## **Testament At The Creation Of The State Of Israel:**

**Christian Attitudes Towards the State of Israel** Paul Charles Merkley, 2001 During the 1947 United Nations debate on the future of Palestine world opinion was powerfully affected by news of the Holocaust and the plight of Jewish refugees creating a momentary humanitarian advantage that helped mobilize support for the creation of the state of Israel However almost as soon as it became clear that the Jews had won their war for independence anti Zionists within Christianity reasserted themselves A pro Arab bloc of Western missionaries at the World Council of Churches echoed the anti Zionism that has always characterized those churches which today constitute the Middle East Council of Churches while the Roman Catholic Church never friendly to Zionism advocated the internationalization of Jerusalem to diminish the Jewish presence in the heart of the Holy Land Mainstream Protestantism championed Palestinian nationalism and still does not hesitate to portray Israel as an oppressor but most evangelical Christians see Israel s restoration as a part of God s plan In Christian Attitudes towards the State of Israel Paul Merkley demonstrates that polarized opinion continues to affect how Israel is perceived today *The Religion of Israel to the Fall of the Jewish State* A. Kuenen, 1883 **Bethsaida in Archaeology, History and Ancient Culture** J. Harold Ellens, 2014-06-12 This volume is an archaeological analysis history and description of a key excavation of the site of biblical Bethsaida the most important Holy Land location in the narrative of Jesus life This volume presents some of the pre eminent biblical archaeological scholars in the field all of whom were associated with Professor John T Greene either in the process of decades of archaeological exploration of the ancient site of Bethsaida or in some other related activity in the field of biblical studies and religion Professor Greene has been a leading scholar in the excavation and publication of field reports and historical and biblical analysis of the rich lode of discoveries that Bethsaida has revealed to us This volume will be the highly sought after summary of the historical biblical information now available about ancient Bethsaida the location at which Jesus vacationed taught healed and announced his self perception as the promised Jewish Messiah who became a new kind of Christian Messiah after his death by crucifixion on a Roman cross in approximately 30 CE in Jerusalem Bethsaida in Archaeology History and Ancient Culture A Festschrift in Honor of John T Greene describes the operational life of the ordinary people religious communities military movements and socio political hierarchy from a ground level perspective of the centuries before and during the lifetimes of Philo Judaeus Jesus of Nazareth and Flavius Josephus It is unique in its popular presentation of this key era for scholarly research appealing to both scholars in the field and informed non professional readers as well as scholars in corollary disciplines This volume will be immensely sought after by a wide range of those persons who expect interesting important and highly readable works from municipal and academic libraries as well as the popular book stores throughout the English speaking world Can a 'History of Israel' Be Written? Lester L. Grabbe, 1997-07-01 This Symposium asks whether a history of Israel can be written and if it can how Can the Hebrew Bible be used as a source for such history The question of writing the history of ancient Israel has become

fiercely debated in recent years It is a debate that seems to generate more heat than light because of quite different concepts of historical methodology The European Seminar on Methodology in Israel s History was founded specifically to address this problem Members of the Seminar hold a variety of views but all agree that there is a problem to be tackled The first meeting of the Seminar held in Dublin in 1996 was devoted to some broad questions 1 Can a history of ancient Israel or Palestine Syria the Levant etc be written 2 If so how What place does the Hebrew Bible have as a source in writing this history This first volume contains the main papers that were prepared to set the stage for the discussion along with an introduction to the Seminar its aims and its membership The editor also provides a concluding chapter summarizing and reflecting on the debate

**The Present State of Old Testament Studies in the Low Countries** Klaas Spronk,2016-08-15 In The Present State of Old Testament Studies in the Low Countries fifteen leading scholars from Belgium and the Netherlands give an overview of their work This collection celebrating the seventy fifth anniversary of the Oudtestamentisch Werkgezelschap brings together the results of high quality research on many fields from computer assisted analysis to biblical theology from the archaeology of Palestine to early rabbinic exegesis from logotechnical analysis to delimitation criticism It shows that Old Testament research in Belgium and the Netherlands is multifaceted and innovative **Did Moses Speak Attic?** Lester L.

