The Fall Of Colossus:

The Fall of Colossus D. F. Jones, 2019-03-07 The hugely powerful and pervasive presence of the Colossus supercomputer mechanically runs Earth and its myriad operations Managed by its creator Dr Charles Forbin it is incapable of lies and void of human emotion It is not a robot and not human As part of its brief to enhance the human race it runs eerie emotion research centres authorizing acts of savagery to measure resistance and feeling Art and abstract creation are banned and surveillance is constant No one is free The power of Colossus is spiralling out of control The Sect worship it as a God enforcing its word at every opportunity and seeking out traitors The Fellowship secretly oppose it as a force of evil and they risk their lives in a concentrated effort to destroy it and escape its domination Meanwhile as Forbin becomes increasingly disillusioned with what he has unleashed on the world his wife Cleo becomes distant with disastrous consequences

Cultural Myth of the Decline and Fall of the Roman Empire Jonathan Theodore, 2016-08-13 This book investigates the decline and fall of Rome as perceived and imagined in aspects of British and American culture and thought from the late nineteenth through the early twenty first centuries It explores the ways in which writers filmmakers and the media have conceptualized this process and the parallels they have drawn deliberately or unconsciously to their contemporary world Jonathan Theodore argues that the decline and fall of Rome is no straightforward historical fact but a myth in terms coined by Claude L vi

Strauss meaning not a falsehood but a complex social and ideological construct. Instead it represents the fears of European and American thinkers as they confront the perceived instability and pitfalls of the civilization to which they belonged. The material gathered in this book illustrates the value of this idea as a spatiotemporal concept rather than a historical event, a narrative with its own unique moral purpose. *Colossal Science Fiction Tales* E.K.
