**West** Federico Lorenzo Ramaioli, 2024-01-01 This comparative philosophy of law book aims at formulating a new analytical approach to the Islamic legal tradition based on juridical categories a concept that facilitates comprehension and understanding of juridical phenomena Building upon legal comparativism and legal pluralism this project intends to avoid bias caused by universalizing Western categories when analyzing foreign juridical notions which inevitably results in the miscomprehension of non Western ideas and institutions Unlike existing literature this project will not focus on substantive comparisons between normative contents but on the juridical perspectives that helped to shape the Islamic and Western legal orders The book focuses on the most relevant juridical questions regarding the Islamic and Western legal perspectives such as the different visions regarding juridical spatiality the role of human reason and the relationship between law man and the divinity While contributing to legal philosophy this work intends also to develop and define a new interdisciplinary approach aiming to provide a starting point for novel analyses in research fields such as legal comparativism legal pluralism and constitutional law Finally by formulating a new interdisciplinary approach it will provide a foundational discussion of a

**The End of Reciprocity** Mark Osiel, 2009-03-09 Why should America restrain itself in detaining interrogating and targeting terrorists when they show it no similar forbearance Is it fair to expect one side to fight by more stringent rules than the other placing itself at disadvantage Is the disadvantaged side then permitted to use the tactics and strategies of its opponent If so then America s most controversial counterterrorism practices are justified as commensurate responses to indiscriminate terror Yet different ethical standards prove entirely fitting the author finds in a conflict between a network of suicidal terrorists seeking mass atrocity at any cost and a constitutional democracy committed to respecting human dignity and the rule of law The most important reciprocity involves neither uniform application of fair rules nor their enforcement by a simple minded tit for tat Real reciprocity instead entails contributing to an emergent global contract that encompasses the law of war and from which all peoples may mutually benefit
