**What Reviewers Are Saying:** The authors' thorough coverage of this material in an organized format is exactly why I chose this text over others. Janice G. Wells, Ph.D., Winthrop University. The readability of all these chapters is very good for either graduate or undergraduate level. This is certainly one of the most important overall strong points of the text. Daniel Liechty, Ph.D., Dmin, ACSW, LCSW, Illinois State University. An Introduction to Group Work Practice is very comprehensive and well researched. It has the rigor that I would expect in a substantial treatment of this subject but the accessibility to the beginning student. It's very informative. Matthew R. Buckley, Ed.D., Delta State University. I believe the text includes virtually everything that should be included in a beginning group work textbook. Its completeness is a great strength. Kendra J. Garrett, DSW, University of St. Thomas. Students study smarter, not harder, with these grade-boosting supplements from Allyn Bacon.
