The Fall Of Public Man

Richard Sennett

The Fall Of Public Man:

The Fall of Public Man Richard Sennett, 2002 THE FALL OF PUBLIC MAN is a book in the great tradition of sociological scholarship Sennett writes first of the tension between the public and private realms in which we live arguing that different types of behaviour and activity are appropriate in each He argues that the barrier between these different realms has been eroded and that this breakdown is so profound that public man has been left with no certain idea of his role in society Sennett sees the development of the city as the single most important element of the social change he describes and puts his argument in its historical perspective through an analysis of the changes in our built environment from the 18th century to the present day

The Fall of Public Man Richard Sennett, 1992-06-17 A fascinating evocation of changing styles of personal and public expression Robert Lekachman Saturday Review

On South Bank: The Production of Public Space Alasdair J.H. Jones, 2016-05-23 Tensions over the production of urban public space came to the fore in summer 2013 with mass protests in Turkey sparked by a plan to redevelop Taksim Gezi Park Istanbul In London concomitant proposals to refurbish an area of the South Bank historically used by skateboarders were similarly met by staunch opposition Through an in depth ethnographic examination of London s South Bank this book explores multiple dimensions of the production of urban public space Drawing on user accounts of the significance of public space as well as observations of how the South Bank is practised on a daily basis it argues that public space is valued not only for its essential material characteristics but also for the productive potential that these characteristics if properly managed afford on a daily basis At a time when policy makers urban planners and law enforcement authorities simultaneously grapple with pressures to deal with social problems such as street drinking vandalism and skateboarding and accusations that new modes of urban planning and civic management infringe upon civil liberties and dilute the publicity of public space this book offers an insightful account of the daily exigencies of public spaces In so doing it questions the utility of the public private binary for our understanding both of common urban space and of different sets of social practices and points towards the need to be attentive to productive processes in how we understand and experience urban open space as public

Architecture of the Everyday Deborah Berke, Steven Harris, 2012-04-17 Ordinary Banal Quotidian These words are rarely used to praise architecture but in fact they represent the interest of a growing number of architects looking to the everyday to escape the ever quickening cycles of consumption and fashion that have reduced architecture to a series of stylistic fads Architecture of the Everyday makes a plea for an architecture that is emphatically un monumental anti heroic and unconcerned with formal extravagance Edited by Deborah Berke and Steven Harris this collection of writings photo essays and projects describes an architecture that draws strength from its simplicity use of common materials and relationship to other fields of study Topics range from a website that explores the politics of domesticity to a transformation of the sidewalk in Los Angeles Little Tokyo to a discussion of the work of Robert Venturi and Denise Scott Brown Contributors include Margaret Crawford Peggy Deamer Deborah Fausch Ben

Gianni and Mark Robbins Joan Ockman Ernest Pascucci Alan Plattus and Mary Ann Ray Deborah Berke and Steven Harris are currently associate professors of architecture at Yale University and have their own practices in New York City *The Canadian Annual Review of Public Affairs* ,1911 Proceedings of the Advisory Council of Congregational Churches and Ministers ,1876 *The Power of Public Ideas* Robert B.
