Phylogenetically Aves is usually defined as all descendants of the most recent common ancestor of modern birds or of a specific modern bird species like *Passer domesticus* and *Archaeopteryx*. Modern phylogenies place birds in the dinosaur clade Theropoda. Modern birds are divided into two superorders: the Paleognathae (mostly flightless birds like ostriches) and the wildly diverse Neognathae containing all other birds.

**Woke Cinderella** Suzy Woltmann, 2020-10-14 Glass slippers a fairy godmother a ball a prince an evil stepfamily and a poor girl known for sitting amongst the ashes incarnations of the Cinderella fairy tale have resonated throughout the ages Hidden between the lines of this fairy tale exists a history of fantasy about agency power and empowerment This book examines twenty first century Cinderella adaptations that envision the classic tale in the twenty first century through the lens of wokeness by shifting rhetorical implications and self reflexively granting different possibilities for protagonists The contributors argue that the Cinderella archetype expands past traditional takes on the passive princess From Sex and the City to Game of Thrones from cyborg Cinderellas to Inglorious Basterds contributors explore gender bending and feminist adaptations explorations of race and the body and post human and post truth rewritings The collection posits that contemporary Cinderella adaptations create a substantive cultural product that both inform and reflect a contemporary social zeitgeist

**The Mouse and the Myth** Dorene Koehler, 2017-04-24 Upholds a Disney vacation as a religious experience offers insightful arguments relating to the nature of play as well as Nietzschean philosophy Reading Religion Rituals mark significant moments in our lives perhaps none more significant than moments of lightheartedness joy and play Rituals of play are among the most sacred of any of the rites in which humanity may engage Although we may fail to recognize them they are always present in culture providing a kind of psychological release for their participants child and adult alike Disneyland is an example of the kind of container necessary for the construction of rituals of play This work explores the original Disney theme park in Anaheim as a temple cult It challenges the disciplines of mythological studies religious studies film studies and depth psychology to broaden traditional definitions of the kind of cultural apparatus that constitute temple culture and ritual It does so by suggesting that Hollywood's entertainment industry has developed a platform for mythic ritual After setting the ritualized stage this book turns to the practices in Disneyland properly analyzing the patron's traditions within the framework of the park and beyond It explores Disneyland's spectacles through selected shows and parades and concludes with an exploration of the park's participation in ritual renewal There is much to commend in Koehler's study Surely her work should encourage others to examine myth construction and sacred secular rituals in popular culture H Celebration
