The Growth Of Presidential Power A Documented History:

The Growth of Presidential Power William M. Goldsmith, Arthur Meier Schlesinger, 1974 *The Growth of Presidential Power* William M. Goldsmith, 1974 **The Growth of Presidential Power** William M. Goldsmith, 1974 The Growth of Presidential Power William M. Goldsmith, 1974 **The Growth of Presidential Power a Documented History a Documented History** William M. Goldsmith, 1974 The Power of the Presidency Robert S. Hirschfield, 2017-07-05 The American presidency is the most powerful political office in the world But this impressive statement serves only to raise a whole series of fundamental questions What is the scope of presidential powers and what are its limits Can the president use all the authority of his office or is that authority more formal than effective Does the presidency have sufficient power to meet today's needs or do the problems of the modern age demand a more powerful executive Is there a danger of dictatorship in the growth of political authority or will the presidency remain an office of constitutional democratic leadership This book explores such questions by presenting a wide range of views on presidential power from a variety of sources original supporters and opponents of the office presidents themselves Supreme Court decisions and professional students of the presidency Thomas Jefferson: The Art of Power Jon Meacham, 2012-11-13 1 NEW YORK TIMES BESTSELLER From Pulitzer Prize winning biographer Jon Meacham a big grand absorbing exploration of not just Jefferson and his role in history but also Jefferson the man humanized as never before Entertainment Weekly Probably the best single volume biography of Jefferson ever written Gordon S Wood A BEST BOOK OF THE YEAR The New York Times Book Review The Washington Post Entertainment Weekly The Seattle Times St Louis Post Dispatch BookPage This magnificent biography brings vividly to life an extraordinary man and his remarkable times giving us Thomas Jefferson the man the politician and the president A Founder whose understanding of power and of human nature enabled him to move men and marshal ideas to learn from his mistakes and to prevail Jefferson was passionate about many things women his family science architecture gardening Monticello Paris and more He strove despite fierce opposition to realize his vision the creation survival and success of popular government in America Drawing on archives in the United States England and France as well as unpublished transcripts of Jefferson presidential papers Jon Meacham shows us the personal Jefferson a man of appetite sensuality and passion He also presents Jefferson as the most successful political leader of the early republic and perhaps in all American history a leader who found the means to endure and to win His story resonates today not least because he led his nation through ferocious partisanship amid economic change and external threats Jefferson also embodies an eternal drama the struggle of the leadership of a nation to achieve greatness in a difficult and confounding world The Growth of Presidential Power William M. Goldsmith, 1974 **The American Presidency** Sidney M. Milkis, Michael Nelson, 2015-03-03 The American Presidency examines the constitutional foundation of the executive office and the social economic political and international forces that have reshaped it along with the influence individual presidents have had Authors Sidney Milkis and

Michael Nelson look at each presidency broadly focusing on how individual presidents have sought to navigate the complex and ever changing terrain of the executive office and revealing the major developments that launched a modern presidency at the dawn of the twentieth century By connecting presidential conduct to the defining eras of American history and the larger context of politics and government in the United States this award winning book offers perspective and insight on the limitations and possibilities of presidential power In this Seventh Edition marking the 25th anniversary of *The American Presidency* s publication the authors add new scholarship to every chapter reexamine the end of George W Bush s tenure assess President Obama s first term in office and explore Obama s second term

Guide to the Presidency Michael Nelson, 2015-05-01 The *Guide to the Presidency* is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the *Guide* arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton s Inaugural Address and another which provides results from elections and polls and statistics from each office

Rising Tide Randy Roberts, Ed Krzemienski, 2013-08-20 The extraordinary story of how Coach Paul Bear Bryant and Joe Namath his star quarterback at the University of Alabama led the Crimson Tide to victory and transformed football into a truly national pastime During the bloodiest years of the civil rights movement Bear Bryant and Joe Namath two of the most iconic and controversial figures in American sports changed the game of college football forever Brilliantly and urgently drawn this is the gripping account of how these two very different men Bryant a legendary coach in the South who was facing a pair of ethics scandals that threatened his career and Namath a cocky Northerner from a steel mill town in Pennsylvania led the Crimson Tide to a national championship To Bryant and Namath the game was everything But no one could ignore the changes sweeping the nation between 1961 and 1965 from the Freedom Rides to the integration of colleges across the South and the assassination of President Kennedy Against this explosive backdrop Bryant and Namath changed the meaning of football Their final contest together the 1965 Orange Bowl was the first football game broadcast nationally in color during prime time signaling a new era for the sport and the nation Award winning biographer Randy Roberts and sports historian Ed Krzemienski showcase the moment when two thoroughly American traditions football and Dixie collided A compelling story of race and politics honor and the will to win *Rising Tide* captures a singular time in America More than a