Grabbe,2001-03-01 Is the Bible a Hellenistic book The essays in this volume respond to that challenging question formulated by Niels Peter Lemche and offer everything from qualified agreement to vociferous opposition In so doing they debate and illuminate the many features of Jewish writing in the Second Temple period including not only the scriptures themselves and their own history but the non canonized literature of the late Second Temple period As with all the volumes in this pioneering series the editor Lester Grabbe introduces and reflects upon the discussion and its implications for one of the most controversial topics in current biblical studies Zionism and the State of Israel The Rev Dr Michael Prior Cm,Michael

Prior,2005-08-12 Zionism and the State of Israel provides a topical and controversial analysis of the development of Zionism and the recent history and politics of Israel This thought provoking study examines the ways in which the Bible has been used to legitimize the implementation of the ideological and political programme of Zionism and the consequences this has had Biblical Studies and the Failure of History Niels Peter Lemche,2014-09-19 The idea of the Old Testament as a source of historical information was replaced by an understanding of the texts as a means for early Jewish society to interpret its past Biblical Studies and the Failure of History brings together key essays which reflect the trajectory of this scholarly shift

**Bulletin of Books in the Various Departments of Literature and Science Added to the Public Library of Cincinnati During the Year...** ,1890 **Contemporary Catholic Approaches to the People, State, and Land of Israel** Gavin D'Costa,Faydra Shapiro,H. B. Pierbattista Pizzaballa,2022-02-18 After Vatican II the Roman Catholic Church began a process of stripping away anti Jewish sentiments within its theological culture One question that has arisen and received very scant attention regards the theological significance of the founding of the state of Israel in 1948 and the attendant nakba the

plight of the Palestinian people Some American evangelical Christians have developed a theology around the state of Israel associating themselves with Zionism Some Christian groups have developed a theology around the suffering of the Palestinian people and demand resistance to Zionism This unique collection of essays from leading Catholic theologians from the United States Germany France Italy Switzerland England and the Middle East reflect on the theological status of the land of Israel These essays represent an exhaustive range of views None avoid the new Catholic theology regarding the Jewish people Some contributors see this as leading towards a positive theological affirmation of the state of Israel while distancing themselves from Christian Zionists All contributors are committed to rights of the Palestinian people Some affirm the need for strong diplomatic and political support for Israel along with equal support for Palestinians arguing that this is as far as the Church can go Others argue that the Church s emerging theology represents the guilt conscience of Europe at the cost of the Palestinian people None deny the right of Jews to live in the land Two Jewish scholars respond to the essays creating an atmosphere of genuine interfaith dialogue which serves Catholics to think further through these issues **The Social**

*Historical Dictionary of Ancient Israel* Niels Peter Lemche,2003-12-10 Of the many ancient civilizations we are aware of few are smaller than the ancient Kingdom of Israel Small both in geographical area and population it was barely noticed by the major civilizations of the time in Egypt Mesopotamia and elsewhere which either ignored or crushed it Yet several millennia later Israel is the civilization we remember most acutely which we know or think we know the most about and which has even been revised after a manner Alas what we know or think we know about Israel comes partly from the Old Testament and partly from fragmentary and sometimes distorted bits of historical evidence For these very reasons because Ancient Israel means so much to us and because we actually know so little for sure this Dictionary is particularly important It examines the usual sources in the Old Testament and surveys the findings of more recent archaeological research to help us determine just what happened and when a far from simple task It includes entries on most of the persons places and events which are generally considered and shows more broadly what the Kingdoms of Israel and Judah were like and what role they played in the ancient world but it also defines them as closely as possible according to the latest data While the results may differ from traditional views they are essential correctives

*The to Z of Ancient Israel* Niels Peter Lemche,2010-04-09 For these very reasons because Ancient Israel means so much to us and because we actually know so little for sure The A to Z of Ancient Israel is particularly important It examines the usual sources in the Old Testament and surveys the findings of more recent archaeological

**Engaging the Doctrine of Israel** Matthew Levering,2021-09-16 This book is the dogmatic sequel to Levering s *Engaging the Doctrine of Marriage* in which he argued that God s purpose in creating the cosmos is the eschatological marriage of God and his people God sets this marriage into motion through his covenantal election of a particular people the people of Israel Central to this people s relationship with the Creator God are their Scriptures exodus Torah Temple land and Davidic kingship As a Christian Israelology this book devotes a chapter to each of these topics investigating their theological significance both in light of ongoing Judaism and in light of Christian Scripture Old and New Testaments and Christian theology The book makes a significant contribution to charting a path forward for Jewish Christian dialogue from the perspective of post Vatican II Catholicism

**Lincoln's Political Ambitions, Slavery, and the Bible** Edwin D. Freed,2012-07-01 Abraham Lincoln did not take his family Bible to the White House And the reason he did not use the Bible in his first inaugural address was not because it failed to arrive in his baggage

Freed concentrates on what Abraham Lincoln himself says instead of what others say about him which yields insights into understanding Lincoln's speech before the Young Men's Lyceum his reply to the Loyal Colored People of Baltimore and his Second Inaugural Address The author shows that much of what has been written about Lincoln's knowledge of the Bible and its influence on his thought is myth Although his language was replete with vocabulary from the Bible Lincoln's knowledge of it was superficial and he did not use the Bible to promote religion He was always a politician but with a moral sensitivity With the Declaration of Independence and the US Constitution he used the Bible to help him achieve his political ambitions and to support the emancipation of slaves A unique book on a subject never treated so thoroughly this is a must read for all Lincoln admirers
