**Learner Contributions to Language Learning** Michael Breen, 2014-09-15 Since it was first established in the 1970s the Applied Linguistics and Language Study series has become a major force in the study of practical problems in human communication and language education Drawing extensively on empirical research and theoretical work in linguistics sociology psychology and education the series explores key issues in language acquisition and language use What the learner contributes is central to the language learning process Learner Contributions to Language Learning provides a uniquely comprehensive account of learners personal attributes their thinking their feelings and their actions that have been shown to have an impact upon language learning Containing specific chapters from leading names in the field this book provides both a review of what has been discovered from previous research and identifies important future directions for research on learner contributions It is a landmark volume setting the agenda for language learning research in the 21st century and it provides invaluable information for all those engaged in language teaching The contributors to the volume are Michael P Breen Bonny Norton Anna Chamot Rebecca Oxford Rod Ellis Anna Pavlenko James P Lantolf Anita Wenden Diane Larsen Freeman

*Collaborative Writing in L2 Classrooms* Neomy Storch, 2013-07-04 In this first book length treatment of collaborative writing in second language L2 classrooms Neomy Storch provides a theoretical pedagogical and empirical rationale for the use of collaborative writing activities in L2 classes as well as some guidelines about how to best implement

such activities in both face to face and online mode The book discusses factors that may impact on the nature and outcomes of collaborative writing and examines the beliefs about language learning that underpin learners and teachers attitudes towards pair and group work The book critically reviews the available body of research on collaborative writing and identifies future research directions thereby encouraging researchers to continue investigating collaborative writing activities

*Educating Immigrant Children* Charles L. Glenn, Ester J. De Jong, 1996-08-01 This study is concerned with the ways in which a dozen knowledge based societies of Western Europe and the English speaking world respond to unprecedented cultural and linguistic diversity resulting from the flow of immigrants and refugees since World War II It asks how public policy has sought to use schooling to minimize the potentially divisive and inequitable effects of this diversity and to provide opportunities to the children of immigrants It asks also how the nature of each of these societies affects the meaning of integration into each of them

**Content and Language Integrated Learning** María Luisa Carrió-Pastor, 2009 The adoption of Content and Language Integrated Learning CLIL in Higher Education teaching has been widespread This learning strategy has developed the need to learn foreign languages and to communicate with people with different cultural backgrounds Culture learning should be part of language and content teaching as Higher Education involves language skills topic comprehension and sociological capabilities Teachers explore new teaching strategies which imply diverse goals and focus on different cultural backgrounds The contributions of this book comment the multicultural awareness of the students involved in learning another language and the facts implied in teaching in a multicultural environment

*Ecology of Language Acquisition* J.H. Leather, Jet van Dam, 2013-03-09 While most research on language acquisition continues to consider the individual primarily in closed system terms Ecology of Language Acquisition emphasizes the emergence of linguistic development through children s and learners interactions with their environment spatial social cultural educational and so on bringing to light commonalities between primary language development child and adult second language learning and language acquisition by robots Such a situated context responsive perspective on acquisition is able to interrelate insights from a variety of paradigms and disciplines while avoiding unjustifiable appeals to normativity The theoretical and empirical studies presented here challenge a number of dominant ideas in language acquisition theory and mark an important new research orientation This work should be of interest to language acquisition researchers and professionals in a wide range of specialisms

**Second Language Acquisition** Susan M. Gass, Jennifer Behney, Luke Plonsky, 2020-05-28 Now in a fifth edition this bestselling introductory textbook remains the cornerstone volume for the study of second language acquisition SLA Its chapters have been fully updated and reorganized where appropriate to provide a comprehensive yet accessible overview of the field and its related disciplines In order to reflect current developments new sections and expanded discussions have been added The fifth edition of Second Language Acquisition retains the features that students found useful in previous editions This edition provides pedagogical tools that encourage students to reflect upon the