history of college football this is the story of the struggle and triumph of a nation in transition and the legacy of two of the greatest heroes the sport has ever seen Agency Under Stress Martha Derthick, 2011-03-01 Prize winning author Martha Derthick draws on the recent experience of the Social Security Administration to examine the quality of policymaker s guidance and the feasibility of their policies Derthick concludes that many structural features of American government hinder good administration that policymakers lack concern for administration and that they often miscalculate the administrative consequences of their policy choices To illustrate this argument Agency Under Stress analyzes two much publicized cases of poor performance by one of the biggest and best established of U S government agencies the Social Security Administration The first case is that of the supplemental security income program to support needy blind aged and disabled persons Given responsibility of administering the program in 1974 the Social Security Administration was unequal to the task many payments were made in error many eligible persons were not paid computer systems were not ready field employees worked millions of hours of overtime and other agency programs suffered The second case is that of an eligibility review that Congress ordered the Social Security Administration to conduct for disability insurance recipients in the 1980s The results were similarly traumatic of over 1 2 million cases examined 495 000 had benefits terminated and flooded with appeals the courts ruled overwhelmingly against the agency Derthick s analysis and conclusions have far reaching implications for how the government can effectively serve its clients *Guide to the Presidency and the Executive Branch* Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn *Guide to the Presidency and the Executive Branch* for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments

presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions *John Tyler, the Accidental President* Edward P. Crapol, 2012-01-01 John Tyler the Accidental President Constitutional Ambiguity and the Interpretation of Presidential Power Richard W. Waterman, 2025-02-01 Examines the role of constitutional ambiguity across the entire spectrum of American history and how it impacts our interpretation of presidential power While the rise of autocratic presidential powers has been widely noted by scholars in recent years with calls by some for a stronger or more accountable presidency *Constitutional Ambiguity and the Interpretation of Presidential Power* is among the first entirely dedicated to a study of the impact of this ambiguity on how scholars judges and presidents have understood executive power Embarking on a detailed examination of legal historical and political science literature across the broad scope of American history Richard W. Waterman examines the concerns of the Constitution's Framers regarding the fear of monarchy and a tyrannical president He then discusses the writing and ratification of the Constitution and by drawing on insights from the time of the Framers to the present day he provides a unique historical timeline related to the discussion and analysis of constitutional ambiguity Over the course of several chapters he finds that no sole theory defines presidential power and ambiguity rules the day allowing presidents to find power in the Constitution's silences as well as its various nooks and crannies which has led to the very real danger of an autocratic presidency Presidents' Most Wanted™ Nick Ragone, 2008-01-01 The presidency is a special office Along with the vice president the victorious candidate is our only nationally elected official and the position has come to symbolize American government worldwide In many ways the office is greater than the people who have occupied it In the 200 plus years of our nation's history the presidency has grown and evolved dramatically With the exception of Abraham Lincoln and Andrew Jackson the nineteenth century office holders exerted little executive power and mostly deferred to Congress on domestic affairs Teddy Roosevelt began to change all that and FDR completed the transformation with his New Deal laying the foundations for the modern presidency With the onset of the Cold War the imperial presidency was in full bloom and after a brief lull the government's response to the war on terror has given the office new and unprecedented powers Undoubtedly now the presidency is not only the most powerful and important job in the United States but arguably in the world *Presidents Most Wanted* celebrates the office the people who inhabited it and the process of winning it with thirty five chapters packed full of all sorts of presidential trivia It covers everything from elections to first

ladies to blunders and triumphs and gives the reader an in depth look at the most powerful person in the world **The National Security Constitution** Harold Hongju Koh,1990-01-01 Discusses the Iran Contra affair and its implications

