[Titanic's Lifeboats](#) James W Bancroft, 2025-11-30 A dramatic retelling of the personal stories of the men women and children survivors of the *Titanic* lifeboats Foot by foot *Titanic*'s lifeboat No 11 slowly jerked its way down the sides of the great ocean liner as it slipped beneath the cold dark waters of the Atlantic For the fifty or so men women and children crammed into the lifeboat survival was all that mattered Even then though the American fashion designer Edith Rosenbaum Russell ferociously clung to her pig-shaped music box until she was rescued its tunes helping to quell the fears of the frightened children onboard Unlike so many of those onboard *Titanic* that fateful night in April 1912 everyone in lifeboat No 11 would be rescued Bridget McDermott had brought a new hat before she set off for America Bridget climbed into one of the lifeboats believed to be No 13 before realising she had left her precious purchase behind She climbed out of the lifeboat retrieved her hat from her cabin ran back to the open deck and jumped fifteen feet from a rope ladder onto the lifeboat Other garments played an important part in the survival of one of the lifeboats which sprung a leak with the people onboard using clothes to plug the hole Charles Joughin the head baker aboard *Titanic* floated in the near-freezing ocean for around two hours before being pulled out of the water onto one of the lifeboats He had not succumbed to the cold due to the amount of

alcohol he had drunk Masabumi Hosono a civil servant from Tokyo was the only Japanese passenger onboard Titanic and being a man he accepted that the women and children first policy had sealed his fate However when a crew member shouted that there were two spaces left in a lifeboat No 10 Hosono jumped in As Japanese honour considered it far better for a man to suffer an honourable death than to survive in a shameful manner when he reached his homeland he was ostracized by his family and lost his job When it sailed Titanic carried twenty lifeboats that between them could accommodate 1 178 people a little over half of the 2 209 on board the night the liner sank Eighteen of these life saving craft were used that night but tragically only 706 people found a space in them This is the dramatic and moving story of the men women and children who made it into the lifeboats that fateful night in April 1912

Rummel,2017-07-05 While there are estimates of the number of people killed by Soviet authorities during particular episodes or campaigns until now no one has tried to calculate the complete human toll of Soviet genocides and mass murders since the revolution of 1917 Here R J Rummel lists and analyzes hundreds of published estimates presenting them in the historical context in which they occurred His shocking conclusion is that conservatively calculated 61 911 000 people were systematically killed by the Communist regime from 1917 to 1987 Rummel divides the published estimates on which he bases his conclusions into eight historical periods such as the Civil War collectivization and World War II The estimates are further divided into agents of death such as terrorism deportations and famine Using statistical principles developed from more than 25 years of quantitative research on nations he analyzes the estimates In the collectivization period for example about 11 440 000 people were murdered During World War II while the Soviet Union had lost almost 20 000 000 in the war the Party was killing even more of its citizens and foreigners probably an additional 13 053 000 For each period he defines counts and totals the sources of death He shows that Soviet forced labor camps were the major engine of death probably killing 39 464 000 prisoners overall To give meaning and depth to these figures Rummel compares them to the death toll from major wars world disasters global genocide deaths from cancer and other diseases and the like In these and other ways Rummel goes well beyond the bare bones of statistical analysis and tries to provide understanding of this incredible toll of human lives Why were these people killed What was the political and social context How can we understand it These and other questions are addressed in a compelling historical narrative This definitive book will be of interest to Soviet experts those inte **Lucky and the Lost** John Boileau,2025-09-19 More than half the children aboard Titanic died in the sinking calling into question the notion of women and children first In *The Lucky and the Lost* The Lives of Titanic s Children historian John Boileau tells the stories of the children who fortunately escaped in lifeboats and those who tragically did not It also examines the heart breaking circumstances of the victims deaths as well as the fascinating stories of survivors lives Uniquely *The Lucky and the*

Lost tells the stories of ten yet unborn children whose mothers survived to give birth This includes the children of Madeleine Astor wife of John Jacob Astor the richest man to perish in the disaster and Juliette Laroche wife of Joseph Laroche the only Black man onboard as well as the stories of twenty three Lebanese children onboard another largely unknown feature of the disaster The Lucky and the Lost includes compelling stories of survivors in later life an aspect not included in most Titanic books and the lasting effect the sinking had on them With forty black and white images as well as numerous maps and illustrations The Lucky and the Lost offers the most complete accounting to date of the fates of the children aboard the doomed ocean liner *Pseudo-Memoirs* Rochelle Tobias,2021-07 Pseudo Memoir explores the twentieth century return of a genre that had largely gone out of fashion after the novel came of age in Europe in the eighteenth century
