Ideology and Popular Protest George F. E. Rudé, 1995 In this Pathbreaking Work Originally Published in 1980 George Rude Examines the Role Played by Ideology in a Wide Range of Popular Rebellions in Europe and the Americas from the Middle Ages to the Early Twentieth Century Rude was a Champion of the Role **The Face of the Crowd** George F. E. Rudé, 1988-01-01 The Truth of History C. Behan McCullagh, 2002-11-01 Modern relativism and postmodern thought in culture and language challenge the truth of history This book considers how all historians confined by the concepts and forms of argument of their own cultures can still discover truths about the past The Truth of History presents a study of various historical explanations and interpretations and evaluates their success as accounts of the past C Behan McCullagh contests that the variety of historical interpretations and subjectivity does not exclude the possibility of their truth Through an examination of the constraints of history the author argues that although historical descriptions do not mirror the past they can correlate with it in a regular and definable way Far from debating in the abstract and philosophical only the author beds his argument in numerous illuminating concrete historical examples The Truth of History explores a new position between the two extremes of believing that history perfectly represents the past and that history can tell us nothing true of the past Peasants in India's Non-Violent Revolution Mridula Mukherjee, 2004-09-22 In part one of this volume the political world of the peasants of Punjab is reconstructed capturing their struggles at a national level as well as at an individual one Part Two makes important interventions in the theoretical debates regarding the role of peasants in revolutionary transformation in the modern world The author argues that the association of revolution with large scale violence has resulted in the refusal to recognize the non violent yet revolutionary political practice of peasants in the Indian National Movement **The Face of the Crowd** George F. E. Rudé, 1988 *A Multi-Paradigmatic Approach to Understanding History* Kavous Ardalan, 2022-12-08 This book explores the field of history through a multi paradigmatic approach For this purpose it begins with a discussion of four most diverse worldviews or paradigms namely functionalist interpretive radical humanist and radical structuralist before moving on to consider four aspects of the field of history historiography grand narrative progress and time from the viewpoints of the four most diverse worldviews or paradigms Next the book looks at three historical events the French Revolution the American Civil War and the Iranian Revolution from the viewpoints of the four most diverse worldviews or paradigms It concludes by recommending paradigm diversity as an understanding of different paradigms leads to a more comprehensive and a more balanced understanding of the multi faceted nature of the subject matter **The Crowd** John Plotz, 2000-12-03 Between 1800 and 1850 political demonstrations and the tumult of a ballooning street life not only brought novel kinds of crowds onto the streets of London but also fundamentally changed British ideas about public and private space The Crowd sets out to demonstrate the influence of these new crowds riots and demonstrations on the period s literature John Plotz offers compelling readings of works by Thomas De Quincey Thomas

Carlyle William Wordsworth Maria Edgeworth and Charlotte Bronte arguing that new representative crowds became a potent rival for the representational claims of literary texts themselves As rivals in representation these crowds triggered important changes not simply in how these authors depicted crowds but in their notions of public life and privacy in general The Crowd is the first book devoted to an analysis of crowds in British literature In addition to this being a noteworthy and innovative contribution to literary criticism it addresses ongoing debates in political theory on the nature of the public political realm and offers a new reading of the contested public discourses of class nation and gender In the end it provides a sophisticated and rich analysis of an important facet of the beginning of the modern age Encyclopedia of Historians and Historical Writing Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies **Nineteenth-Century Crime and Punishment** Victor Bailey,2022-07-30 This four volume collection looks at the essential issues concerning crime and punishment in the long nineteenth century Through the presentation of primary source documents it explores the development of a modern pattern of crime and a modern system of penal policy and practice illustrating the shift from eighteenth century patterns of crime including the clash between rural custom and law and punishment unsystematic selective public and body centred to nineteenth century patterns of crime urban increasing and a metaphor for social instability and moral decay before a remarkable late century crime decline and punishment reform minded soul centred penetrative uniform and private in application The first two volumes focus on crime itself and illustrate the role of the criminal courts the rise and fall of crime the causes of crime as understood by contemporary investigators the police ways of knowing the criminal the role of moral panics and the definition of the criminal classes and habitual offenders The final two volumes explore means of punishment and look at the shift from public and bodily punishments to transportation the rise of the penitentiary the convict prison system and the late century decline in the prison population and loss of faith in the prison **Documenting Eighteenth Century Satire** Pat Rogers,2011-07-12 Documenting Eighteenth Century Satire provides a historicized view of Augustan satire through detailed readings of individual works It aims to show how these satires can be documented in various ways to reveal richer meanings The book ranges across different modes of satire in poetry prose and drama It covers some of the best known works of eighteenth century British literature including The Rape of the Lock The Dunciad and The Beggar s Opera In addition it deals

with less familiar but important texts including Gay's Trivia Pope's Epistle to Miss Blount and Swift's poem on Sid Hamet as well as works of great literary merit which have been unduly neglected including Pope's Duke upon Duke and Swift's The Bubble One essay offers the first full interpretation and edition of a poem that surfaced in the 1970s still virtually unknown written by Pope and or Gay Another describes a previously unsuspected hoax by the Scriblerians on the quest for the longitude while one more finds an unsuspected but close link between poems by Pope and Pushkin Sources are drawn from numerous unpublished documents wills private letters inventories estate deeds marriage contracts and private correspondence Extensive use is made of contemporary newspapers magazines and pamphlets Most of these have not been quarried heavily if at all before Some essays are completely new while others have been extensively revised for this book
