London Exile Burcu Dogramaci , 2025-09-01 In the 1930s and 1940s London was a metropolis of artistic exile and a place of refuge from Nazi persecution London Exile is the first book to look at the British capital as a sanctuary for modern artists The city presented its new arrivals with opportunities and challenges exiles established galleries founded publishing houses and magazines collaborated with local artists organised exhibitions published their work and built networks Artistic and theoretical production flourished in close dialogue with urban space This volume sheds light on how the arrival of exiles transformed London s art scene and conversely how the experience of displacement and the city shaped the work of migr s in fields such as art architecture and photography London Exile brings art history urban studies and exile studies into a vibrant dialogue and contributes to a new understanding of the history of modern art

Thrills Untapped 2 Michael R. Pitts, 2025-06-19 A sequel to Thrills Untapped Neglected Horror Science Fiction and Fantasy Films 1928 1936 this volume provides coverage of over 150 feature films that contain genre elements but have been overlooked by most sources covering

the history of horror science fiction and fantasy movies It covers feature length productions serials and documentaries detailing domestic and foreign films from both major and minor companies along with independent outfits For each title there are complete cast and credits in depth plot synopsis an evaluation of the movie and contemporary critical reviews Also included are a bibliography and index along with approximately 80 photographs and illustrative material This volume aims to reintroduce these films to new audiences and give them the attention they have so long deserved Torment, Torture and Terror Close in on Zoo Animals. An Investigative Report United action for animals (New York).,1973 World War Zoos John M. Kinder,2025-04-22 A new and heartbreaking history of World War II as told through the shocking experiences of zoos across the globe As Europe lurched into war in 1939 zookeepers started killing their animals On September 1 as German forces invaded Poland Warsaw began with its reptiles Two days later workers at the London Zoo launched a similar spree dispatching six alligators seven iguanas sixteen southern anacondas six Indian fruit bats a fishing cat a binturong a Siberian tiger five magpies an Alexandrine parakeet two bullfrogs three lion cubs a cheetah four wolves and a manatee over the next few months Zoos worldwide did the same The reasons were many but the pattern was clear The war that was about to kill so many people started by killing so many animals Why And how did zoos nevertheless not just survive the war but play a key role in how people did too A harrowing yet surprisingly uplifting chronicle Kinder's World War Zoos traces how zoos survived the deadliest decades of global history from the Great Depression through the terrors of World War II to the dawn of the Cold War More than anything before or since World War II represented an existential threat to the world's zoological institutions Some zoos were bombed others bore the indignities of foreign occupation Even zoos that were spared had to wrestle with questions rarely asked in public What should they do when supplies ran low Which animals should be killed to protect the lives of others And how could zoos justify keeping dangerous animals that might escape and run wild during an aerial attack Zoos in wartime reveal the shared vulnerabilities of humans and animals during periods of social unrest and environmental peril World War II era zoos offered people ways to think about and grapple with imprisonment powerlessness and degradation Viewed today the story of zoos during World War II can be read as an allegory of twenty first century crises as the effects of climate change threaten all life across the planet A one of a kind history World War Zoos is the story of how the world's zoos survived the deadliest conflict of the twentieth century and what was lost along the way Girl Zoo Aimee Parkison,Carol Guess,2019-02-19 A dark yet playful collection of short stories that pushes boundaries and blurs the lines between the real and surreal Girl Zoo is an enthralling and sometimes unsettling collection of short stories that examines how women in society are confined by the limitations and expectations of pop culture politics advertising fashion myth and romance In each story a woman or girl is literally confined or held captive and we can only watch as they are transformed into objects of terror and desire plotting their escape from their cultural cages Taken as a whole this experimental speculative fiction invites parallels to social justice movements focused on sexuality and gender as well as cautionary tales

for our precarious political movement Parkison and Guess offer no solutions to their characters captivity Instead they challenge their audience to read against the grain of conventional feminist dystopian narratives by inviting them inside the Girl Zoo itself Take a step inside the zoo and see for yourself We dare you Behind the bars a world of wonder awaits

Zooicide Sue Coe,2018-10-30 The issue of zoos is not about treatment but use not about reform but abolition Zoos often pay lip service to education enrichment and conservation but the cruelty is systemic and follows from the idea of animals as commodities As long as they are property animals will continue to be treated as things with no rights who can be caged bred abused or killed for a zoo s profit and the public s entertainment In *Zooicide* Sue Coe applies her bold and breathtaking artistic style to confront the institution of zoos exposing them as a form of capitalist cruelty that is enmeshed with the violence of war colonialism and ecological destruction

A War Made in Russia Sergei Medvedev,2023-07-04 In this timely and incisive book Sergei Medvedev argues that Russia s war in Ukraine was not merely a whim of Putin s obsession rather it was the result of two decades of authoritarian degradation and post imperial resentment a culmination of Putin s regime and of Russia s entire imperial history Building on his prize winning book *The Return of the Russian Leviathan* Medvedev argues that it was not only Putin that started this war but Russia itself which by and large has imagined and embraced it with enthusiasm seeking to relive its own military glory and colonial past Also available as an audiobook

A Year of Fear Bryan Senn,2015-03-26 This eclectic overview of horror cinema offers up a collection of horror films for practically any occasion and literally every day of the year For example the author recommends commemorating United Nations Day October 24 with a screening of *The Colossus of New York* whose startling climax takes place at the U N Building Each day by day entry includes the movie title production year plot summary and critique along with a brief explanation of how the film fits into the history of that particular day and interesting anecdotes on the film s production

Animals, Literature and the Politics of Representation J. Simons,2001-12-03 This book addresses the question of animal rights in the context of literary criticism Working from a committed position it asks the question What would literary studies look like if we took animal rights seriously It offers critical surveys of the main themes in the history of animal rights and some of the more important contemporary positions together with readings of a wide range of literary texts from classical antiquity to the present day
