**Rodolfo O. de la Garza, Louis Desipio**

## **Texas Presidential Politics In 195:**

**A Political History of the Texas Republic, 1836-1845** Stanley Siegel, 2010-01-01 This book is unique among the histories of the Texas Republic it is the first to examine the fledgling nation from the point of view of its dynamic political life Policies with far reaching results were formulated in the nine years of Texas independence and the author clearly presents the many thorny issues that were to plague Texas for generations The political history of the Republic is one of strong figures vying with each other for popular support of their divergent policies The author details the personal feuds and animosities that resulted and shows the effects of these differences on the governing of the nation Thoughtful use of diaries memoirs and other contemporary sources gives the reader an excellent understanding of the sense of personal concern the citizens of the Republic felt toward the political issues of the day

***The Shattering of Texas Unionism*** Dale Baum, 1998-12-01 In a rare departure from the narrow periodization that marks past studies of Texas politics during the Civil War era this sweeping work tracks the leadership and electoral basis of politics in the Lone Star State from secession all the way through Reconstruction Employing a combination of traditional historical sources and cutting edge quantitative analyses of county voting returns Dale Baum painstakingly explores the double collapse of Texas unionism first as a bulwark against secession in the winter of 1860 1861 and then in the late 1860s as a foundation upon which to build a truly biracial society By carefully tracing the shifting alliances of voters from one election to the next Baum charts the dramatic assemblage and subsequent breakup of Sam Houston's coalition on the eve of the war evaluates the social and economic bases of voting in the secession referendum and appraises the extent to which intimidation of anti secessionists shaped the state's decision to leave the Union He also examines the ensuing voting behavior of Confederate Texans and shows precisely how antebellum alignments and issues carried over into the war years Finally he describes the impact on the state's electoral politics brought about by the policies of President Andrew Johnson and by broad programs of revolutionary change under Congressional Reconstruction Baum presents the most sophisticated examination yet of white voter disfranchisement and apathy under Congressional Reconstruction and of the social and political origins of the state's Radical Republican scalawag constituency He also provides a rigorous statistical investigation of one of the most controversial elections ever held in Texas the 1869 governor's race lost by conservative Republican Andrew Jackson Hamilton to Radical Edmund J Davis which nonetheless effectively ended Congressional Reconstruction Through his innovative exploration of unionist sentiment in Texas Baum illuminates the most turbulent political period in the history of the state interpreting both the weight of continuity and the force of change that swept over it before during and immediately after the American Civil War Students of the South the Civil War and African American history as well as sociologists and political scientists interested in election fraud political violence and racial strife will benefit from this significant volume

***Advancing Democracy*** Amilcar Shabazz, 2004-01-01 As we approach the fiftieth anniversary of Brown v Board of Education 1954 it is important to consider the historical struggles that

led to this groundbreaking decision Four years earlier in Texas the Sweatt v Painter decision allowed Party and Factional Division in Texas James R. Soukup, Clifton McCleskey, Harry Holloway, 2014-09-10 Here is the first attempt by scholars to make a comprehensive analysis of voting patterns in Texas Examining the results of fourteen elections from 1946 through 1962 and organizing a vast fund of statistics relative to Texas political parties and voters the authors have laid a solid groundwork for further studies in this field The previously ineffectual Texas Republican Party made great strides in the twentieth century and became a competitor in state as well as national races Specifically the authors maintain that Texas in the 1960s was a one and two thirds party state Within the Democratic Party factions analogous to warring camps immensely complicated the political struggle Although the conservative elements within the Democratic Party still had a slight edge growing liberal strength forced them to moderate their policies and tactics The authors also contend that there were significant changes in the nature of the issues and the modes of political operation Though some of the old motivations and tactics lingered on in less significant rural areas friendship oriented campaigns appealing to regional and family like sentiments were being quickly replaced by an organized politics in which political activists made strong ideological appeals to economic and social interests The Republicans the conservative Democrats and the liberal Democrats are each analyzed in relation to regionalism demography ethnic elements and the economic system in Texas and the history present status and future prospects of these factions are discussed in detail Of special interest are the last two chapters which analyze the 1962 elections and their bearings on evolving patterns of competition The developments within the Republican Party and its challenge to the traditional Democratic Party are seen in the perspectives of the growing importance of minority groups and the impact of urbanization All those interested in Texas politics and the history of the rise of the Republican Party in the state will find this study indispensable for an intelligent appraisal of historical developments

**The Union League and Biracial Politics in Reconstruction Texas** Carl H. Moneyhon, 2022-01-18 The Republican Union League of America played a major role in the Southern Reconstruction that followed the American Civil War A secret organization introduced into Texas in 1867 to mobilize newly enfranchised black voters it was the first political body that attempted to secure power by forming a biracial coalition Originally intended by white Unionists simply to marshal black voters to their support it evolved into an organization that allowed blacks to pursue their own political goals It was abandoned by the state's Republican Party following the 1871 state elections From the beginning the use of the league by the Republican party proved controversial While its opponents charged that its white leadership simply manipulated ignorant blacks to achieve power for themselves ultimately encouraging racial conflict the League not only educated blacks in their new political rights but also protected them in the exercise of those rights It gave blacks a voice in supporting the legislative program of Gov Edmund J Davis helping him to push through laws aimed at the maintenance of law and order securing basic civil rights for blacks and the creation of public schools Ultimately its success and its secrecy provoked hostile attacks from political opponents leading the

party to stop using it Nonetheless the Union League created a legacy of black activism that lasted throughout the nineteenth century and pushed Texas toward a remarkably different world from the segregated and racist one that developed after the league disappeared

