## **Terror In Bridgling:**

*Bridging Sonic Borders* Sharina Maíllo-Pozo, 2025-05-20 How music depicted in literature shapes Dominican and Dominican New Yorkers identities and links the homeland to the diaspora Music has played a large role in recent Dominican literature whether of the island or the diaspora *Bridging Sonic Borders* explores this sonic connection linking the homeland and far flung locales especially New York the center of Dominican cultural production in the United States Sharina Maíllo Pozo argues that literary representations of popular music delineate a shared aesthetic territory for US and Caribbean Dominicans fostering an inclusive and transnational Dominicanidad Examining works written in Spanish English and Dominicanish Maíllo Pozo focuses on Dominican Dominican New York writings that have nurtured a borderless aesthetics through their shared investment in hip hop jazz blues pop rock and merengue For Dominican writers popular music has become a way of exploring memory and nostalgia and a means of centering people rejected from hegemonic identity formation the working class those of African descent rural and queer people For example many works focused on the life of rocker Luis Terror D as have emphasized the in between identity of being both Dominican and a New Yorker Collectively these writings have created a space in which boundaries of nation and diaspora are revealed for their fundamental porosity

*Terrorism: Bridging the Gap with Peace and Conflict Studies* Ioannis Tellidis, Harmonie Toros, 2016-01-08 This book opens up the discussion of the interrelation between terrorism studies and peace and conflict studies The aim is to examine the instances and circumstances under which both fields can benefit from each other Even though it is often accepted that terrorism is a form of political violence it is also quite frequent that research on the topic is dismissed when it is approached with conflict analysis frames More importantly policy approaches continue to inhibit obstruct and reject frameworks that are concerned with the transformation and resolution of terrorist conflicts partly because they see the state as the ultimate referent object to be secured At the same time peace and conflict studies seem to be excessively focused on problem solving approaches which overemphasise the role of parity during negotiations and misdiagnose the distribution of power both within conflicts as well as within conflict management resolution and or transformation approaches This book was published as a special issue of *Critical Studies on Terrorism*

**Terror, Security, and Money** John Mueller, Mark G. Stewart, 2011-10-07 In seeking to evaluate the efficacy of post 9 11 homeland security expenses which have risen by more than a trillion dollars not including war costs the common query has been Are we safer This however is the wrong question Of course we are safer the posting of a single security guard at one building's entrance enhances safety The correct question is Are any gains in security worth the funds expended In this engaging readable book John Mueller and Mark Stewart apply risk and cost benefit evaluation techniques to answer this very question This analytical approach has been used throughout the world for decades by regulators academics and businesses but as a recent National Academy of Science study suggests it has never been capably applied by the people administering homeland security funds Given the limited risk terrorism presents expenses meant to

lower it have for the most part simply not been worth it For example to be considered cost effective increased American homeland security expenditures would have had each year to have foiled up to 1 667 attacks roughly like the one intended on Times Square in 2010 more than four a day Cataloging the mistakes that the US has made and continues to make in managing homeland security programs Terror Security and Money has the potential to redirect our efforts toward a more productive and far more cost effective course

*The Unsung Song* Scott Alisauskas,2020-12-22 It s a good thing you found this book when you did As it is written for you the person who loves music and lyrics and putting the two together to create beautiful works of art The book you are holding in your hands right now is one of the most dynamic expressions of the modern day poet otherwise known as a lyricist Herein lies not just words but words that captivate your senses catapult your imagination and palpitate sensations you never knew you had These lyrical twists and turns tell stories that make you laugh pull at your heartstrings push your imagination to the brim of existence and takes you on a journey to the center of your mind Listen as a whirlwind of characters come to life before your ears and eyes It s just another hungry day in our hometown of thieves begging the blind for some sweet sunshine All is lost if nothing s found She was a butterfly by day and a firefly by night Take me to your island before all my passion drowns I ve been waiting for your lonely tides to capture seasons out of time Fold your gentle majesty into lone soliloquies There are also eighty songs inspired by Jim Morrison and fifty songs worth of lyrics inspired by Emily Dickinson and a tribute to others section Let these musical lyrical rhymes be your guiding light on your way toward shining your own light

**Terrorist Bridge Bomber** Herman Willett,2010-06-12 At a set time every bridge across the Mississippi river is blown up in unison including rail transport bridges As the investigation starts into the destruction of a major cross country transportation and cargo system smaller events continue across the United States then cause a total collapse of cross country transpiration and commerce

