Preserving Texas Hannah Nebb Meyer,2011 How did the Daughters of the Republic of Texas use historic preservation to help create and perpetuate Texas nationalism Historic sites are an important part of creating and maintaining a nation state s national identity but even more so when the nation no longer exists The DRT preserved and created a common Texas national history with the preservation and interpretation of the Alamo and the French Legation Museum The Alamo is the principal symbol of the Texas identity Before the Alamo was a place of state and national reverence before it was a battle site before it was the Alamo it was a Spanish mission San Antonio de Valero Yet the Daughters of the Republic of Texas reconstructed the history of the mission so as to include only the thirteen days February 23 March 6 1836 when it was the site of one of the most important and well known battles in the War for Texas Independence This interpretation decision has shaped the way the Alamo is viewed through our collective memory The French Legation Museum in Austin is important to the story of nationalism in Texas Although it is not as recognized as the Alamo the French Legation Museum is a crucial

component in the story of Texas as an independent republic The French Legation gives Texans a physical history of the Republic of Texas thus strengthening and perpetuating the Texas national identity The DRT's preservation decisions at Alamo and the French Legation perpetuate the memory of Texas as an independent republic and thus preserve the Texas national identity The National Register of Historic Places in Texas Texas Historical Commission,1979 This publication is intended both as an introduction to the Texas programs which directly relate to the National Register of Historic Places and as a guide to those historic properties in the state which have been entered on this list of the nation's outstanding cultural resources

Fox,1983 **Texas Cultural Heritage Plan** Texas Historical Commission,1999 *Architecture and Preservation in Georgia* ,1981 *Texas Historic Sites and Diversity* Kimberly Anne McKnight,2011 There are 34 state supported historic sites that are managed by the Texas Historical Commission THC and the Texas Parks and Wildlife Department TPWD These sites have been acquired over the years with various justifications and acquisition histories and are not a planned system of historic sites With the rapidly changing demographics in Texas it is clear that new strategies need to be developed so that these sites better represent the history of all Texans The thesis investigation begins with a history of diversity initiatives within the preservation movement Next I present an innovative method for identifying potential areas of focus for diversity initiatives at state historic sites using Geographic Information Systems GIS I developed a spatial analysis methodology to quantify the level of diversity of the web content of each of the 34 state historic sites Each historic site's web site was then ranked according to its relevance to four ethnic groups African Americans Hispanics Asians and Native Americans Additionally I generated population maps descriptive maps and analytical maps in order to understand how historic sites interact with the surrounding population Finally I present a set of strategies for existing state historic sites that will provide greater diversity in interpretative techniques and promotion The goal of the GIS based spatial analysis and the subsequent development of strategies aimed at targeted sites is to broaden the appeal of historic sites to a more diverse audience *A Gathering of Symbols* Jessamine Younger,Dallas Historical Society,Junior League of Dallas,1985
