The wonder of man's ingenuity Rijksmuseum voor Volkenkunde, 2024-09-09 Yellowstone, Land of Wonders Jules Leclercq, 2020-04-01 In the summer of 1883 Belgian travel writer Jules Leclercq spent ten days on horseback in Yellowstone the world's first national park exploring myriad natural wonders astonishing geysers majestic waterfalls the vast lake and the breathtaking canyon He also recorded the considerable human activity including the rampant vandalism Leclercq's account of his travels is itself a small marvel blending natural history firsthand impressions scientific lore and anecdote Along with his observations on the park's long rumored fountains of boiling water and mountains of glass Leclercq describes camping near geysers washing clothes in a bubbling hot spring and meeting such diverse characters as local guides and tourists from the United States and Europe Notables including former president Ulysses S Grant and then president Chester A Arthur were also in the park that summer to inaugurate the newly completed leg of the Northern Pacific Railroad A sensation in Europe the book was never published in English This deft translation at long last makes available to English speaking readers a masterpiece of western American travel writing that is a fascinating historical document in its own right **The**

Arms and the Man, The Devil's Disciple, and Caesar and Cleopatra George Bernard Shaw, 2021 The three plays in this volume are some of George Bernard Shaw's most popular and frequently performed works They demonstrate the development of Shawian comedy and contain early formulations of his idea of the Superman an extraordinary individual who catalyzes the evolution of mankind *Arms and the Man* 1894 was Shaw's first commercial success and the first public confirmation that he could make playwriting his profession It is the first of what Shaw called his pleasant plays comedies that critique idealism in general rather than specific social problems as his earlier plays did Specifically Shaw undermines the romance of wartime courage reckless heroism and nationalist pride among British spectators while using the Serbo Bulgarian War of 1886 as an exotic veneer Shaw wrote *The Devil's Disciple* 1897 for William Terriss an actor known for his swashbuckling roles who had requested a play that would contain every surefire melodramatic situation mistaken identities terrifying adventures and last second escapes and frequent emotional outpourings *Caesar and Cleopatra* 1898 is Shaw's revision of Shakespeare's *Julius Caesar* and *Antony and Cleopatra* as well as a fusion of the pragmatism and unconventionality of the heroes of *Arms and the Man* and *The Devil's Disciple* into a portrait of jocular morally serious leadership

Abraham Joshua Heschel and the Sources of Wonder Michael Marmur, 2016-05-12 Abraham Joshua Heschel 1907-1972 was one of the twentieth century's most influential Jewish thinkers a respected theologian and enthusiastic civil rights activist who marched to Selma with Martin Luther King Jr His theology emphasized the immediacy of wonder and awe yet his writing was studded with signs of his vast knowledge of traditional scholarship No other Jewish thinker of note in the twentieth century used such a wide range of texts so extensively *Abraham Joshua Heschel and the Sources of Wonder* is the first book to demonstrate how Heschel's political intellectual and spiritual commitments were embedded in his reading of Jewish tradition By shedding new light on how Heschel's theological project reconciled the demands of tradition and the modern world Michael Marmur offers an inspirational lesson in how contemporary Jewish thought can embrace both the texts of the past and the challenges of the present

The Fate of Wonder Kevin M. Cahill, 2011-10-18 Kevin M Cahill reclaims one of Ludwig Wittgenstein's most passionately pursued endeavors to reawaken a sense of wonder around human life and language and its mysterious place in the world Following the philosopher's spiritual and cultural criticism and tying it more tightly to the overall evolution of his thought Cahill frames an original interpretation of Wittgenstein's engagement with Western metaphysics and modernity better contextualizing the force of his work Cahill synthesizes several approaches to Wittgenstein's life and thought He stresses the nontheoretical aspirations of the philosopher's early and later writings combining key elements from the so called resolute readings of the *Tractatus* with the

therapeutic readings of Philosophical Investigations Cahill shows how continuity in Wittgenstein's cultural and spiritual concerns informed if not guided his work between these texts and in his reading of the Tractatus Cahill identifies surprising affinities with Martin Heidegger's Being and Time a text rarely associated with Wittgenstein's early formulations In his effort to recapture wonder Wittgenstein both avoided and undermined traditional philosophy's reliance on theory As Cahill relates the steps of this bold endeavor he forms his own innovative analytical methods joining historicist and contextualist approaches to text based immanent readings The result is an original sustained examination of Wittgenstein's thought

Schmitz, 2005 In Nature's infinite book of secrecy A little I can read William Shakespeare Environmental degradation Globalization The closure of our public life to the transcendent dimensions of human existence For esteemed philosopher Kenneth Schmitz these are the by products of modernity and post modernity But The Recovery of Wonder is not a denunciation of modern philosophy Instead it seeks to point out what needs to be rethought at fundamental levels of our understanding and to show clearly how contemporary

social concerns can be illuminated by a new look at the history of philosophy While acknowledging the significant gains modernity and post modernity offer Western civilization in the areas of liberty and knowledge Schmitz sees in their arguments a superficiality that does not bite to the bone In *The Recovery of Wonder* he proposes we approach the world as a gift in order to regain the sense of wonder Shakespeare so eloquently recognized Herald of Gospel Liberty Elias Smith,1911 Asia in the Making of Europe, Volume II Donald F. Lach,2010-01-15 This is the second volume in a series that traces century by century the role of Asia in the making of Europe The rise to world dominance of the Western nations in modern times and the rapid industrial growth of the West which outpaced the East in technical and military achievements have led to a historical eclipse of the ancient and brilliant cultures of Asia Historian Donald F Lach in his influential scholarly work *Asia in the Making of Europe* points out that an eclipse is never permanent that this one was never total and that there was a period in early modern times when Asia and Europe were close rivals in brilliance and mutual influence