**Remote Warfare** Rebecca A. Adelman,David Kieran,2020-10-27 Considers how people have confronted challenged and resisted remote warfare Drone warfare is now a routine if not predominant aspect of military engagement Although this method of delivering violence at a distance has been a part of military arsenals for two decades scholarly debate on remote warfare writ large has remained stuck in tired debates about practicality efficacy and ethics Remote Warfare broadens the conversation interrogating the cultural and political dimensions of distant warfare and examining how various stakeholders have responded to the reality of state sponsored remote violence The essays here represent a panoply of viewpoints revealing overlooked histories of remoteness novel methodologies and new intellectual challenges From the story arc of Homeland to redefining the idea of a warrior these thirteen pieces consider the new nature of surveillance similarities between killing with drones and gaming literature written by veterans and much more Timely and provocative Remote Warfare makes significant and lasting contributions to our understanding of drones and the cultural forces that shape and sustain them Contributors Syed Irfan Ashraf U of Peshawar Pakistan Jens Borrebye Bjerling U of Southern Denmark Annika Brunck U of T bingen David A Buchanan U S Air Force

Academy Owen Coggins Open U Andreas Immanuel Graae U of Southern Denmark Brittany Hirth Dickinson State U Tim Jelfs U of Groningen Ann Katrine S Nielsen Aarhus U Nike Nivar Ortiz U of Southern California Michael Richardson U of New South Wales Kristin Shamas U of Oklahoma Sajdeep Soomal Michael Zeitlin U of British Columbia     **Highway Bridge**

**under Collision and Explosion** Hao Wu, Yuehua Cheng, Liangliang Ma, 2024-08-19 This book presents comprehensive experimental numerical and theoretical studies on the highway bridge under collision and explosion Highway bridge is one of the significant civil infrastructures of public transportation which plays an important role in the sustained and stable growth of the national economy However with the development of the transportation industry and bridge construction the risks of accidental vehicle and vessel bridge collisions as well as the explosion during the whole service life of the bridge are also increasing Therefore the damage assessment and protective design of the highway bridge have become the concerned topic in the field of bridge engineering in recent years The book is intended for researchers and graduate students majoring in bridge engineering and protective engineering as well as professional engineers working in the field of bridge design     A

*Forensic Approach to Political and State Violence* David Crighton, 2025-07-25 A Forensic Approach to Political and State Violence applies a forensic lens to the study of risk in relation to political and state violence Divided into three parts the book outlines the nature and function of political and state violence and the historic development of contributions from forensic practice It then considers the distinction between political and state violence and the foundations for this This is followed by a review of developments of current research and practice looking at future development and the ways in which forensic practice might more effectively contribute to risk reduction and management The text will argue that the basis of much current forensic practice in relation to political and state violence is unduly limited and has failed to integrate relevant scientific research into practice The role of market led approaches to work in these areas will also be considered in relation to the way this has influenced and distorted practice and delayed progress Drawing on theories derived from psychology and other areas of research the book considers how evidence might inform improvements using the risks and uncertainties that surround politically motivated violence to illustrate this Real cases of political and state violence are considered with topics including military conflict terrorism use of torture and hostage taking to highlight current failings and weaknesses Barriers to implementing better forensic practice in terms of both professional economic and policy interests are also explored It will be an essential read for all students or practitioners in the areas of forensic psychology criminal justice or violence risk management     **Trail to the Interior** R. M. Patterson, 2011-02-01 Reliving the adventures of past explorers Trail to the

Interior is R M Patterson s rich account of exploration and personal adventure in the Cassiar district of British Columbia The trail is the historic track from Wrangell Alaska along the Stikine and Dease rivers and across the height of the land into the valleys of the Liard and the Mackenzie Explorers and traders of the Hudson s Bay Company and the Russian American Company had ventured this river route and Raymond Patterson followed in their footsteps     **The Brooklyn Bridge**

Richard Haw, 2005 Bringing together more than sixty images of the bridge that over the years have graced postcards magazine covers and book jackets and appeared in advertisements cartoons films and photographs Haw traces the diverse and sometimes jarring ways in which this majestic structure has been received adopted and interpreted as an American idea Haw's account is not a history of how the bridge was made but rather of what people have made of the Brooklyn Bridge in film music literature art and politics from its opening ceremonies to the blackout of 2003 **BOOK JACKET**

**Scapegoats of September 11th** Michael Welch, 2006 Argues that the war on terror is a political charade that delivers illusory comfort stokes fear and produces scapegoats used as emotional relief Drawing on topics such as the Abu Ghraib scandal Guantanamo Bay and the controversial Patriot Act this work looks at the significance of knowledge language and emotion in a post 9 11 world

**Regional Economic Impacts of Terrorist Attacks, Natural Disasters and Metropolitan Policies** Harry W. Richardson, Qisheng Pan, JiYoung Park, James E. Moore II, 2015-02-25 This book presents a multiregional input output model for the metropolitan area of Southern California which helps to estimate the economic impact of simulated terrorist attacks on seaports malls etc as well as of natural disasters such as earthquakes and tsunamis The authors also analyze the economic and social effects of metropolitan policies such as growth controls neighborhood gentrification or road congestion charges The model presented in the book has evolved over a period of 25 years and requires a very substantial computer capacity