**Texas Politics** Cal Jillson, 2013-07-24 The fourth edition of this popular text is now expanded to better fit the needs of a standalone Texas Politics course Jillson continues to approach the politics of the Lone Star State from historical developmental and analytical perspectives while giving students the most even handed readable and engaging description of Texas politics available today Throughout the book students are encouraged to connect the origins and development of government and politics in Texas from the Texas Constitution to party competition to the role and powers of the Governor to its current day practice and the alternatives possible through change and reform This text helps instructors prepare their students to master the origin and development of the Texas Constitution the structure and powers of state and local government in Texas how Texas fits into the U S federal system as well as political participation the electoral process and public policy in Texas Texas Politics offers instructors and students an unmatched range of pedagogical aids and tools Each chapter opens with an engaging vignette and a series of focus questions to orient readers to the learning objectives at hand and concludes with a chapter summary a list of key terms review questions suggested readings and web resources Key terms are bolded in the text listed at the end of the chapter and included in a glossary at the end of the book Each chapter includes Let's Compare boxes to help students see how Texas sits alongside other states and Pro Con boxes to bring conflicting political views into sharper focus Tables figures and photos throughout highlight the major ideas issues individuals and institutions discussed

The Texas Experiment William V. Flores, Christina Hughes, Anita Chadha, Gene Preuss, 2023-04-10 The Texas Experiment Politics Power and Social Transformation provides an all encompassing view of Texas government The book brings together the historical and the contemporary the political and the personal to walk students through the state's past present and future

The Mexican American Experience in Texas Martha Menchaca, 2022-01-11 A historical overview of Mexican Americans social and economic experiences in Texas For hundreds of years Mexican Americans in Texas have fought against political oppression and exclusion in courtrooms in schools at the ballot box and beyond Through a detailed exploration of this long battle for equality this book illuminates critical moments of both struggle and triumph in the Mexican American experience Martha Menchaca begins with the Spanish settlement of Texas exploring how Mexican Americans racial heritage limited their incorporation into society after the territory's annexation She then illustrates their political struggles in the nineteenth century as they tried to assert their legal rights of citizenship and retain possession of their land and goes on to explore their fight in the twentieth century against educational segregation jury exclusion and housing covenants It was only in 1967 she shows that the collective pressure placed on the state government by Mexican American and African American activists led to the beginning of desegregation Menchaca concludes with a look at the crucial roles that Mexican Americans have played in national politics education philanthropy and

culture while acknowledging the important work remaining to be done in the struggle for equality *Texas and the Nation, Civil Government* Frank Wesley Chatfield, Silas M. Sewell, 1912 *Ethnic Ironies* Rodolfo O. de la Garza, Louis Desipio, 2018-02-12 *Ethnic Ironies* describes the role of Latino electorates in national and state level politics during the 1992 elections. The book examines Latino politics from the top down looking at the efforts of candidates and campaigns to speak to Latino concerns and to mobilize Latino voters and from the bottom up reviewing the efforts of Latinos to win electoral office and to influence electoral outcomes. Chronicling the campaigns and uncovering patterns of Latino influence the core of the book consists of eight state level analyses by experts who have observed firsthand the states with the most sizable Latino electorates. An overview chapter synthesizes and integrates the findings of these case studies placing them in national perspective. *Ethnic Ironies* is the third in a series of studies on Latino electoral behavior published by Westview Press including *From Rhetoric to Reality Latino Politics in the 1988 Elections* and *Barrio Ballots Latino Politics in the 1990 Elections*. This latest study also serves as a companion volume to *Latino Voices Mexican Puerto Rican and Cuban Perspectives on American Politics* and *New Americans by Choice Political Perspectives of Latino Immigrants*. **A Digest of the Laws of Texas** James Wilmer Dallam, 1904 **The Chief Executive In Texas** Fred Gantt, 2014-08-19 A Texas governor has only two happy days the day he is inaugurated and the day he retires. So spoke Joseph D Sayers at the beginning of the twentieth century. Now in an analysis of the Texas governorship by Fred Gantt Jr the reader learns why Governor Sayers remark remains true many years after it was uttered the office has come to be so demanding that the reader may ask why anyone would want it. Price Daniel described a typical day The governor's job is a night and day job I usually get up in the morning about seven and start answering the telephone and then look over the mail that has come in late the day before I sign mail before going over to the office and then have interviews most of the day. In the evening at the Mansion I take calls and messages until late in the night. *The Chief Executive in Texas* is much more than a book full of interesting facts. It is a discerning political commentary built on a broad historical foundation that places events and persons in a perspective perhaps not previously considered by the reader. The office of chief executive in other states also is explored as well as the decline and rise of executive power as it has been limited in various constitutions in Texas and as it has developed through custom. The account of the governor's relationship with the Legislature is historically valuable. Especially interesting to many readers will be the discussions of the political roles of individual Texas governors whose ranks include Ma and Pa Ferguson and Pappy O Daniel. These studies are personally revealing and they attest that politics in Texas apparently can never be dull.

