have different needs they learn differently and at different rates have unique interests and talents as well as special problems In the past decade this age old fact has become

increasingly obvious in our educational system We have come to realize the unavoidable doom of institutional uniformity and the absolute necessity of alternatives and choices which allow all students and not only those who can afford it to learn in the best possible situation for them Mario D Fantini one of the nation s best known spokesmen for alternatives in education has brought together important material which shows how this task can be and is being done in the educational system today He has compiled a handbook for parents students teachers and administrators who want to know how to improve education in their community Mario D Fantini is professor and Dean of education at the State University of New York at New Paltz He is author of *What s Best For The Children* also published by Anchor Press Doubleday Alternative Schooling and New Education Ralf Koerrenz, Annika Blichmann, Sebastian Engelmann, 2017-11-17 This book examines the European discussion about alternative schooling in the 20th century It refers to a stream of concepts that are often described as New Education Progressive Education Education Nouvelle or Reformpädagogik and discusses a range of different models of alternative schooling Exploring the works of a range of continental educational philosophers including Lietz Blonsky Kerschensteiner Freinet Decroly and Petersen the book offers a unique insight into texts not yet translated into English These educational models are presented with regards to the biographical background of the authors the crucial elements of their construction the historical interconnections between schooling society and culture and finally their connection to today s discussions in educational sciences The book will be highly relevant for researchers and advanced students working on the theory history and practice of schooling particularly those with a focus on alternative schooling and the philosophy of education

Alternative Education V.k.rao, 2008 *Alternative Education* Yoshiyuki Nagata, 2007-03-30 Alternative streams of education have been and remain an important but difficult theme for teachers parents policy makers and scholars By focusing on case studies of six countries Bolivia Thailand Australia USA The Netherlands and Denmark and by comprehensively analysing these by means of international comparative methodologies the author approaches the nuts and bolts issues of alternative and mainstream education systems The case studies include Charter Schools in the USA and Waldorf Schools in Australia The study presents not only an insightful analysis of alternative forms of education with regard to actual issues in societies and also legal and administrative features of education It provides insights into the kind of school development that could be appropriate in the 21st century and the types of educational communities we should seek to create in the age of globalisation *Alternative Education for the 21st Century* P. Woods, 2009-01-05 This is a unique collection of leading examples of education grounded in alternative philosophies and cultures from initiatives to create more democratic schools through Quaker Buddhist Islamic Montessori and Steiner Waldorf schools to Maori and First Nations education in Canada and Palestinian Jewish schools in Israel **1999 Alternative Education Handbook** Mississippi. Alternative Education Advisory Committee, Mississippi. Department of Education, 2000* *World Yearbook of Education 2020* Julie Allan, Valerie Harwood, Clara Rübner Jørgensen, 2019-09-30 A timely contribution to the debate on educational

governance and equality the World Yearbook of Education 2020 documents the significant changes that have occurred in the last 20 years reflecting a widespread shift from government to governance Considering school context as well as specific school responses around the emergence of particular forms of governance this book presents and contextualises a clear historical account of governance and accountability within schooling Organised into three sections covering Changing contexts of school governance stakeholders and responsabilisation and radical governance carefully chosen contributors provide global insights from around the world They consider educational outcomes and closing the inequality gap and they document radical forms of governance at local level which have sought to create more equitable governance intelligent accountability and greater involvement of key stakeholders such as students Providing a series of provocations and reminders of the possibilities that remain open to us the World Yearbook of Education 2020 will be of interest to academics professionals and policymakers in education and school governance and any scholars who engage in historical studies of education and debates about educational governance and equality
