*A Short Enquiry Concerning the Hermetic Art* Lover of Philaletha, Florence Farr, 1894      *The Hermetic Art* William W. Westcott, 1983-06      *Concerning the Hermetic Art* Lover Philalethes, 2017-09-26 Concerning the Hermetic Art is quite a good academic text exploring some primary sources from more than a century prior to its writing and detailing both some chemical and philosophical components of alchemy Complete with multiple quotes from multiple authors of alchemy to explain the content it is one of the more thorough investigations of the topic      **A Short Enquiry Concerning the Hermetic Art** W. Wynn Westcott, 2017-03-06 There is great reason to believe that this Enquiry into the Hermetic Art first published in 1714 led to the composition of the still more extended and more spiritually conceived volume the Suggestive Enquiry into the Hermetic Mystery and Alchemy which was published anonymously in 1850 This latter volume is an almost complete review of Alchemy on the spiritual plane This volume has a distinct reference to the science of Alchemy referred to the plane of human improvement although it is also definitely concerned with the equally possible though almost incredible power of transmutation upon the material plane The Collectanea Hermetica is a 10 volume set of Occult Hermetic books edited by William Wynn Westcott The volumes are as follows 1 Hermetic Arcanum 2 The Divine Pymander 3 A Short Enquiry Concerning the Hermetic Art 4 sch Mezareph 5 Somnium Scipionis 6 Chald an Oracles of Zoroaster 7 Euphrates or the Waters of the East 8 Egyptian Magic 9 Numbers 10 Sepher Yetzirah The volumes include several original translations commentaries and copious notes It is a valuable resource for all students of Hermeticism Alchemy Kabbalah and western esotericism in general      **A Short Enquiry Concerning the Hermetic Art** ,1714      **A Short Enquiry Concerning the Hermetic Art** Lover of Philaletha, 1894      *A short enquiry concerning the hermetic art* Robert Kelum, 1894      *MYSTICISM (Complete Edition)* Evelyn Underhill, 2023-12-01 Evelyn Underhill s *MYSTICISM Complete Edition* serves as a profound exploration into the intricacies of mystical experience and its significance within the spiritual journey Blending a rich tapestry of philosophy theology and psychology Underhill employs an elegant literary style that weaves historical context with personal insights The work meticulously examines various mystical traditions providing an accessible yet comprehensive overview of their practices and underlying principles Through her systematic analysis she elevates mysticism from a peripheral component of religious experience to a central pillar of spiritual understanding firmly situating her discussion within both Western and Eastern perspectives Evelyn Underhill was a pioneering figure in the study of mysticism a fact that deeply informs her authoritative voice in this text Born in 1875 she was a novelist poet and passionate scholar of religion who engaged with not only Christian mystics but also Sufism and the philosophies of the East Her personal contemplative practices and scholarly pursuits coalesce in this seminal work reflecting her pursuit of a unifying thread among diverse spiritual traditions *MYSTICISM Complete Edition* is highly recommended for scholars practitioners and seekers alike as it invites readers to deepen their understanding of mystical phenomena and encourages a reflective engagement with the

[Mysticism](#) Evelyn Underhill, 2018-11-01

Mysticism is one of most celebrated books on the subject The spirit of the book is romantic engaged and theoretical rather than historical or scientific Underhill has little use for theoretical explanations and the traditional religious experience formal classifications or analysis She dismisses William James pioneering study *The Varieties of Religious Experience* 1902 and his four marks of the mystic state ineffability noetic quality transience and passivity

Excerpt All men at one time or another have fallen in love with the veiled Isis whom they call Truth With most this has been a passing passion they have early seen its hopelessness and turned to more practical things But others remain all their lives the devout lovers of reality though the manner of their love the vision which they make to themselves of the beloved object varies enormously Some see Truth as Dante saw Beatrice an adorable yet intangible figure found in this world yet revealing the next

**Spirituality and the Occult** Brian Gibbons, 2013-07-04

Spirituality and the Occult argues against the widely held view that occult spiritualities are marginal to Western culture Showing that the esoteric tradition is unfairly neglected in Western culture and that much of what we take to be modern derives at least in part from this tradition it casts a fresh intriguing and persuasive perspective on intellectual and cultural history in the West Brian Gibbons identifies the influence and continued presence of esoteric mystical movements in disciplines such as medicine science philosophy Freudian and Jungian psychology radical political movements imaginative literature

**The Place of Enchantment** Alex Owen, 2006-12-15

By the end of the nineteenth century Victorians were seeking rational explanations for the world in which they lived The radical ideas of Charles Darwin had shaken traditional religious beliefs Sigmund Freud was developing his innovative models of the conscious and unconscious mind And anthropologist James George Frazer was subjecting magic myth and ritual to systematic inquiry Why then in this

quintessentially modern moment did late Victorian and Edwardian men and women become absorbed by metaphysical quests heterodox spiritual encounters and occult experimentation In answering this question for the first time *The Place of Enchantment* breaks new ground in its consideration of the role of occultism in British culture prior to World War I Rescuing occultism from its status as an irrational indulgence and situating it at the center of British intellectual life Owen argues that an involvement with the occult was a leitmotif of the intellectual avant garde Carefully placing a serious engagement with esotericism squarely alongside revolutionary understandings of rationality and consciousness Owen demonstrates how a newly psychologized magic operated in conjunction with the developing patterns of modern life She details such fascinating examples of occult practice as the sex magic of Aleister Crowley the pharmacological experimentation of W B Yeats and complex forms of astral clairvoyance as taught in secret and hierarchical magical societies like the Hermetic Order of the Golden Dawn Through a remarkable blend of theoretical discussion and intellectual history Owen has produced a work that moves far beyond a consideration of occultists and their world Bearing directly on our understanding of modernity her conclusions will force us to rethink the place of the irrational in modern culture An intelligent well argued and richly detailed work of cultural history that offers a substantial contribution to our understanding of Britain Nick Freeman Washington Times
