Gibraltar What a thrill does the very name evoke to one who knows a little of English history and England's heroes But to those who have the good fortune to steam in a P and O liner down the coast of Portugal and catch sight of the Rock on turning by Cabrita Point into the Bay of Algeciras the thrill of admiration is intensified For the great Rock lies like a lion couched on the marge of the Mediterranean It is one of the pillars of Hercules it commands the entrance to the inner sea From 712 to the beginning of the fourteenth century Gibraltar was in the hands of the Saracens then it fell into the hands of the Spaniards In 1704 the year of Blenheim a combined English and Dutch fleet under Sir George Rooke captured the Rock from the Marquis de Salines and Gibraltar has since then remained in the possession of the English though several attempts have been made to wrest it from us Before we follow Captain Drinkwater in some details of the great siege a few words must be said about the Rock and its defences as they then were The Rock itself juts out like a promontory rising to a height of 1 300 feet and joined to the Spanish mainland by a low sandy isthmus which is at the foot of the Rock about 2 700 feet broad On a narrow ledge at the foot of the north west slope lies the little town huddled up beneath the frowning precipice and bristling batteries excavated out of the solid rock At different heights up to the very crest batteries are planted half or wholly concealed by the galleries All along the sea line were bastions mounted with great guns and howitzers and supplied with casemates for 1 000 men In all the fortifications were armed with 663 pieces of artillery Conspicuous among the buildings was an old Moorish castle on the north west side of the hill here was planted the Grand Battery with the Governor's residence at the upper corner of the walls Many caves and hollows are found in the hill convenient both for powder magazines and also for hiding places to the apes who colonize the Rock The climate even at mid winter is so mild and warm that cricket and tennis can be played on dry grass wherever a lawn can be found in the neighbourhood as the writer has experienced But at Gibraltar itself all is stony ground and barren rock only on the western slope a few palmettos grow with lavender and Spanish broom roses and asphodels In 1777 a good opportunity seemed to be offered for Spain to recover the Rock from England The North American colonies had seceded and the prestige of Britain had suffered a severe blow The fleets of France and Spain sixty six sail of the line were opposed by Sir Charles Hardy's thirty eight but with these he prevented the enemy from landing an invading army on the English shore But Spain was intent on retaking Gibraltar and had already planted batteries across the isthmus which connects the Rock with Spain Lone Star 18 Wesley Ellis, 1984-01-01

Texas Leigh Clemons, 2013-05-15 Ask anyone to name an archetypal Texan and you're likely to get a larger than life character from film or television say John Wayne's Davy Crockett or J R Ewing of TV's Dallas or a politician with that certain swagger think LBJ or George W Bush That all of these figures are white and male and bursting with self confidence is no accident asserts Leigh Clemons In this thoughtful study of what makes a Texan she reveals how Texan identity grew out of the history and even more the myth of the heroic deeds performed by Anglo men during the Texas Revolution and the years of the Republic and how this identity is constructed and maintained by theatre and other representational practices Clemons looks at a wide range of venues in which Texanness is performed including historic sites such as the Alamo the battlefield at Goliad and the San Jacinto Monument museums such as the Bob Bullock Texas State History Museum seasonal outdoor dramas such as Texas at Palo Duro Canyon films such as John Wayne's The Alamo and the IMAX's Alamo The Price of Freedom plays and TV shows such as the Tuna trilogy Dallas and King of the Hill and the Cavalcade of Texas performance at the 1936 Texas Centennial She persuasively demonstrates that these performances have created a Texan identity that has become a brand a commodity that can be sold to the public and even manipulated for political purposes *Effectiveness of Law Enforcement Against Financial Crime* United States. Congress. House. Committee on Banking, Finance, and Urban Affairs, 1990
