Terrible Sociability The Text Of Manners In Laclos Goethe And James:

Terrible Sociability Susan Winnett,1993-09-01 This is a book about the novel of manners or mondanité as a form. It examines how the customs, mores and rules of personal intercourse allow novelists to write about precisely those aspects of human experience that are quite unmannerly. Readings of Laclos's *Dangerous Liaisons*, Goethe's *Elective Affinities* and Henry James's *The Golden Bowl* show how each text addresses the manners of organizing society in such a way as to engage the issues that most threaten the novel of manners itself. Because manners are ostensibly conservative, these works manifest a productive tension between their conventions of representation and overt ideological concerns on the one hand and their hidden agendas on the other. Winnett not only shows how each novelist uses a particular set of formal conventions to articulate a theme he would not have been able to treat directly but also what it means to choose manners to represent concerns that manners would seem to proscribe.

Terrible Sociability Susan Beth Winnett,1989 **Voegelinian Readings of Modern Literature** Charles R. Embry,2011-05-16 These essays supply a theoretical grounding for the reading of novels, poems and plays and reveal how the Voegelinian perspective exposes the existential and philosophical dimensions of the literary works themselves. As a unit, this collection of essays shows how modern pieces of literature can symbolize their creators' participation in the human search for the truth of existence just as myths, philosophical works and religious texts always have. Voegelin's primary concern as a philosopher was to expose the roots of the disturbances of the modern era: religious conflict, imperialism, war, so that the sources of order leading to meaning are revealed. The openness of Voegelinian thought and the many ways he considered the levels of reality generate intriguing themes for literary criticism.

Encyclopedia of the Novel Paul Schellinger,2014-04-08 The *Encyclopedia of the Novel* is the first reference book that focuses on the development of the novel throughout the world. Entries on individual writers assess the place of that writer within the development of the novel form, explaining why and in exactly what ways that writer is important. Similarly, an entry on an individual novel discusses the importance of that novel, not only from analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre. A wide range of topic entries explore the history, criticism, theory, production, dissemination and reception of the novel. A very important component of the *Encyclopedia of the Novel* is its long surveys of development of the novel in various regions of the world.

Terrible Sociability Susan Beth Winnett,1982 Performing the Everyday in Henry James's Late Novels Maya Higashi Wakana,2016-05-13 Focusing on James's last three completed novels *The Ambassadors*, *The Wings of the Dove* and *The Golden Bowl*, Maya Higashi Wakana shows how a microsociological approach to James's novels radically revises the widespread tradition of putting James's characters into historical and cultural contexts. Wakana begins with the premise that day-to-day living is inherently theatrical and thus duplicitous and goes on to show that James's art relies significantly on his powerful sense of the agonizing and even dangerous complications of mundane face-to-face rituals that pervade his work.

Centrally informed by social thinkers such as G H Mead and Erving Goffman Wakana's study discloses the richness complexity and singularity of the interpersonal connections depicted in James's late novels Persuasively argued and rich in original close readings her book makes an important contribution to James's studies and to theories of social interaction

Prospects for the Study of American Literature Richard Kopley, 1997-08 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain **Bad Form** Kent Puckett, 2013-01-31 Bad Form argues that the social mistake the blunder the gaffe the faux pas is crucial to the structure of the nineteenth century novel **Models of Reading** Martha J. Koehler, 2005 Models of Reading will be of interest to Richardson Burney and Laclos scholars as well as specialists in the history of the novel the culture of sensibility epistolary fiction gender and theories of reading Koehler's arguments incorporate much recent criticism of eighteenth century fiction making this study a useful compendium even beyond the value of its own findings Jacket **Textual Promiscuities** Antoinette Marie Sol, 2002 Drawing on correspondence novels literary criticism and other documents by Riccoboni Laclos and Burney Antoinette Sol demonstrates how these novelists traditionally separated by nationality gender and genre are in fact concerned with similar issues of individual authority and social criticism She shows how arbitrary literary categorization of these writers as sentimental or libertine has kept their work from a reading which reveals their commonalities BOOK JACKET **Reception Study** James L. Machor, Philip Goldstein, 2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company **A History of Feelings** Rob Boddice, 2019-03-15 What does it mean to feel something What stimulates our desires aspirations and dreams Did our ancestors feel in the same way as we do In a wave of new research over the past decade historians have tried to answer these questions seeking to make sense of our feelings passions moods emotions and sentiments For the first time however Rob Boddice brings together the latest findings to trace the complex history of feelings from antiquity to the present A History of Feelings is a compelling account of the unsaid the gestural affective and experiential Arguing that how we feel is the dynamic product of the existence of our minds and bodies in moments of time and space Boddice uses a progressive approach that integrates biological anthropological and social and cultural factors describing the transformation of emotional encounters and individual experiences across the globe The work of one of the world's leading scholars of the history of emotions this epic exploration of our affective life will fascinate

