## **Terrorism And Politics:**

*From Terrorism to Politics* Anisseh Van Engeland, Rachael M. Rudolph, 2016-04-22 How do terrorists become politicians This book embraces a series of comparative case studies in order to examine important issues regarding the relationship between terrorism and political processes It identifies the characteristics necessary for the transition from a terrorist organization to a political party and situates this within broader debates about substantive ethical concerns motivating the distinction between legitimate politics and illegitimate violence The volume offers a presentation of how some terrorist groups see the world in which they live It also provides an understanding of how established democracies such as the US react to the phenomenon of the terrorist politician transition This is a useful resource for students and scholars of international relations political ethics and comparative politics

**Playing Politics with Terrorism** George Kassimeris, 2008 Today more than ever governments are determined to protect the public by rooting out terrorists and bringing them to justice but in dealing with extremism governments often violate citizens individual civil liberties In their zeal to attack terrorism and preserve domestic security governments pass laws that violate basic freedoms and privacies and undermine the support of the public To avoid hysteria and unwise policymaking both citizens and officials need to rely on fact and sound judgment and remain skeptical of political propaganda In this collection scholars demonstrate that the realities of our post 9 11 world are not necessarily new Many governments from Putin s Russia and Fujimori s Peru to Italy in the 1970s have at times repressed the very liberty and democratic freedoms terrorists seek to destroy Essays address the use of terrorist threat to sustain a credible anti terrorist narrative sway public opinion and push through draconian legislation For the most part the contributors remain sympathetic to the efforts made by states to protect their citizenry however they encourage awareness and vigilance to prevent the wholesale exploitation of the fundamental rights of a democracy

Political Terrorism Albert J. Jongman, 1988 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be

part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against Alex P Schmid received his Ph D from the University of Zurich Switzerland and is a professor in the Department of Political Science at Leiden University He is the coauthor with Albert J Jongman of Soviet Military Interventions since 1945 available from Transaction Albert J Jongman is principal researcher for PIOOM the Interdisciplinary Research Programme on Causes of Human Rights Violations and has been a research assistant at the SIPRI in Sweden He is the author of Monitoring Human Rights Violations State Violence State Terrorism and Human Rights Irving Louis Horowitz is Hannah Arendt Distinguished University Professor Emeritus of Sociology and Political Science at Rutgers University and the chairman and editorial director of Transaction Publishers

**Terrorism, Politics, and Human Rights Advocacy** Temitope B. Oriola, 2024-03-15 Terrorism Politics and Human Rights Advocacy provides an insider outsider analysis of the BringBackOurGirls BBOG movement Formed through a coalition

of elite women and middle class allies to advocate for the rescue of over 200 high school girls from Chibok Nigeria who were kidnapped by Boko Haram in 2014 the movement is a global leader in the lives matter advocacy and a new episode in African women led rights movements Based on data garnered from over 170 research participants Oriola demonstrates how the BBOG transformed the Chibok kidnapping into an international cause and a social problem in a sociological sense inadvertently creating a social problem industry The volume provides in depth analyses of the organizational structure decision making repertoire of protest framing internal dynamics and divisions within the BBOG Far more than a social media phenomenon the BBOG deploys a hybridized communication process which seamlessly combines the time space compression of social media with the relative fidelity and territoriality of traditional media State repression against the BBOG and response of movement actors are also articulated and the outcomes and impact of the BBOG explicated The BBOG experience speaks to the texture of the African state and its military architecture party politics and challenges to human rights advocacy the findings speak to peace and security in Africa the war against terrorism in the Lake Chad Basin perpetuation of social problems and outcomes of social movements in the postcolony Oxford Studies in African Politics and International Relations is a series for scholars and students working on African politics and International Relations and related disciplines Volumes concentrate on contemporary developments in African political science political economy and International Relations such as electoral politics democratization decentralization gender and political representation the political impact of natural resources the dynamics and consequences of conflict comparative political thought and the nature of the continent s engagement with the East and West Comparative and mixed methods work is particularly encouraged as is interdisciplinary research and work that considers ethical issues relating to the study of Africa Case studies are welcomed but should demonstrate the broader theoretical and empirical implications of the study and its wider relevance to contemporary debates The focus of the series is on sub Saharan Africa although proposals that explain how the region engages with North Africa and other parts of the world are of interest Series Editors Nic Cheeseman Professor of Democracy and International Development University of Birmingham Peace Medie Senior Lecturer in Gender and International Politics University of Bristol and Ricardo Soares de Oliveira Professor of the International Politics of Africa University of Oxford

