Slaves Of Isis Volume 3:

And God Knows the Martyrs Nathan S. French, 2020-03-24 Narratives of Jihadi Salafi operations are often filled with praise for what are considered exemplary acts of self renunciation in the vein of early Islamic tradition While many studies sift through the biographies of these so called martyrs for evidence of social psychological political or economic strain in an effort to rationalize what are often labeled suicide bombings Nathan French argues that through their legal arguments Jihadi Salafis craft a theodicy that is meant to address the suffering and oppression of the global Muslim community

Liminal Minorities Günes Murat Tezcür, 2024-04-15 Winner of the Religion and International Relations Book Award of the Religion and International Relations Section of the International Studies Association Winner of the Hubert Morken Award of the Religion and Politics Section of the American Political Science Association *Liminal Minorities* addresses the question of why some religious minorities provoke the ire of majoritarian groups and become targets of organized violence even though they lack significant power and pose no political threat Güne Murat Tezcür argues that these faith groups are stigmatized across generations as they lack theological recognition and social acceptance from the dominant religious group Religious justifications of violence have a strong mobilization power when directed against liminal minorities which makes these groups particularly vulnerable to mass violence during periods of political change Offering the first comparative historical study of mass atrocities against religious minorities in Muslim societies Tezcür focuses on two case studies the Islamic State's genocidal attacks against the Yezidis in northern Iraq in the 2010s and massacres of Alevis in Turkey in the 1970s and 1990s while also addressing discrimination and violence against followers of the Bahá'í faith in Iran and Ahmadis in Pakistan and Indonesia Analyzing a variety of original sources including interviews with survivors and court documents Tezcür reveals how religious stigmatization and political resentment motivate ordinary people to participate in mass atrocities

Captives and Companions Justin Marozzi, 2025-10-21 The definitive history of the slave trade in the Islamic world a story that has been overshadowed by its notorious but shorter lived Atlantic counterpart Slavery in the Islamic world has a long complex and controversial history In the earliest days of Islam Arab Muslims enslaved men women and children as the spoils of war In the following centuries young boys were imported to imperial Islamic courts in enormous numbers Some were castrated to serve as eunuch guardians of sacred spaces from the imperial harem of Istanbul to the Prophet's Mosque in Medina Others were harvested by the Ottomans to serve as Janissaries the sultan's elite infantry unit Some even rose to

the highest levels of political and military command making a mockery of their slave status For wom leading concubines became powerful figures in their own right In the ninth century Golden Age of Baghdad the most beautiful and accomplished courtesans were among the richest most celebrated figures of their day In the twentieth century more than a thousand years later their cosmopolitan counterparts were still entertaining Ottoman sultans Yet it was Africa which bore the brunt of the Islamic world s insatiable demand for slave labour Slavers plied its Mediterranean Atlantic and Indian Ocean coasts traders raided inland for human cargo and millions of enslaved Africans trudged across the Sahara into captivity Meanwhile North African corsairs turned the Mediterranean into a slaving free for all between Muslims Christians and Jews The sheer longevity of slavery was no less surprising Arab Muslims adapted and regulated this practice within an Islamic context Sanctioned by the Prophet Mohammed legitimated by the Quran and holy law slavery endured for fifteen centuries Abolition had few champions and came late in the day hereditary slavery continues even today in Mali and Mauritania

Captives and Companions takes the reader on an extraordinary historical journey across deserts continents and oceans from Baghdad to Bamako Tripoli to Timbuktu Istanbul to the Black Sea and reveals a hidden but vital chapter in our understanding of world civilization
