A Theory of Human Values Michael H. Mitias, 2025-07-05 In this book the author argues that human values do not fall from a metaphysical or physical sky nor do they fall from the mind of an ivory tower philosopher Firstly they originate from the human essence which emerges as a unique phenomenon from the natural process and inheres as a potentiality in the formal organization of the human body moreover the human essence emerges as a life force and seeks to exist and fulfill its destiny according to its nature Secondly the human essence does not emerge as a gift of nature to any particular society but to all the societies that comprise the human world Finally human values arise as an existential response to peremptory desires that express essential demands of the human essence as a primary impulse to human life *Atlas Shrugged* Ayn Rand, 2005-04-21 Peopled by larger than life heroes and villains charged with towering questions of good and evil *Atlas Shrugged* is Ayn Rand's magnum opus a philosophical revolution told in the form of an action thriller nominated as one of America's best loved novels by PBS's *The Great American Read* Who is John Galt When he says that he will stop the motor of the world is he a destroyer or a liberator Why does he have to fight his battles not against his enemies but against those who need him most Why does he fight his hardest battle against the woman he loves You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book You will discover why a productive genius becomes a worthless playboy why a great steel industrialist is working for his own destruction why a composer gives up his career on the night of his triumph why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill *Atlas Shrugged* a modern classic and Rand's most extensive statement of Objectivism her groundbreaking philosophy offers the reader the spectacle of human greatness depicted with all the poetry and power of one of the twentieth century's leading artists **Evil Dominion: Rise of the Red Hand** Seta Masters, Mine all mine The world is a frightening chaotic and unforgiving place Cruel men sit in their chairs high upon the hill and decide the world for us we who dare to be happy and live our lives in pursuit of our own goals But what if your goal was to be that cruel man Be the deadly threat be the force of evil be the Villain that fights the Heroes as you conquer this pitiful world and make all cower beneath your boot Could you take steps towards that goal Really Enter Zed A mysterious boy gifted with powers beyond the realm of meagre mortals who's goal is exactly that However all plans have to start somewhere and conquering the world isn't the easiest thing there could be You have to have a base for a start you have to have decent underlings you have to steal I mean raise enough money to fund your operations it's all a lot of work Not to mention the other Villains that want the world for themselves each slithering out from their dens and enacting their own devious plans until we defeat them claim their Dominions and bring all realms under our control So take your hand grasp the world and laugh maniacally because it's time to start the conquest It's time for the Red Hand to rise **The Audio Theater Guide** Robert L. Mott, 2014-11-26 This is a comprehensive guide to audio performance radio voice overs commercials live theater cartoons and more Topics include microphone acting vocal effects writing scripts manipulating emotions through

sound valuable tips for the director a long list of sound effects and how to do them and a series of commercials scenes and sketches for practicing one's skills
