

The Testimony of the Spade

by Geoffrey Bibby

Life in Northern Europe, from 15,000 B.C. to the time of the Vikings.

The first complete story, in the light of startling new discoveries, of the slow spread of a succession of "barbarian" tribes north of the Alps, showing prehistory turning into history in the heartland of Europe.

Testimony Of The Spade:

THE TESTIMONY OF THE SPADE GEOFFREY BIBBY, 1956 **The Testimony of the Spade** Thomas Geoffrey Bibby, 1971 **An Archaeology of Desperation** Kelly J. Dixon, 2014-10-20 The Donner Party is almost inextricably linked with cannibalism In truth we know remarkably little about what actually happened to the starving travelers stranded in the Sierra Nevada in the winter of 1846-47 Combining the approaches of history ethnohistory archaeology bioarchaeology and social anthropology this innovative look at the Donner Party's experience at the Alder Creek Camp offers insights into many long unsolved mysteries Centered on archaeological investigations in the summers of 2003 and 2004 near Truckee California the book includes detailed analyses of artifacts and bones that suggest what life was like in this survival camp Microscopic investigations of tiny bone fragments reveal butchery scars and microstructure that illuminate what the Donner families may have eaten before the final days of desperation how they prepared what served as food and whether they actually butchered and ate their deceased companions The contributors reassess old data with new analytic techniques and by examining both physical evidence and oral testimony from observers and survivors add new dimensions to the historical narrative The authors integration of a variety of approaches including narratives of the Washoe Indians who observed the Donner Party destroys some myths deconstructs much of the folklore about the stranded party and demonstrates that novel approaches can shed new light on events we thought we understood *The Archaeology Of The Donner Party* Donald L Hardesty, 2005-10-05 The tragic saga of the Donner Party has inspired both legend and scholarship ever since the survivors were rescued from the High Sierra snows in the spring of 1847 When archaeologist Donald L Hardesty and four colleagues a historian and three other archaeologists turned their collective attention to the ordeal of the Donner Party the result was an original and sometimes surprising new study of this pioneer group and their place in the history of overland migration Now available for the first time in paperback *The Archaeology of the Donner Party* combines the fruits of meticulous investigation of the Sierra Nevada sites with scientific analysis of artifacts discovered there and interpretation of the documents of the party and the memoirs of survivors Through this interdisciplinary approach Hardesty and his colleagues offer new insight into the ordeal of these ill-fated emigrants and demonstrate the vital role that archaeology can play in illuminating and expanding our understanding of historical events Contributions by Michael Brodhead Donald K Grayson Susan Lindstrom and George L Miller *The Scriptures in the Making* Abigail Pearce, 1927 *The Christian Work and the Evangelist*, 1905 *The World of the Past* Jacquetta Hawkes, 1963 *Decisions and Orders of the National Labor Relations Board* United States.
