Teufels Glaube Und Hexenwahn:

Teufels Glaube und Hexenwahn Bruno Gloger, Walter Zöllner, 1999 **Rassenwahn und Teufels Glaube** Wolfgang Wippermann, 2005-08-03 Am Anfang stand die Geschichte von den Zigeunerbesen Sie ereignete sich vor einigen Jahren im Emsland Hier stellten Kaufleute Besen in die Türen und Fenster ihrer Geschäfte um Zigeuner vom Stehlen ihrer Waren abzuhalten Damit brachten sie ein weit verbreitetes rassistisches Vorurteil gegen die Sinti und Roma zum Ausdruck Doch warum benutzten sie dazu Besen die im Volksaberglauben als Symbole des Teufels gelten Diese Frage brachte den Autor auf die Spur Er entdeckte und entschlüsselte die verschlungenen und verdrängten Beziehungen zwischen Rassenwahn und Teufels Glauben und stellte fest dass Antisemitismus Antiziganismus und Kolonialrassismus über diabolische Elemente und Ursprünge verfügen weshalb Rassismus insgesamt als skularisierter Teufels Glaube bezeichnet werden kann Diese These ist neu und unterstreicht die Notwendigkeit sich von beiden dem Rassenwahn wie dem Teufels Glauben zu distanzieren und beide Ideologien zu überwinden **Teufels Glaube und Hexenwahn**, 1984 **Demonology and Witchcraft** Jean-Pierre Coumont, 2021-11-01 Extensive bibliography on demonology and witchcraft systematically describing all materials including books monographs conference reports and doctoral dissertations covering these subjects from the 15th century to the 21st century 5000 entries and indices on author subject and anonymous works **Witchcraft, Madness, Society, and Religion in Early Modern Germany** H.C. Erik Midelfort, 2024-10-28 H.C. Erik Midelfort has carved out a reputation for innovative work on early modern German history with a particular focus on the social history of ideas and religion This collection pulls together some of his best work on the related subjects of witchcraft the history of madness and psychology demonology exorcism and the social history of religious change in early modern Europe Several of the pieces reprinted here constitute reviews of recent scholarly literature on their topics while others offer sharp departures from conventional wisdom A critique of Michel Foucault's view of the history of madness proved both stimulating but irritating to Foucault's most faithful readers so it is reprinted here along with a short retrospective comment by the author Another focus of this collection is the social history of the Holy Roman Empire where towns peasants and noble families developed different perceptions of the Protestant and Catholic Reformations and of the options the religious revolutions of the sixteenth century offered Finally this collection also brings together articles which show how Freudian psychoanalysis and academic sociology have filtered and interpreted the history of early modern Germany **Cotton Mather als Aufklärer** Philipp Reisner, 2012-07-18 This dissertation intends to situate Cotton Mather in the Early Enlightenment to add observations concerning his reception in America and to overcome the image of him as a transitional figure It proposes that especially the sections of his work which are only beginning to be explored show his particular theological position which consists in an enlightened redefinition of the roles of the Holy Spirit This has repercussions for the content of his faith and his practical and historical belief Approaching his works in a second step from the perspective of Early Modern Society it attempts to show the limits of concepts brought to

bear on this society on him and on his works in particular such as the theories of the errand in the settlement of New England and its subsequent decline in its connection to psychohistory social history and the history of mentalities Given the overwhelming importance of the Salem witchcraft trials in the reception of Cotton Mather further observations on the changing role of the pastorate familial and societal education and the development of medical and natural sciences take their departure from their examination as an example of early modern phenomena of exclusion Critical examination of this and other historical and literary philosophical sociological and theological concepts which prevented Cotton Mather from being seen as an Enlightenment figure are the main subject of this dissertation
