story is a collection of prose poetry based on the true story of her family's tragedy. It is written with an Objectivist lineation similar in its understated power to Charles Reznikoff's *Testimony*. [Reading Race](#) Aldon Lynn Nielsen, 1988 *Reading Race* examines the work of twentieth century white American poets from Carl Sandburg to Adrienne Rich from Ezra Pound to Allen Ginsberg revealing within their poetry and casual writings a body of literature that transmits racism even as it sometimes speaks against it. Tracing the persistence of racial discourse, Aldon Nielsen argues that white Americans throughout their history have used a language of their own primacy, a language that treats blacks as an abstract other, an aggregate nonwhite to be acted upon and determined by whites. White discourse drapes over blacks an intricate veil of images and understandings, assertions of

inferiority metaphors of exoticism similes of animals tropes of fertility nothingness and death through which whites read race and beneath which blacks remain imprisoned Words Nielsen writes create and maintain relationships of power as surely as do prisons and arms Speaking of the discourse of race in America Nielsen identifies dead metaphors words images ideas that operate in much the same way as the charged detail of Pound or the objective correlative of T S Eliot Embedded in the language they are instantly recognizable to the native speaker Poets when they draw upon these metaphors demand racist thinking in order to be understood Sagetrieb ,2004 *Shifting the Blame* Nan Goodman,2021-03-09 Drawing on legal cases legal debates and fiction including works by James Fenimore Cooper Mark Twain Stephen Crane and Charles Chesnutt Nan Goodman investigates changing notions of responsibility and agency in nineteenth century America By looking at accidents and accident law in the industrializing society Goodman shows how courts moved away from the doctrine of strict liability to a new notion of liability that emphasized fault and negligence *Shifting the Blame* reveals the pervasive impact of this radically new theory of responsibility in understandings of industrial hazards in manufacturing dangers and in the stories that were told and retold about accidents In exciting tales of the actions of good Samaritans or of sea steamboat or railroad accidents features of risk that might otherwise escape our attention such as the suddenness of impact the encounter between strangers and the debates over blame and responsibility were reconstructed in a manner that revealed both imagined and actual solutions to one of the most difficult philosophical and social conflicts in the nineteenth century United States Through literary and legal stories of accidents Goodman suggests we learn a great deal about what Americans thought about blame injury and individual responsibility in one of the most formative periods of our history *The Routledge Companion to American Literary Journalism* William Dow,Roberta Maguire,2019-11-13 Taking a thematic approach this new companion provides an interdisciplinary cross cultural and international study of American literary journalism From the work of Frederick Douglass and Walt Whitman to that of Joan Didion and Dorothy Parker literary journalism is a genre that both reveals and shapes American history and identity This volume not only calls attention to literary journalism as a distinctive genre but also provides a critical foundation for future scholarship It brings together cutting edge research from literary journalism scholars examining historical perspectives themes venues and genres across time theoretical approaches and disciplinary intersections and new directions for scholarly inquiry Provoking reconsideration and inquiry while providing new historical interpretations this companion recognizes interacts with and honors the tradition and legacies of American literary journalism scholarship Engaging the work of disciplines such as sociology anthropology African American studies gender studies visual studies media studies and American studies in addition to journalism and literary studies this book is perfect for students and scholars of those disciplines *Talking to Strangers* Paul Auster,2024-05-01 Includes new early writings This vibrant collection fully displays Auster s wit and humanity a fascinating glimpse into the mind of a celebrated author Publishers Weekly starred review Beginning with a short philosophical meditation written when he was twenty and

concluding with nine political pieces that take on such issues as homelessness 9 11 and the link between soccer and war the forty four pieces gathered in this volume offer a wide ranging view of celebrated novelist Paul Auster s thoughts on a multitude of classic and contemporary writers the high wire exploits of Philippe Petit how to improve life in New York City in collaboration with visual artist Sophie Calle and the long road he has traveled with his beloved manual typewriter While writing for the New York Review of Books and other publications in the mid 1970s young poet Auster gained recognition as an astute literary critic with essays on Laura Riding John Ashbery Samuel Beckett Franz Kafka Paul Celan and others By the late seventies and early eighties as the poet was transforming himself into a novelist he maintained an active double life by continuing his work as a translator and editing the groundbreaking anthology The Random House Book of Twentieth Century Poetry His prefaces to some of these books are included in Talking to Strangers among them a heart wrenching account of St phane Mallarm s response to the death of his eight year old son Anatole In recent years Auster explored the work of American artists spanning periods and disciplines the notebooks of Nathaniel Hawthorne the films of Jim Jarmusch the writings of painter collagist illustrator Joe Brainard and the three hit shutout thrown by journeyman right hander Terry Leach of the Mets Also included here are several rediscovered works originally delivered in public a 1982 lecture on Edgar Allan Poe a 1999 blast against New York mayor Rudolph Giuliani and one of the funniest introductions a poetry reading ever heard in the state of New Jersey A collection of soaring intelligence and deepest humanity including never before published material Talking to Strangers is an essential book by the most distinguished American writer of his generation indeed its only author with any claim to greatness The Spectator