*The Texas Experiment* William V. Flores, Christina Hughes, Anita Chadha, Gene Preuss, 2024-12-11 *The Texas Experiment Politics Power and Social Transformation* provides an all encompassing view of Texas government. Authors William V Flores Christina Hughes Anita Chadha and Gene Preuss bring together the historical and the contemporary the political and the personal to walk students through the state's past present and future. Through the book's rich historical narrative that tells

the unvarnished story of how Texas came to be depictions of the processes and structure of Texas government and finally insights on shifting demographics we learn that the soul of Texas is multicultural diverse and thriving The Second Edition has been updated through the state's 2023 legislative cycle and what it means for those living in Texas **Biennial Report of the Secretary of State of the State of Texas** Texas. Secretary of State, 1916 Texas Almanac and State Industrial Guide, 1904 **Cowboy Conservatism** Sean P. Cunningham, 2010-07-02 During the 1960s and 1970s Texas was rocked by a series of political transitions Despite its century long heritage of solidly Democratic politics the state became a Republican stronghold virtually overnight and by 1980 it was known as Reagan Country Ultimately Republicans dominated the Texas political landscape holding all twenty seven of its elected offices and carrying former governor George W Bush to his second term as president with more than 61 percent of the Texas vote Sean P Cunningham examines the remarkable history of Republican Texas in Cowboy Conservatism Texas and the Rise of the Modern Right Utilizing extensive research drawn from the archives of four presidential libraries gubernatorial papers local campaign offices and oral histories Cunningham presents a compelling narrative of the most notable regional genesis of modern conservatism Spanning the decades from Kennedy's assassination to Reagan's presidency Cunningham reveals a vivid portrait of modern conservatism in one of the nation's largest and most politically powerful states The newest title in the New Directions in Southern History series Cunningham's Cowboy Conservatism demonstrates Texas's distinctive and vital contributions to the transformation of postwar American politics **The Road to Disunion** William W. Freehling, 1991-12-05 In the first volume of his long awaited monumental study of the South's road to disunion eminent historian William Freehling offers a sweeping political and social history of the antebellum South from 1776 to 1854 All the dramatic events leading to secession are here and Freehling vividly recounts each crisis illuminating the many complex issues and sketching colorful portraits of the major figures involved But for all Freehling's brilliant insight into American antebellum politics Secessionists at Bay is at bottom the saga of the rich social tapestry of the prewar South Freehling brings the Old South back to life in all its color cruelty and diversity It is a memorable portrait certain to be a key analysis of this crucial era in American history *The New Politics of the Old South* Charles S. Bullock III, Mark Rozell, 2021-09-27 Now in its seventh edition The New Politics of the Old South is the best and most comprehensive analysis and history of political behaviors and shifting demographics in America's southern states Edited by leading scholars Charles S Bullock III and Mark J Rozell this book has been updated through the 2020 elections to provide the most accurate and useful snapshot of the state of southern politics and the ways in which they have developed over time The southern electorate is a fascinating dynamic body politic and the study of its evolution is paramount to understanding the broader political developments occurring at a national level While accessible to any interested reader this edition illuminates the South's essential and growing role in the study and the story of American politics This new edition addresses the change in the organization of the states chapters from Deep South and Rim South to instead growth states and

stagnant states and focuses on how the main divisions among the southern states now impacting their politics are economic and population growth      As Texas Goes...: How the Lone Star State Hijacked the American Agenda Gail Collins, 2012-06-04

Gail Collins is the funniest serious political commentator in America Reading As Texas Goes is pure pleasure from page one Rachel Maddow A Kirkus Reviews Best Book of the Year Nonfiction As Texas Goes provides a trenchant yet often hilarious look into American politics and the disproportional influence of Texas which has become the model for not just the Tea Party but also the Republican Party Now with an expanded introduction and a new concluding chapter that will assess the influence of the Texas way of thinking on the 2012 election Collins shows how the presidential race devolved into a clash between the so called empty places and the crowded places that became a central theme in her book The expanded edition will also feature more examples of the Texas style such as Governor Rick Perry s nearsighted refusal to accept federal Medicaid funding as well as the proposed ban on teaching critical thinking in the classroom As Texas Goes will prove to be even more relevant to American politics by the dawn of a new political era in January 2013      *The Tribune Almanac and Political Register* ,1899

### **Texas Presidential Politics In 195 Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Texas Presidential Politics In 195 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the

information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Texas Presidential Politics In 195 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Texas Presidential Politics In 195 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### FAQs About Texas Presidential Politics In 195 Books

1. Where can I buy Texas Presidential Politics In 195 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