*Political Terrorism* Jeffrey Ian Ross, 2006 The salient feature of this book is its comprehensive but concise approach to the field of terrorism particularly its causes and effects and the application of this information to selected case studies *Political Terrorism An Interdisciplinary Approach* is easy to read and designed to answer common questions asked by undergraduate and graduate students without prior exposure to the study of terrorism This book is accessible to practitioners those individuals working or aspiring to work in the fields of criminal justice and national security and policymakers in the counterterrorism field as well as members of the mass media covering stories on terrorism *Political Terrorism* is sensitive to the global ramifications of terrorism and the responses to it This book maintains a balance between realism and

sensationalism and offers a more comprehensive understanding of the causes and effects of terrorism than do most other texts Political Terrorism integrates scholarly analysis with current events by relying on recent media accounts and information gathered by responsible news outlets The text features end of chapter questions as well as exhibit boxes that provide background details on items of interest to students and instructors

responses to terrorism and specifically fear impact on political processes in multiple international contexts The volume presents an integrated collection of empirical and theoretical studies and discusses the implications of this body of research

**A Forensic Approach to Political and State Violence** David Crighton, 2025-07-25 A Forensic Approach to Political and State Violence applies a forensic lens to the study of risk in relation to political and state violence Divided into three parts the book outlines the nature and function of political and state violence and the historic development of contributions from forensic practice It then considers the distinction between political and state violence and the foundations for this This is followed by a review of developments of current research and practice looking at future development and the ways in which forensic practice might more effectively contribute to risk reduction and management The text will argue that the basis of much current forensic practice in relation to political and state violence is unduly limited and has failed to integrate relevant scientific research into practice The role of market led approaches to work in these areas will also be considered in relation to the way this has influenced and distorted practice and delayed progress Drawing on theories derived from psychology and other areas of research the book considers how evidence might inform improvements using the risks and uncertainties that surround politically motivated violence to illustrate this Real cases of political and state violence are considered with topics including military conflict terrorism use of torture and hostage taking to highlight current failings and weaknesses Barriers to implementing better forensic practice in terms of both professional economic and policy interests are also explored It will be an essential read for all students or practitioners in the areas of forensic psychology criminal justice or violence risk management

Terror, Culture, Politics Daniel J. Sherman, Terry Nardin, 2006 Explores the politics of American culture in the wake of the 2001 terrorist attacks

**Political Discourse and Conflict Resolution** Katy Hayward, Catherine O'Donnell, 2010-10-04 This book offers new insights into the close relationship between political discourses and conflict resolution through critical analysis of the role of discursive change in a peace process Just as a peace process has many dimensions and stakeholders so the discourses considered here come from a wide range of sources and actors The book contains in depth analyses of official discourses used to present the peace process the discourses of political party leaders engaging or otherwise with it the discourses of community level activists responding to it and the discourses of the media and the academy commenting on it These discourses reflect varying levels of support for the peace process from obstruction to promotion and the role of language in moving across this spectrum according to issue and occasion Common to all these analyses is the conviction that the language used by political protagonists and cultural stakeholders has a profound effect on progression towards peace Bringing together leading experts on Northern Ireland's peace process from a range of academic disciplines including political science sociology linguistics history geography law and peace studies this book offers new insights into the discursive dynamics of violent political conflict and its resolution

*Writing the War on Terrorism* Richard Jackson, 2005 Writing The War On Terrorism examines the public language of the war on terrorism and the way that rhetoric

has been used to justify the global counter terrorism offensive as a response to 9 11      Freedom and Terror Gabriel Weimann, Abraham Kaplan, 2011-01-07 This book examines reason and unreason in the legal and political responses to terrorism Terrorism is often perceived as sheer madness unreasonable use of extreme violence and senseless futile political action These assertions are challenged by this book Combining traditional thought by Kaplan on reason and unreason in terrorism with empirical explorations of post modern terrorism and its use of communication platforms by Weimann the work uses interdisciplinary and cross disciplinary dimensions to provide a multidimensional picture of critical issues in current politics and a deeper examination of their implications than previously available The book looks at various aspects of modern politics from terrorism to protest from decision making to political discourse applying the perspective of philosophical thought To do so political issues and actions are examined by using concepts such as reason emotions madness magic morality absolutism extremism psychopathology rationality and others The analysis is rooted in theories and concepts derived from history philosophy religion art sociology psychology and political science This book which was mostly written by the late Abraham Kaplan an American philosopher and edited and updated by Gabriel Weimann will be of much interest to students of political violence terrorism philosophy war and conflict studies and political science in general
