The Esoteric Basis of Christianity William Kingsland, 1895 *The Esoteric Basis of Christianity, Or, Theosophy and Christian Doctrine* William Kingsland, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1895 edition Excerpt rivers of earth Book of Dzyan There is not one law for the gods and another for mortals one life for the atom and another for the globe Each is a part of the web Reflecting the Self Existent Lord like a mirror each becomes in turn a world Book of Dzyan It is this which places the deductive Philosophy so infinitely beyond the methods of inductive science with its endless speculations and contradictory theories It is this which places it so infinitely beyond those little systems of so called religion which can mete out a plan of salvation by which perchance a few favoured mortals may enter into an eternity of bliss Spirit or Father is often symbolised by fire or light and matter or Mother is symbolised by water or the deep This as we have already seen is also a term for abstract space Darkness radiates Light and Light drops one solitary ray into the Mother Deep Space Now this is exactly the same symbolism as found in the first chapter of Genesis Darkness was upon the face of the deep and the Spirit of God moved upon the face of the waters And God said Let there be Light Here the deep and the waters are synonymous and are the female principle the Mother Deep while the Spirit is the Father It is not difficult to trace this also in the New Testament where the birth of Jesus is only a c repetition of this symbology Mary is Mare the sea representing again the waters or the deep She is found with child of the Holy Ghost Mat i 18 Now one symbol for the Holy Ghost is fire Acts ii 3 and we have thus again the dual symbols fire and water as representing spirit and matter or Father Mother the spirit of God and the waters of Genesis *The Esoteric Basis of Christianity* William Kingsland, 2014-03 This Is A New Release Of The Original 1922 Edition **The Esoteric Basis of Christianity, Or Theosophy and Christian Doctrine** William Kingsland, 2018-03-23 Excerpt from The Esoteric Basis of Christianity or Theosophy and Christian Doctrine A Paper Read Before the Blavatsky Lodge of the Theosophical Society It is well known that the claim which has been made by the Church from its earliest traditions down to our present day on behalf of Christian doctrine has been that of a special divine revelation by a personal God Beginning with the first chapter of Genesis and ending with the last verse of Revelation we are asked to believe that the collection of ancient writings known as the Bible has been specially prepared and inspired by this personal God as a record of his dealings with and his will towards the creatures he originally created This I believe may be accepted as the fundamental basis of Christian doctrine the centre round which all the teachings of the Church whether Protestant or Catholic has revolved and from which they cannot get away without breaking up and destroying all that has ever been known historically as Christianity I say specifically that this is the claim made by the Church because it is a fact commonly overlooked and one indeed of which the majority of professing Christians are ignorant that what is known as Christianity in its doctrinal form in its traditions and in the selection and compilation Of the subject matter of the Bible is

purely ecclesiastical The Bible in its present form the creeds and the rites and ceremonies which go to make up the sum total Of what is known historically as Christianity were compiled by the early Church authorities from miscellaneous sources This however is a matter of literary and historical data into which I cannot enter now but I wish it to be understood that in speaking of Christianity and Christian doctrine I am dealing at present with its ecclesiastical and historical forms and not with the personality or teachings of its supposed founder We have then this fundamental idea of Christianity as a revelation of the personal relationship between a creative God and the creatures he created and upon this basis is built up the doctrinal superstructure with which we are all familiar in its many variations and modifications About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The Esoteric Basis of Christianity, Or, Theosophy and Christian Doctrine William Kingsland,1893 **The esoteric basis of Christianity; or, Theosophy and Christian doctrine** William Kingsland,1893 **The Esoteric Basis of Christianity, Or Theosophy and Christian Doctrine (Classic Reprint)** William Kingsland,2017-12-15 Excerpt from The Esoteric Basis of Christianity or Theosophy and Christian Doctrine Part I Of the following Essays was published in pamphlet form in April 1891 Part II Was published in the same manner in 1893 Parts III And IV Are now offered as a further contribution together with an Introduction which it is hoped will make the whole subject clearer to those who have not hitherto had any acquaintance whatever with Theosophical literature and Theosophical teachings About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Esoteric Basis of Christianity* William Kingsland,2014-02-25 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book The Esoteric Basis of Christianity, or Theosophy and Christian Doctrine William Kingsland,2015-06-02

Excerpt from The Esoteric Basis of Christianity or Theosophy and Christian Doctrine A Paper Read Before the Blavatsky Lodge of the Theosophical Society The particular point however to which I wish to direct your attention and which is a fundamental one before we can establish any relation between Theosophy and Christian Doctrine is this that in the nature of things in the nature of history of human progress and development in the nature of man s capacity for growth for the expansion of his limited and relative mind and consciousness in the nature of the universe itself there is and must be an inner and an outer an esoteric and an exoteric an outward form and an inner meaning an outward expression temporary finite mutable an inner principle eternal unvarying If there be any reality whatever underlying what we term phenomena the objective changeable world of sense and form that reality must constitute an inner mystery which is a mystery simply on account of our inability to sense and cognise it owing to our limited faculties And if there be any reality in that growth development or evolution which is the most prominent factor in our experience that reality consists in our coming into more and more intimate conscious relation to this inner principle which underlies phenomena consists in an apprehension of the noumena in the casting off of the temporary illusion of form of that bondage of the senses which causes attachment to form attachment to the impermanent and temporary whereby the permanent and eternal is lost sight of consists in short of the development of that faculty which cognises unity in diversity or in a word consists of spirituality In theosophical language this faculty resides in the fifth principle or Manas in the immortal spiritual Ego See diagram page 23 But setting aside specific theosophical doctrines let us see what relation this principle of an inner spiritual reality and an outer expression in form and of a corresponding evolution or expansion of human consciousness from particulars to universals bears to the subject before us About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Esoteric Basis of Christianity* William Kingsland, 1991-01-01
