Pharmacology for Nursing Care - E-Book Richard A. Lehne, Laura Rosenthal, 2014-06-25 A favorite among nursing students *Pharmacology for Nursing Care* 8th Edition features a uniquely engaging writing style clear explanations and unmatched clinical precision and currency to help you gain a solid understanding of key drugs and their implications as opposed to just memorization of certain facts Compelling features such as a drug prototype approach use of large and small print to distinguish need to know versus nice to know content and a focus on major nursing implications save you study time by directing your attention on the most important need to know information The new edition also features an abundance of content updates to keep you ahead of the curve in school and in professional practice

UNIQUE Engaging writing style with clear explanations makes content easy to grasp and even enjoyable to learn A drug prototype approach uses one drug within each drug family to characterize all members of its group to help you learn about related drugs currently on the market and drugs that will be released once you begin practice

UNIQUE Special Interest Topic boxes address timely issues in pharmacology and connect pharmacology content with current trends Large print small print design distinguishes essential need to know information from nice to know information Limited discussion of adverse effects and drug interactions keeps your limited study time focused on only the most clinically important information Reliance on up to date evidence based clinical guidelines ensures that therapeutic uses are clinically relevant Integrated and summarized nursing content demonstrates the vital interplay between drug therapy and nursing care Coverage of dietary supplements and herbal interactions equips you to alert patients and caregivers to the potential dangers of certain dietary supplements including interactions with prescribed and over the counter drugs and herbal therapies Additional learning features provide a touchstone for study and review as you complete reading assignments and build a foundation of pharmacologic knowledge

Therapeutic Guide to Common Diseases P. S. Kamthan, 2003

John the Physician's Therapeutics Barbara Zipser, 2009-06-17 *The Therapeutics of John the*

Physician is a medical handbook from the thirteenth century holding important new evidence on medicine as craft Of particular interest is a vernacular version of the text which also contains a commentary Here an unknown reviser vividly describes cases and medical procedures a type of knowledge rarely encountered in scholarly texts In the present volume the Therapeutics is published for the first time along with a translation and an introduction to the topic Apart from insights into medical history the text also yields a large quantity of new material on the medical terminology used in everyday language and brings to life the development from ancient to modern Greek The editorial technique may be of interest to those working on digital humanities
