MAJOR ARCANA TAROT CARDS' Secrets Esoterically Revealed William John Meegan, 2020-01-17 Eucharist Delivered directly from the altar of Christ *The Mysteries of Artemis of Ephesos* Guy MacLean Rogers, 2012-11-27 Artemis of Ephesos was one of the most widely worshiped deities of the Graeco Roman World Her temple the Artemision was one of the seven wonders of the ancient world and for more than half a millennium people flocked to Ephesos to learn the great secret of the mysteries and sacrifices that were celebrated every year on her birthday In this work Guy MacLean Rogers sets out the evidence for the celebration of Artemis s mysteries against the background of the remarkable urban development of the city during the Roman Empire and then proposes an entirely new theory about the great secret that was revealed to initiates into Artemis s mysteries The revelation of that secret helps to explain not only the success of Artemis s cult and polytheism itself but more surprisingly the demise of both and the success of Christianity Contrary to many anthropological and scientific theories the history of polytheism including the celebration of Artemis s mysteries is best understood as a Darwinian tale of adaptation competition and change **The Tarot Handbook** Angeles Arrien, 1997-10-13 In this updated edition of *The Tarot Handbook* now with a new introduction by the author Angeles Arrien takes tarot beyond the limits of the fortune telling realm and shows us how this time honored application is both a visual and symbolic map of consciousness and a source of ancient wisdom An exciting handbook for either a beginning or an ardent student of the tarot it contains a multitude of charts spreads illustrations of the Thoth Deck and other methodology tools for anyone looking for insights into personal and spiritual development An anthropologist who specializes in cross cultural myths Arrien demonstrates how the seventy eight figures of the tarot are portraiture and archetypes that are prevalent in the collective human experience The author teaches us to use this realization to look beyond our cultural viewpoint or bias when we approach the tarot and to rely

instead on these more important universal principles thereby deepening the quality and accuracy of our interpretations and expanding our awareness of the human psyche A significant and classic piece of tarot literature The Tarot Handbook is both a required manual for teachers and students of the subject and an accessible and fascinating exploration of cultural anthropology
