The Portal Dean hamilton,2023-04-28 Hamilton creates an effective and growing sense of mystery Kirkus The Portal Only an Ocean Apart is a distinctly original journey into where life on Earth began and where we go after death Based on scientific theory combined with faith that humans can connect across alternate dimensions Dean Hamilton s first novel reads more like reality than fiction After the tragic death of his parents at sea wealthy socialite and playboy Cole Hollingsworth is set to take over his father s publishing empire but when childhood schoolmate Lindsay Featherstone now an accomplished researcher

and oceanographer reenters his life Cole's world along with everything he knew to be true about his life love and second chances is about to be turned upside down Who is Lindsay really What does she want with Cole And perhaps most intriguing of all has she found the key to all of life and death and the mysteries of the afterlife in the deepest reaches of the ocean's floor The pair embark on a journey to find out the truth about Cole's parents What they discover along the way will not only transform them but will trigger the beginning of a global transformation humanity could not have possibly foreseen **The Evidence and Impact of Financial Globalization** Gerard Caprio, 2012-11-27 The sharp realities of financial globalization become clear during crises when winners and losers emerge Crises usher in short and long term changes to the status quo and everyone agrees that learning from crises is a top priority The Evidence and Impact of Financial Globalization devotes separate articles to specific crises the conditions that cause them and the longstanding arrangements devised to address them While other books and journal articles treat these subjects in isolation this volume presents a wide ranging consistent yet varied specificity Substantial authoritative and useful these articles provide material unavailable elsewhere Substantial articles by top scholars sets this volume apart from other information sources Rapidly developing subjects will interest readers well into the future Reader demand and lack of competitors underline the high value of these reference works
