Kwan, 2013-11-19 Often the liberal movement has been viewed through the lens of its later German nationalism This presents only one facet of a wide ranging all encompassing project to regenerate the Habsburg Monarchy By analysing its various nuances this volume provides a new more positive interpretation of Austro German liberalism **Austrian Information**, 1981 *Michael Ondaatje: Haptic Aesthetics and Micropolitical Writing* Milena Marinkova, 2011-07-14 This study of selected literary and cinematic works by Michael Ondaatje investigates the political potential of the Canadian author s aesthetics Contributing to current debates about affect and representation ideology critique and the artwork trauma and testimony this book uses the concept of the haptic to demonstrate how Ondaatje s multisensory fluid and historically inflected writing can forge an enabling relationship between audience author and text This is where Ondaatje s micropolitics often misconstrued as ideologically suspect aestheticism emerges a praxis that intimates how one can write and read politically with a difference *Nation Building in Comparative Contexts* Karl Wolfgang Deutsch, William J. revival of the Soviet empire Motyl points out that the expansion of NATO and the European Union along with increasing globalization will isolate Russia and its neighbors promoting their dependence upon one another and perhaps facilitating the rise of the former core With boldly stated conclusions and concise analytical interpretations Imperial Ends cohesively illustrates to policymakers and social scientists alike the importance of possible imperial revivals and the rise of future empires *Political, international, social and economic aspects* Miloslav Rechcigl, 2019-03-18 No detailed description available for Political international social and economic aspects
