Mitcham,2009 1944 bore witness to the fifth year of World War II As the Wehrmacht retreated Germans still had hope If the men of the Western Front could repulse the great invasion dozens of units including panzer divisions SS regiments and paratrooper formations would arrive to thwart the Red advance Everything depended on the Western Front s warlords Defenders of Fortress Europe introduces men who had once believed they would conquer the world By 1944 they were trying to throw the Allies back into the sea or just check them before they could reach Germany The Fatherland s defense was in the hands of Nazis non Nazis and anti Nazis professional soldiers and professional troublemakers heroes murderers and war criminals the efficient geniuses and the incompetent famous infamous and the unknown soldiers sailors SS men and air force officers all men who fought out of fanaticism courage personal ambition a sense of honor duty love of country misplaced patriotism or habit Publisher s description **Tawada Yoko** Doug Slaymaker,2019-11-06 This collection draws from scholars across different languages to address and assess the scholarly achievements of Tawada Yoko Yoko born in Japan 1960 and based in Germany writes and presents in both German and Japanese The contributors of this volume recognize her as one of the most important contemporary international writers Her published books alone number more than fifty volumes with roughly the same number in German and Japanese Tawada s writing unfolds at the intersections of borders whether of language identity nationality or gender Her characters are all travelers of some sort often foreigners and outsiders caught in surreal in between spaces such as between language and culture or between species subjectivities and

identities Sometimes they exist in the spaces between gendered and national identities sometimes they are found caught between reality and the surreal perhaps madness Tawada has been one of the most prescient and provocative thinkers on the complexities of travelling and living in the contemporary world and thus has always been obsessed with passports and trouble at borders This current volume was conceived to augment the first edited volume of Tawada s work *Yoko Tawada Voices from Everywhere* which appeared from Lexington Books in 2007 That volume represented the first extensive English language coverage of Tawada s writing In the meantime there is increased scholarly interest in Tawada s artistic activity and it is time for more sustained critical examinations of her output This collection gathers and analyzes essays that approach the complex international themes found in many of Tawada s works *Countdown to D-Day: The German Perspective* Peter Margaritis,2019-01-04 A WWII historian takes readers inside the day to day drama of Nazi military commanders in occupied Europe as they brace for the Allied invasion In December of 1943 with Allied forces planning to invade Fortress Europe Field Marshal Erwin Rommel is named General Inspector of the Atlantic Wall His mission is to assess their readiness and what he finds disgusts him The famed Atlantikwall is nothing but a paper tiger woefully unprepared for the forces being massed across the English Channel His task to turn back the Allied invasion already seems hopeless The crust old theater commander Field Marshal Gerd von Rundstedt awaits the inevitable defeat from a plush villa outside Paris The corps commander on the ground in Normandy attempts to fulfill Rommel s demands but supplies are woefully inadequate Meanwhile all focus is on defending the coastline at Calais the area that High Command believes to be the Allies most likely objective All of the Western Theater commanders are subject to the whims of Adolf Hitler hundreds of miles away and issuing orders that are increasingly divorced from the reality of the war *Countdown to D Day* takes a detailed day to day journal approach tracing the daily activities and machinations of the German High Command as they try to prepare for the Allied invasion *The Life And Death Of The Luftwaffe* General Werner Baumbach,2016-07-26 The Life and Death of the Luftwaffe is the story of Germany s bomber forces in World War II the counterpart to the story of German fighter forces told by Adolf Galland in *The First and the Last Designated General of the Bombers* the highest post in the Luftwaffe bomber command Werner Baumbach saw combat as a dive bomber pilot at Narvik and Dunkirk Later he commanded the Luftwaffe forces in Norway attacking Allied convoys on the Murmansk run and led Germany s bomber fleets on the Russian front and in the Mediterranean An outspoken critic of the Luftwaffe blunders committed by G ring and Hitler Baumbach was saved from dismissal only by his extraordinary record of leadership and courage In *The Life and Death of the Luftwaffe* he presents a rare inside view of German decisions and strategy based on personal combat experience and official Luftwaffe files from the blitzkrieg in Poland and the fall of France to the Battle of Britain the siege of Stalingrad and the collapse of German air power under the torrent of American bombing at the end of World War II ***The Idea of a United Europe*** J.
