Leloudis,2011-01-20 When Governor Terry Sanford established the North Carolina Fund in 1963 he saw it as a way to provide a better life for the tens of thousands whose family income is so low that daily subsistence is always in doubt Illustrated with evocative photographs by Billy Barnes *To Right These Wrongs* offers a lively account of this pioneering effort in America s War on Poverty Robert Korstad and James Leloudis describe how the Fund s initial successes grew out of its reliance on private philanthropy and federal dollars and its commitment to the democratic mobilization of the poor Both were calculated tactics designed to outflank conservative state lawmakers and entrenched local interests that nourished Jim Crow perpetuated one party politics and protected an economy built on cheap labor By late 1968 when the Fund closed its doors a resurgent politics of race had gained the advantage led by a Republican Party that had reorganized itself around opposition to civil rights and aid to the poor The North Carolina Fund came up short in its battle against poverty but its story continues to be a source of inspiration and instruction for new generations of Americans [The Political Career of W. challenge Christensen argues that enabled North Carolina to rise from poverty in the nineteenth century to become a leader in research education and banking in the twentieth In this new paperback edition Christensen provides updated coverage of recent changes in North Carolina s political landscape including the scandals surrounding John Edwards and Mike Easley the defeat of U S senator Elizabeth Dole the election of the state s first woman governor and voters approval of an African American candidate for president The book provides an overview of the run up to the 2010 elections and explains how North Carolina has become arguably the most politically competitive state in the South *Congressional Record* United States. Without Precedent Anna R. Hayes,2009-06-01 The first woman judge in the state of North Carolina and the first woman in the United States to be elected chief justice of a state supreme court Susie Marshall Sharp 1907 1996 broke new ground for women in the legal profession When she retired in 1979 she left a legacy burnished by her tireless pursuit of lucidity in the law honesty in judges and humane conditions in prisons Anna Hayes presents Sharp s career as an attorney distinguished judge and politician within the context of the social mores the legal profession and the political battles of her day illuminated by a careful and revealing examination of Sharp s family background private life and personality Judge Sharp was viewed by contemporaries as the quintessential spinster who had sacrificed marriage and family life for a successful career The letters and journals she wrote throughout her life however reveal that Sharp led a rich private life in which her love affairs occupied a major place unsuspected by the public or even her closest friends and family With unrestricted access to Sharp s abundant journals papers and notes Anna Hayes uncovers the story of a brilliant woman who transcended the limits of her times who opened the way for women who followed her and who improved the quality of justice for the citizens of her state Without Precedent also tells the story of a complicated woman at once deeply conservative and startlingly modern whose intriguing self contradictions reflect the complexity of human nature **James B. Hunt** Wayne Grimsley,2003 Democrat James B Hunt had a long career in politics serving as governor of North Carolina from 1977 through 1985 and then again from 1993 through 2001 He not only exemplified the progressive tradition of earlier North Carolina governors but transformed the tradition to embrace a concern for minorities women s rights and consumer issues This biography of James B Hunt begins with a discussion of the influence of his father a hard driving federal official who demanded much from his oldest son his mother a college educated teacher who encouraged him to study and work hard and his hometown of Rock Ridge where he developed his strong community ethic but had to deal with the town s support for racial segregation and tobacco It chronicles his years at North Carolina State College where he was student president for two terms his transformation from a campaign volunteer for Terry Sanford to a political insider at both the state and national levels and his close relationships with Sanford and his key adviser Bert Bennett The author then discusses how Hunt still unknown to most of the public defeated candidates with more campaign money to become lieutenant governor of the state in 1972 and describes his first two successful campaigns for the governorship and the actions he took and programs he

implemented in his first term as governor **Race and Education in North Carolina** John E. Batchelor, 2015-12-16 The separation of white and black schools remained largely unquestioned and unchallenged in North Carolina for the first half of the twentieth century yet by the end of the 1970s the Tar Heel State operated the most thoroughly desegregated school system in the nation In *Race and Education in North Carolina* John E Batchelor a former North Carolina school superintendent offers a robust analysis of this sea change and the initiatives that comprised the gradual and often reluctant desegregation of the state s public schools In a state known for relative racial moderation North Carolina government officials generally steered clear of fiery rhetorical rejections of *Brown v Board of Education* in contrast to the position of leaders in most other parts of the South Instead they played for time staving off influential legislators who wanted to close public schools and provide vouchers to support segregated private schools instituting policies that would admit a few black students into white schools and continuing to sanction segregation throughout most of the public education system Litigation primarily initiated by the NAACP and the Civil Rights Act of 1964 created stronger mandates for progress and forced government officials to accelerate the pace of desegregation Batchelor sheds light on the way local school districts pursued this goal while community leaders school board members administrators and teachers struggled to balance new policy demands with deeply entrenched racial prejudice and widespread support for continued segregation Drawing from case law newspapers interviews with policy makers civil rights leaders and attorneys involved in school desegregation as well as previously unused archival material *Race and Education in North Carolina* presents a richly textured history of the legal and political factors that informed obstructed and finally cleared the way for desegregation in the North Carolina public education system Senator Sam Ervin, Last of the Founding Fathers Karl E. Campbell, 2007 Drawing on newly opened archival material Karl Campbell illuminates the character of the man and the historical forces that shaped him The senator s distrust of centralized power Campbell argues helps explain his ironic reputation as a foe of civil rights and a champion of civil liberties from publisher description **Report of the Secretary of the Senate from ...** United States. their legacy in question Weaving together interviews from dozens of political luminaries and deep archival research Christensen offers an engaging and definitive historical account of not only the Scott family s legacy but also how race and populism informed North Carolina politics during the twentieth century **Governors Speak** Jack D. Fleer,2007 Governors in the United States are becoming prime policy makers in state and national politics They preside over vast and increasingly important administrative structures through numerous appointments of key personnel and the management of growing budgets Governors provide leadership for state legislatures by advocating their policy agendas and by mobilizing public opinion and political resources Through these roles governors have far reaching influence in citizen s daily lives This work examines these major political leaders by closely examining the careers of five recent governors 1960D2001 Terry Sanford 1961D1965 Robert Bob W Scott 1969D1973 James E Jim Holshouser Jr 1973D1977 James G Jim Martin 1985D1993 James B Jim Hunt Jr 1977D1985 1993D2001 and compares their performances in office with governors in other states No other book has looked as closely at the persons who serve as governors during this time period The Paradox of Tar Heel Politics ,

Last of Its Kind - First of This Kind: Scott Crass,2022-07-24 It was a tale of two cycles The 1990 Senate election landscape rewarded popular incumbents and was largely devoid of national themes There were colorful headline grabbing moments and a near shocker or two yet all but one Senator seeking another term was granted it The 1992 landscape had no such clarity A downward economy sparked the call for new ideas and backlash from the Clarence Thomas Anita Hill sexual harassment hearings started a furious movement that led to the Year of the Woman Both themes converged to set the stage for change The precursor was an unexpected race in Pennsylvania between those two cycles that but for a plane crash would not have happened This book profiles the most competitive races of those cycles Readers will become acquainted with the issues personalities and the men and women who personified the status quo change and everything in between