enthrall and move all of us interested in our own well being anyone with feeling **Before Fiction** Nicholas D.

Paige,2011-08-16 Fiction has become nearly synonymous with literature itself as if Homer and Dante and Pynchon were all engaged in the same basic activity But one difficulty with this view is simply that a literature trafficking in openly invented characters is a quite recent development Novelists before the nineteenth century ceaselessly asserted that their novels were true stories and before that poets routinely took their basic plots and heroes from the past We have grown accustomed to thinking of the history of literature and the novel as a progression from the ideal to the real Yet paradoxically the modern triumph of realism is also the triumph of a literature that has shed all pretense to literalness Before Fiction The Ancien R gime of the Novel offers a new understanding of the early history of the genre in England and France one in which writers were not slowly discovering a type of fictionality we now take for granted but rather following a distinct set of practices and rationales Nicholas D Paige reinterprets Lafayette s La Princesse de Cl ves Rousseau s Julie ou la Nouvelle H lo se Diderot s La Religieuse and other French texts of the seventeenth and eighteenth centuries in light of the period s preoccupation with literal truth Paige argues that novels like these occupied a place before fiction a pseudofactual realm that in no way leads to modern realism The book provides an alternate way of looking at a familiar history and in its very idiom and methodology charts a new course for how we should study the novel and think about the evolution of cultural forms **Writing Back**

Susan Winnett,2012-12-15 Explore the shock of the new and the familiar experienced by well known expatriate writers when they returned to the United States The migration of American artists and intellectuals to Europe in the early twentieth century has been amply documented and studied but few scholars have examined the aftermath of their return home Writing Back focuses on the memoirs of modernist writers and intellectuals who struggled with their return to America after years of living abroad Susan Winnett establishes repatriation as related to but significantly different from travel and exile She engages in close readings of several writers in exile including Henry James Harold Stearns Malcolm Cowley and Gertrude Stein Writing Back examines how repatriation unsettles the self construction of the returning absentee by challenging the fictions of national and cultural identity with which the writer has experimented during the time abroad As both Americans and expatriates these writers gained a unique perspective on American culture particularly in terms of gender roles national identity artistic self conception mobility and global culture **Janeites** Deidre Lynch,2020-07-21 Over the last decade as

Jane Austen has moved center stage in our culture onto best seller lists and into movie houses another figure has slipped into the spotlight alongside her This is the Janeite the zealous reader and fan whose devotion to the novels has been frequently invoked and often derided by the critical establishment Jane Austen has long been considered part of a great literary tradition even legitimizing the academic study of novels However the Janeite phenomenon has not until now aroused the curiosity of scholars interested in the politics of culture Rather than lament the fact that Austen today shares the headlines with her readers the contributors to this collection inquire into why this is the case ask what Janeites do and explore the

myriad appropriations of Austen adaptations reviews rewritings and appreciations that have been produced since her lifetime The articles move from the nineteenth century lending library to the modern cineplex and discuss how novelists as diverse as Cooper Woolf James and Kipling have claimed or repudiated their Austenian inheritance As case studies in reception history they pose new questions of long loved novels as well as new questions about Austen's relation to Englishness about the boundaries between elite and popular cultures and amateur and professional readerships and about the cultural work performed by the realist novel and the marriage plot The contributors are Barbara M Benedict Mary A Favret Susan Fraiman William Galperin Claudia L Johnson Deidre Lynch Mary Ann O Farrell Roger Sales Katie Trumpener and Clara Tuite
