The Theater of Terrence McNally Peter Wolfe, 2013-10-17 This first book length work on Terrence McNally shows how his decades in the theater have refined his thoughts on subjects like growing up gay in mannish homophobic Texas Shakespeare's legacy in contemporary drama and the life giving power of forgiveness McNally believes

that the ability to forgive a challenge to even the most high minded confirms our humanity because the wrongs done to us usually don't deserve to be forgiven The author shows how McNally's impeccable timing his instinct for a good laugh line and his preference for physical sensation and character over plot helps him reveal both what's important to his people and why his people are important These revelations can shake up audiences while providing a great evening at the theater **A Study Guide for Terrence McNally's "Love! Horton Foote Gerald C. Wood, 2014-07-16 This study is the first general critical introduction to the writing of Horton Foote recipient of two Academy Awards and the Pulitzer Prize These original essays survey Foote's career his work for theater television and film with analysis of Foote's major themes and characteristic style in all three media The casebook

concludes with a list of Foote's produced work as well as a selective annotated bibliography of primary criticism on the playwright. This book demonstrates the influence of personal biography and Southern literature on Foote's career. The essayists also investigate the writer's contribution to American dramatic realism and independent filmmaking, emphasizing his experimentation with musical structure, de-dramatization, and complex subtexts. Foote's disarmingly simple stories with their radically understated language are explained in many articles as the product of the subtle influence of the psychological and religious views of the author.

The Theater of Terrence McNally Raymond-Jean Frontain, 2019-10-04 Terrence McNally's canon of plays, books for musicals, and opera libretti possesses such a breadth of subject matter and diversity of dramatic modes that critics have had difficulty assessing his accomplishment. This book is the first critical study to identify the four major stages of McNally's development in terms of his understanding of how theater helps the modern person trapped in a seemingly profane existence to find a gateway to the transcendent. Drawing upon such diverse religious thinkers as Martin Buber, Mircea Eliade, Ilia Delio, and Carter Heyward, Frontain analyzes the evolution of McNally's understanding of grace, not as a gift bestowed by an all-powerful deity upon a desperate soul, but as the unwarranted and thus all the more unusual act of devotion. McNally's phrase that one person performs for another. By seeking to foment community, most importantly at the height of the AIDS pandemic, McNally's theater itself proves to be a channel of grace. McNally's greatest success is shown to be the creation of a theater of empathy and compassion in contradistinction to Artaud's theater of cruelty and Albee's Americanization of the theater of the absurd.

The Methuen Drama Guide to Contemporary American Playwrights Christopher Innes, Peter Paul Schnierer, Martin Middeke, Matthew C. Among the many Tony, Obie, and Pulitzer prize-winning playwrights included are Sam Shepard, Tony Kushner, Suzan-Lori Parks, August Wilson, Paula Vogel, and Neil LaBute. Modern Dramatists Kimball King, 2013-04-03 This comprehensive collection gathers critical essays on the major works of the foremost American and British playwrights of the 20th century, written by leading figures in drama performance studies.

Edward Albee Bruce Mann, 2004-11-23 From the angry young man who wrote *Who's Afraid of Virginia Woolf?* in 1962, determined to expose the emptiness of American experience, to *Tiny Alice*, which reveals his indebtedness to Samuel Beckett and Eugene Ionesco's *Theatre of the Absurd*, Edward Albee's varied work makes

it difficult to label him precisely Bruce Mann and his contributors approach Albee as an innovator in theatrical form filling a critical gap in theatrical scholarship *Muse of Fire* Terrence McNally,2020-11-25 Acclaimed playwright Terrence McNally's works are characterized by such diversity that critics have sometimes had difficulty identifying the pattern in his career To redress this problem in *Muse of Fire* Raymond Jean Frontain has collected McNally's most illuminating meditations on the need of the playwright to first change hearts in order to change minds and thereby foster a more compassionate community When read together these various meditations demonstrate the profound ways in which McNally himself functioned as a member of the theater community as a strikingly original dramatic voice as a generous collaborator and even as the author of eloquent memorials These pieces were originally written to be delivered on both highly formal occasions academic commencement exercises award ceremonies memorial services and as off the cuff comments at highly informal gatherings like a playwriting workshop at the New School They reveal a man who saw theater not as the vehicle for abstract ideas or the platform for political statements but as the exercise of our shared humanity Theatre is collaborative but life is collaborative McNally says Art is important to remind us that we're not alone and this is a wonderful world and we can make it more wonderful by fully embracing each other I don't know why it's so hard to remind ourselves sometimes but thank God we've had great artists who don't let us forget And thank the audiences who support them because I think that those artists' true mission has been to bring the barriers down break them down not build walls but tear them down *American Writers* Elizabeth H. Oakes,2004 *American Writers* focuses on the rich diversity of American novelists Contemporary Gay American Poets and Playwrights Emmanuel S. Nelson,2003-06-30 Gay presence is nothing new to American verse and theater Homoerotic themes are discernible in American poetry as early as the 19th century and identifiably gay characters appeared on the American stage more than 70 years ago But aside from a few notable exceptions gay artists of earlier generations felt compelled to avoid sexual candor in their writings Conversely most contemporary gay poets and playwrights are free from such constraints and have created a remarkable body of work This reference is a guide to their creative achievements Alphabetically arranged entries present 62 contemporary gay American poets and dramatists While the majority of included writers are younger artists who came of age in the post-Stonewall U.S. some are older authors whose work has continued or persisted into recent decades A number of these writers are well known including Edward Albee Harvey Fierstein and Allen Ginsberg Others such as Alan Bowne Timothy Liu and Robert O'Hara merit wider recognition Each entry is written by an expert contributor and includes a biography a discussion of major works and themes an overview of the author's critical reception and primary and secondary bibliographies **Modern American Drama: Playwriting in the 1990s** Sharon Friedman,Cheryl Black,2019-11-14 The *Decades of Modern American Playwriting* series provides a comprehensive survey and study of the theatre produced in each decade from the 1930s to 2009 in eight volumes Each volume equips readers with a detailed understanding of the context from which work emerged an introduction considers life

in the decade with a focus on domestic life and conditions social changes culture media technology industry and political events while a chapter on the theatre of the decade offers a wide ranging and thorough survey of theatres companies dramatists new movements and developments in response to the economic and political conditions of the day The work of the four most prominent playwrights from the decade receives in depth analysis and re evaluation by a team of experts together with commentary on their subsequent work and legacy A final section brings together original documents such as interviews with the playwrights and with directors drafts of play scenes and other previously unpublished material The major playwrights and their plays to receive in depth coverage in this volume include Tony Kushner *Angels in America* A Gay Fantasia on National Themes Part One and Part Two 1991 Slavs Thinking About the Longstanding Problems of Virtue and Happiness 1995 and A Dybbuk or Between Two Worlds 1997 Paula Vogel *Baltimore Waltz* 1992 *The Mineola Twins* 1996 and *How I Learned to Drive* 1997 Suzan Lori Parks *The Death of the Last Black Man in the Whole Entire World* 1990 *The America Play* 1994 and *Venus* 1996 Terrence McNally *Lips Together Teeth Apart* 1991 *Love Valour Compassion* 1997 and *Corpus Christi* 1998
