The Ex Wives:

The Ex-Wives' Guide to Divorce Holiday Miller, Valerie Shepherd, 2016-08-16 Witnessing a woman go through divorce is like watching a tornado tear up a trailer park Not only is someone losing their home and life as they know it but for most women it seems to go down with some extra drama thrown in the mix This is where the advice of authors Holiday Miller and Valerie Shepherd two experts in all things divorce comes in handy Their unique friendship began after they had both married and divorced the same man The Ex Wives Guide to Divorce was born from this friendship with the goal to ease women s fears save them money and give them a road map of what lies ahead It will motivate women to get their head out of the sand and build their future dream sand castle by themselves sans Prince Charming Divorce is painful heartbreaking and pretty miserable for everyone involved While men tend to champion the process most women collapse and become emotionally distracted Miller and Shepherd s experience is while the husband is gathering ammunition with his high paid attorney the wife is frantic and disorganized most likely spending her energy on the phone with her best friend or sister instead of preparing herself for the battle ahead This helpful guide teaches women how to manage the business of divorce in a focused realistic and organized manner Miller and Shepherd aren t lawyers or psychologists but they ve experienced the process first hand and offer advice on how to build a support system and come out ahead This book charges women to put their big girl panties on and maintain a tenacious spirit while preparing and organizing for their divorce

The Interpretation of The Meaning of The Holy Quran Volume 5 - Surah Al-Baqarah verse 202 to 236 Nasoha Bin Saabin, I have written many books and articles on various topics but since 2013 I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah I have completed the whole Quran on 29th October 2020 with 84 books I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English Currently there is a great misunderstanding about Islam among Muslims and non Muslims globally The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non Muslims The wrong actions of the

Muslims have led to many miseries and wars among Muslims The wrong actions of Muslims have also led to many wars and clashes between Muslims and non Muslims In order to avoid miseries wars and clashes from taking place between the whole mankind in the whole world the whole mankind in the whole world need to understand the true teaching of Islam There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world English For this very reason I have written the interpretation of the Holy Quran in English Prof Nasoha Bin Saabin

American Stepfamilies William R. Beer, While statistics indicate that nearly half of all first marriages in America today terminate in divorce more than three quarters of these divorces also result in remarriage producing stepfamilies Although they have become increasingly common stepfamilies are still poorly understood by stepfamily and non stepfamily members alike This book looks at the internal and external dynamics of this new family form taking the reader through a series of case studies and examining characteristic pitfalls and opportunities The author begins by comparing the basic building block of the stepfamily the remarried couple to the first married couple In successive chapters the structure of the stepfamily is considered in terms of increasing complexity from the simplest in which one of the partners has never married before and has no children to the most complex yours and ours stepfamilies in which there are children from both previous marriages and the present one The author probes the conflicts that arise between parents and children and among stepsiblings and explores the different strategies that stepfamilies devise for resolving these tensions In the later chapters the sociohistorical origins of today s stepfamilies are traced in terms of changing values and new technologies Professor Beer argues that stepfamilies are proliferating as a result of attitudes and patterns of behavior that more than ever encourage divorce and remarriage He demonstrates on the basis of large scale evidence that stepfamilies produce children who are just as well adjusted as children brought up by both biological parents and that they will turn out to be adults who are almost as socially well adapted as those from conventional families The author concludes that stepfamilies are types of families in their own right with foreseeable difficulties and rich rewards

Angry White Men Michael Kimmel, 2013-11-05 We can t come off as a bunch of angry white men Robert Bennett chairman of the Ohio Republican Party One of the enduring legacies of the 2012 Presidential campaign was the demise of the white American male voter as a dominant force in the political landscape On election night after Obama was announced the winner a distressed Bill O Reilly lamented that he didn t live in a traditional America anymore He was joined by others who bellowed their grief on the talk radio airwaves the traditional redoubt of angry white men Why were they so angry Sociologist Michael Kimmel one of the leading writers on men and masculinity in the world today has spent hundreds of hours in the company of America s angry white men from white supremacists to men s rights activists to young students in pursuit of an answer *Angry White Men* presents a comprehensive diagnosis of their fears anxieties and rage Kimmel locates

this increase in anger in the seismic economic social and political shifts that have so transformed the American landscape Downward mobility increased racial and gender equality and a tenacious clinging to an anachronistic ideology of masculinity has left many men feeling betrayed and bewildered Raised to expect unparalleled social and economic privilege white men are suffering today from what Kimmel calls aggrieved entitlement a sense that those benefits that white men believed were their due have been snatched away from them Angry White Men discusses among others the sons of small town America scarred by underemployment and wage stagnation When America s white men feel they ve lived their lives the right way worked hard and stayed out of trouble and still do not get economic rewards then they have to blame somebody else Even more terrifying is the phenomenon of angry young boys School shootings in the United States are not just the work of misguided youth or troubled teens they re all committed by boys These alienated young men are transformed into mass murderers by a sense that using violence against others is their right The future of America is more inclusive and diverse The choice for angry white men is not whether or not they can stem the tide of history they cannot Their choice is whether or not they will be dragged kicking and screaming into that inevitable future or whether they will walk openly and honorably far happier and healthier incidentally alongside those they ve spent so long trying to exclude

Feminist Activism, Women's Rights, and Legal Reform Mulki Al-Sharmani,2013-12-12 This ground breaking collection investigates the relationship between feminist activism and legal reform as a pathway to gender justice and social change Since the advent of feminist movements legal reform has been a popular and yet contentious vehicle for seeking women s rights and empowerment This important book looks at comparative insights drawn from field based research on the processes the challenges and the outcomes of legal reform and feminist activism Feminist Activism Women s Rights and Legal Reform brings together cases from Middle East Latin America and Asia of the successes and failures of reform efforts concerning the promulgation and implementation of new family laws and domestic violence codes

Women Aren't from Venus, Men Are Pigs! Sylvia Carvajal,2005-07-26 Women Aren t from Venus Men Are Pigs rejects the notion that men and women are from different planets It offers a more realistic view of the relationships between men and women It is semi autobiographical and it is written as a conversation between the author and the reader like girlfriends having a talk over coffee or lunch It is filled with humorous jokes and stories Some of the stories are difficult if not painful to read All of the stories are true The women who shared their stories showed remarkable strength and courage The reader will find it easy to identify with and empathize with the women who shared their stories The stories will easily evoke a response from the reader who will want to scream Men are pigs
