How to derive a brand meaning and create a future that inspires Ivelin Dobrev,2020-11-25 Since the creation of the first gas powered car from Karl Benz in 1885 the technology has brought an enormous utility and prosperity for the entire humanity but it also had a great impact on climate change One company tried to challenge the status quo and create a new technology that would help the environment That company is Tesla How did Tesla manage to build a legendary brand from scratch and why is its brand identity so successful Ivelin Dobrev analyzes how a new business venture can create a brand that would be able to sustain fight and in often cases win against established competition In addition he inspects what are the key fragments of a legendary brand in the framework created by Vincent Laurence and how it is linked to our underlying human psychology In this book Electric vehicles Teslanomics Brand experience Legendary brand Climate change The Tesla Way Michael Valentin,2019-08-03 Tesla disrupts the automotive industry by creating many innovative pieces that fit together Its marketing production sales and technology strategies are all notably different from its competitors The Tesla Way is an elongated case study looking at Tesla s business model and how this can be applied to existing manufacturing and production strategies in other companies The author also includes case studies from Michelin Mass and other consumer goods manufacturing companies The Tesla Way will look at the origins of Tesla its journey to success new business models and what will come next The author includes a mixture of the theory behind the Tesla business model and its applications examining the combination between the manufacturing world and the digital world He has also interviewed a cross section of Tesla s current employees in both the USA and France At the end of each chapter an interview with a CEO or top manager of an industrial firm is featured among others the stories of Luxor Lighting ThyssenKrupp Bosch or Kimberley Clarke There are also insightful questions for managers Online supporting resources include sample templates for analyzing efficiency of processes on the factory floor Power Play Tim Higgins,2022 A Wall Street Journal Business Bestseller A deeply reported and business savvy chronicle of Tesla s wild ride Walter Isaacson A masterclass in narrative journalism Bradley Hope Exemplary The Times An exceptional work Washington Post Inside the outrageous come from behind story of Elon Musk and Tesla s bid to build the world s greatest car and the race to drive the future Elon Musk is among the most controversial titans of Silicon Valley To some he s a genius and a visionary and to others he s a mercurial huckster Billions of dollars have been gained and lost on his tweets and his personal exploits are the stuff of tabloids But for all his outrageous talk of mind uploading and space travel his most audacious vision is the one closest to the ground the electric car When Tesla was founded in the 2000s electric cars were novelties trotted out and thrown on the scrap heap by carmakers for more than a

century But where most onlookers saw only failure a small band of Silicon Valley engineers and entrepreneurs saw potential and they pitted themselves against the biggest fiercest business rivals in the world setting out to make a car that was quicker sexier smoother cleaner than the competition Tesla would undergo a truly hellish fifteen years beset by rivals pressured by investors hobbled by whistleblowers buoyed by its loyal supporters Musk himself would often prove Tesla s worst enemy his antics repeatedly taking the company he had funded himself to the brink of collapse Was he an underdog an antihero a conman or some combination of the three Wall Street Journal tech and auto reporter Tim Higgins had a front row seat for the drama the pileups wrestling for control meltdowns and the unlikely outcome of all success A story of power recklessness struggle and triumph *Power Play* is an exhilarating look at how a team of eccentrics and innovators beat the odds and changed the future
