than he ever imagined **The End of the Matter** Alan Dean Foster, 2002-03-26 Accompanied by his faithful minidrag Pip and a most troublesome alien called Abalamahalamatandra Ab for short Flinx set out for Alaspin the ruggedly primitive homeworld of his flying snake There he hoped to find the giant man with the gold earring who somehow held the key to Flinx's mysterious past and to the strange powers he possessed Chasing down his heritage was trouble enough but Flinx didn't know what real trouble was until he realized that the Qwarm a deadly assassin squad were three steps behind him with a contract to kill But the minidrag's homeworld did not offer safety and Flinx had a terrible time just staying alive a matter complicated to no mean degree by a collapsar already set on an unstoppable death course across the galaxy **The Light-years Beneath My Feet** Alan Dean Foster, 2005-06-28 Foster is in top form here entertainingly mixing politics comedy and intriguing alien anthropology Booklist Abducted by aliens to be sold as pets in a more civilized part of the galaxy earthlings Marcus Walker and a scruffy dog named George speech enhanced to increase his market value have managed to escape their captors Walker loves being humankind's first galactic traveler until he remembers he hasn't a clue where home is or how to get there So the erstwhile commodities broker becomes a chef whipping up delicacies for demanding alien palates Of course he never imagined that the way back to Chicago would involve swapping his easy living adopted planet for an all out age old war many parsecs away But hey it's all for a good cause he has George and their two fellow escapees for company and what else is there to do besides avoid nasty aliens Plenty as it turns out An enjoyable read Foster's writing is smooth and his characters engaging SFReader Sometimes humorous sometimes serious and always entertaining Library Journal **The Candle of Distant Earth** Alan Dean Foster, 2006-06-27 From science fiction legend and New York Times bestselling author Alan Dean Foster comes the climactic final novel in The Taken trilogy his electrifying space epic about a man and his dog for whom the expression out of this world takes on a whole new meaning Location is everything In Chicago Marcus Walker was a hotshot commodities broker In the cargo hold of the alien Vilenjji spaceship he and a laconic dog named George who has been speech enhanced to increase his value are just two more primitive creatures being shipped to the civilized part of the universe where the market for cuddly extraterrestrial pets is busting wide open Though Walker and George manage to escape man and dog are far from overjoyed being even farther from Earth billions of miles in fact and without a clue as to whether the direction home is up down or sideways Possessing universe level social skills Walker becomes the leader of his own armada Yet even a fleet commander is hard pressed to find a piece of space that no one's ever heard of much less cares to find To make matters worse it seems the Vilenjji are proving to be notoriously sore losers Even if Walker does pull off the impossible and pinpoint his needle of a solar system in the universe haystack there's a good chance that the unrelenting Vilenjji will get to him before he ever gets to Wrigley Field Yep it's a wide open universe out there bursting with possibilities and Walker's going to get hit with all of them Transformers: The Veiled Threat Alan Dean Foster, 2014-06-11 Life on earth has changed forever as humans and their courageous robotic allies the Autobots must warily

work together to protect the planet from the destructive forces of the evil Decepticons At the headquarters of NEST tech sergeant Epps and captain Lennox both guard and assist cyberneticist Kaminari Ishihara and the brooding Russian AI genius Petr Andronov as they explore the differences between organics and bots All around them alliances fray distrust grows suspicions mount and traitors come out of the shadows Meanwhile Optimus Prime the powerful leader of the Autobots who is also part of NEST plays defense as battles flare up from Australia to Zambia But escalating Decepticon attacks will culminate in a final confrontation from which no one man or machine will emerge unscathed *To Be Continued* Hope Apple, Merle L. Jacob, 2000-10-10 Keeping track of prolific authors who write fiction series was quite challenging for even the most ardent fan until *To Be Continued* debuted in 1995 Now readers will be happy that the soon to be released second edition has added 1 600 new books and 400 new series *To Be Continued* Second Edition maintains the first volume's successful formula that featured concise A to Z entries packed with useful information including titles publishers publication dates genre categories annotations and subject terms Among the genre categories that can be found in *To Be Continued* are romance science fiction crime novel horror adventure fantasy humor western war Christian fiction and others *Trouble Magnet* Alan Dean Foster, 2006-11-28 From science fiction icon Alan Dean Foster comes a blazing Pip Flinx adventure for fans of the green eyed redhead with awesome mental powers and his miniature flying dragon In this dazzling novel Flinx confirms his status as the galaxy's greatest magnet for big trouble Wandering out there in some remote region of the galaxy is a gargantuan sentient Tar Aiyem weapons system All Flinx has to do while his pals look after his injured love Clarity Held is find the hefty object and persuade it to knock out the monstrous evil that is hurtling through space to waste the entire Commonwealth A no brainer really especially for Flinx who is never without his loyal entourage of official snoops crazed zealots assorted goons and the occasional assassin Indeed the boy wonder and his mini drag Pip are eager to commence their heroic task just as soon as Flinx visits Visaria a dangerously depraved planet to convince himself that humans are indeed worth saving The chances of stumbling across high moral values and utopian ideals don't look promising what with Flinx playing a lawless Pied Piper to a gang of lying thieving juvenile delinquents But prospects really go south when Flinx runs afoul of the corrupt planet's ruthless crime king Still life is full of surprises and Flinx is about to get smacked by a passel of them by turns devastating heartening and positively jaw dropping For although Flinx came to Visaria to plumb the enigma of humankind there's another mystery waiting here a shocking clue about his own shadowy past **Quofum** Alan Dean Foster, 2008-10-28 Bestselling author Alan Dean Foster's new adventure takes place in the amazing Humanx Commonwealth home of the ever popular Pip Flinx Although the dynamic redhead and his daring minidrag do not appear in *Quofum* this knockout thriller sets the stage for their explosive date with destiny in the duo's final climactic adventure Flinx Transcendent The mission to planet Quofum is supposed to be a quickie for Captain Boylan and his crew Boylan is tasked with delivering four scientists two men one woman and one thranx to the unknown world setting up camp while the experts investigate flora and fauna then ferrying

them safely home The first surprise is that Quofum which regularly slips in and out of existence on Commonwealth monitors is actually there when Boylan and company arrive The second surprise is more about what Quofum is not The planet is not logical ordered or rational The team encounters three intelligent warring species some carbon based others silicate based all bizarre along with thousands of unique often unclassifiable life forms Quofum s wild biodiversity doesn t appear to be natural But if it is by design then by whose and for what purpose There are more revelations more highly evolved species waiting to be identified even tantalizing clues to a civilization light years ahead of the Commonwealth s But the crew members are not ready for the real shockers because none of them expect to find a killer in their midst or to discover that their spaceship is missing and with it all means of communication Of course the marooned teammates know nothing about the Great Evil racing toward the galaxy and they certainly have never heard of Flinx the only person with half a chance to stop it Nor do they know that Quofum could play a crucial role in defeating the all devouring monster from beyond One thing the scientists do know however is how to ferret out the truth But whether that will be enough to alter the course of the oncoming catastrophe is anyone s guess