David McCullough Library E-book Box Set David McCullough,2011-05-24 Perfect for David McCullough fans and history lovers alike this ebook boxed set features all of his bestselling titles from 1776 to Mornings on Horseback This ebook box set includes all of David McCullough s bestselling titles 1776 is the riveting story of George Washington the men who marched with him and their British foes in the momentous year of American independence Brave Companions contains profiles of the exceptional men and women who shaped history among them Alexander von Humboldt Harriet Beecher Stowe and Charles and Anne Lindbergh The Great Bridge is the remarkable enthralling story of the planning and construction of the Brooklyn Bridge which linked two great cities and epitomized American optimism skill and determination John Adams is the magisterial Pulitzer Prize winning biography of the independent irascible Yankee patriot one of our nation s founders and most important figures who became our second president The Johnstown Flood is the classic history of an American tragedy that became a scandal in the age of the Robber Barons the preventable flood that destroyed a town and killed 2 000 people Mornings on Horseback is the brilliant National Book Award winning biography of young Theodore Roosevelt s metamorphosis from sickly child to a vigorous intense man poised to become a national hero and then president Path Between the Seas is the epic National Book Award winning history of the heroic successes tragic failures and astonishing engineering and medical feats that made the Panama Canal possible Truman is the Pulitzer Prize winning biography of Harry Truman the complex and courageous man who rose from modest origins to make momentous decisions as president from dropping the atomic bomb to going to war in Korea A special bonus is included The Course of Human Events In this Jefferson Lecture in the Humanities David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history s enduring impact and influence and he affirms the significance of history in teaching us about human nature through the ages *Theodore Rex* Edmund Morris,2010-11-24 NEW YORK TIMES BESTSELLER A shining portrait of a presciently modern political genius maneuvering in a gilded age of wealth optimism excess and American global ascension San Francisco Chronicle WINNER OF THE LOS ANGELES TIMES BOOK PRIZE FOR BIOGRAPHY Theodore Rex is one of the great histories of the American presidency worthy of being on a shelf alongside Henry Adams s volumes on Jefferson and Madison Times Literary Supplement Theodore Rex is the story never fully told before of Theodore Roosevelt s two world changing terms as President of the United States A hundred years before the catastrophe of September 11 2001 TR succeeded to power in the aftermath of an act of terrorism Youngest of all our chief executives he rallied a stricken nation with his superhuman energy charm and political skills He proceeded to combat the problems of race and labor relations and trust control while making the Panama Canal possible and winning the Nobel Peace Prize But his most historic achievement remains his creation of a national conservation policy and his monument millions of acres of

protected parks and forest Theodore Rex ends with TR leaving office still only fifty years old his future reputation secure as one of our greatest presidents No Sense of Place Joshua Meyrowitz, 1986-12-11 How have changes in media affected our everyday experience behavior and sense of identity Such questions have generated endless arguments and speculations but no thinker has addressed the issue with such force and originality as Joshua Meyrowitz in No Sense of Place Advancing a daring and sophisticated theory Meyrowitz shows how television and other electronic media have created new social situations that are no longer shaped by where we are or who is with us While other media experts have limited the debate to message content Meyrowitz focuses on the ways in which changes in media rearrange who knows what about whom and who knows what compared to whom making it impossible for us to behave with each other in traditional ways No Sense of Place explains how the electronic landscape has encouraged the development of More adultlike children and more childlike adults More career oriented women and more family oriented men and Leaders who try to act more like the person next door and real neighbors who want to have a greater say in local national and international affairs The dramatic changes fostered by electronic media notes Meyrowitz are neither entirely good nor entirely bad In some ways we are returning to older pre literate forms of social behavior becoming hunters and gatherers of an information age In other ways we are rushing forward into a new social world New media have helped to liberate many people from restrictive place defined roles but the resulting heightened expectations have also led to new social tensions and frustrations Once taken for granted behaviors are now subject to constant debate and negotiation The book richly explicates the quadruple pun in its title Changes in media transform how we sense information and how we make sense of our physical and social places in the world