**Haunted Bridges** Rich Newman, 2016-09-08 Restless Spirits and Supernatural Thrills More than 300 bridges with eerie phenomenon that span space and time Across the country hundreds of bridges harbor some of the creepiest paranormal activity known to man Invisible hands reach out and touch unsuspecting travelers Residual ghosts haunt scenes of murders accidents hangings and suicides At some bridges a voice cries out in the darkness that sends a chill down the spine of anyone who hears it Haunted Bridges tells the kinds of stories that are told in hushed tones around hearths and campfires as we ponder the unknown late into the night The stories are at once mesmerizing unique and unexpectedly familiar as if we all know deep down that fate keeps some spirits bound to earth If you can endure the fear and you don't look away you will experience the dread and mystery of the unexplained Cities and states are listed for 324 public locations so readers can look up specific bridges

**Preventing the Maritime Facilitation of Terrorism** Robin Bowley, 2022-12-30 In the aftermath of the 9 11 attacks concerns that terrorists might utilise vessels to transport weaponry terrorist operatives and or to finance their activities prompted several international legal developments This book evaluates the extent to which the international maritime security measures developed following the 9 11 attacks would be likely to prevent the utilisation of vessels to facilitate terrorist activities It considers the likely effectiveness of the International Ship and Port Facility Security Code for improving vessel and port security and the 2005 Protocol to the Convention for the Suppression of Unlawful Acts Against Maritime Navigation in facilitating the interdiction of suspected terrorist vessels It also explains how the US led Proliferation Security Initiative a cooperative effort through which participant governments agree to prevent the illicit transfers of

Weapons of Mass Destruction and related materials has provoked debate about the legality of vessel interdictions under the United Nations Convention on the Law of the Sea the LOSC After exploring alternative interpretations of the LOSC and states self defence rights under Article 51 of the Charter of the United Nations it formulates suggested guidelines for the unilateral interdiction of suspected terrorist support vessels in exceptional circumstances The book also discusses the relevant recommendations by the OECD s Financial Action Taskforce for preventing the financing of terrorism and the national maritime security legislation for preventing the maritime facilitation of terrorist activities in the United Kingdom and in Australia The book concludes by emphasising the importance of the continual active implementation of ship port facility and supply chain security measures and of further enhancing international cooperation to facilitate vessel interdictions It will be of interest to those working in the areas of Law and Terrorism Law of the Sea Maritime Law and Insurance and International Law *Railway Locomotives and Cars* ,1891 National Economic Impact Analysis of Terrorist Attacks and Natural Disasters Harry W. Richardson, JiYoung Park, James E. Moore II, Qisheng Pan, 2014-11-28 A unique contribution towards mitigation is offered in this book which develops a national economic impact model to estimate the effects of simulated terrorist attacks and real world natural disasters on individual US States and economic sectors The

**Blast-resistant Highway Bridges** Eric B. Williamson, 2010 Explores code ready language containing general design guidance and a simplified design procedure for blast resistant reinforced concrete bridge columns The report also examines the results of experimental blast tests and analytical research on reinforced concrete bridge columns designed to investigate the effectiveness of a variety of different design techniques **Understanding Terrorism** Yaser Esmailzadeh, 2024-11-27 Terrorism is a relentless phenomenon that continues to haunt the human race affecting societies across the world While the world continues to interconnect with one another terrorism too continues to evolve adapting to the changing contours of political social and economic landscapes This book focuses on the political economic psychological social and cultural factors that underpin terrorism shedding light on the conditions and motivations that give rise to such acts As such the book aims to equip readers with the necessary knowledge and tools to comprehend this complex phenomenon as well as providing the necessary knowledge to contribute to informed debates on counter terrorism The case studies that are written in this book will help readers understand the complex dynamics at play as well as the many different concepts of terrorism itself With this it is with hope that future generations may use this book as a basis to explore the potential emergence of other waves of terrorism and to develop advanced prospects for effective counterterrorism in the face of these evolving challenges

Terrorism ,1979 Bridge Lauren Beukes, 2023-09-15 In infinite parallel universes there s a version of you who already has everything you ve ever wanted But 24 year old drop out Bridge is paralysed by all the other lives she could have lived the choices she could have made and now whoever she s supposed to be in the wake of her mother s premature death They always had a complicated relationship Jo was the teenage runaway turned maverick neuroscientist who threw everything

away chasing after an impossibility a mysterious artefact the dreamworm that allows you to switch between realities And now she's dead and any chance of reconciliation with her is gone But is Jo really gone or only in this universe When Bridge and her best friend Dom stumble on the dreamworm which does indeed open the doors to other worlds otherselves she becomes convinced her mom is lost out there But the dreamworm is more dangerous than she can imagine and she's not the only one hunting across time and space Page turning and ambitious Bridge is a dazzlingly inventive speculative thriller with an unforgettable cast of characters and the work of a novelist at the height of her powers
