life However Zoo continues to interfere so Octapella like a mermaid keeps going back to her mother for advice instead of her fianc The book resembles a reflection of the Cinderella story Questions seem to unveil Do we live in a society where evil is prevailing and becoming the ruler the norm and way of life Do we have immature people in higher up places of authority making decisions to the people and for the people This story unfolds We can sweep off and brush away the dirt on society through detection by observation and then making awareness for other to adjust accordingly for the better There is always room to make change for the better of the people Steven and Octapella move in together They practice together the steps and ceremony of marriage in church however never reach the point of marriage As the same time Steven practices for war and eventually goes off to war for five years in the deserts of Iraq It is not Octapella who needs rescue from a knight in shining armor It is their daughter Santana Maria Worse the presidential judge happens to have the same character of Zoo and Octapella a social behavioral disease that carries internal deception an intergenerational violent behavior of selfishness hate control shaming jealousy and unjust Therefore a tease of unfairness just for their personal satisfaction People like Judge Sorrow Zoo and Octapella love the center of attention and being in charge only to spread more corruption in decision making They must have the final word right or wrong They despise when others are smarter keen happy organized correct and content without drama Judge Sorrow s technique in court is not to make a final decision Even after fifteen years Steven continues to ring more evidence and the judge says she needs more evidence and in the meantime gives Steven zero custody Like an undertow families get separated because of a misrepresentation heartbroken allegation false promised arbitration all from a malpracticed broken lopsided slippery slope inconsiderate judge s sloppy careless and weak rulings **Pilgrimage**

New York Court of Appeals. Records and Briefs. New York (State)., **Honest Patriots** Donald W. Shriver Jr.,2008-09-04 In Honest Patriots renowned public theologian and ethicist Donald W Shriver Jr argues that we must acknowledge and repent of the morally negative events in our nation's past The failure to do so skews the relations of many Americans to one another breeds ongoing hostility and damages the health of our society Yet our civic identity today largely rests on denials forgetfulness and inattention to the memories of neighbors whose ancestors suffered great injustices at the hands of some dominant majority Shriver contends that repentance for these injustices must find a place in our political culture Such repentance must be carefully and deliberately cultivated through the accurate teaching of history by means of public symbols that embody both positive and negative memory and through public leadership to this end Religious people and religious organizations have an important role to play in this process Historically the Christian tradition has concentrated on the personal dimensions of forgiveness and repentance to the near total neglect of their collective aspects Recently however the idea of collective moral responsibility has gained new and public visibility Official apologies for past collective injustice have multiplied along with calls for reparations Shriver looks in detail at the examples of Germany and South Africa and their pioneering efforts to foster and express collective repentance He then turns to the historic wrongs perpetrated against African Americans and Native Americans and to recent efforts by American citizens and governmental bodies to seek public justice by remembering public injustice The call for collective repentance presents many challenges What can it mean to morally master a past whose victims are dead and whose sufferings cannot be alleviated What are the measures that lend substance to language and action expressing repentance What symbolic and tangible acts produce credible turns away from past wrongs What are the dynamics psychological social and political whereby we can safely consign an evil to the past How can public life witness to corporate crimes of the past in such a way that descendants of victims can be confident that they will never be repeated In his provocative answers to these questions Shriver creates a compelling new vision of the collective repentance and apology that must precede real progress in relations between the

races in this country *The Great Depression and the New Deal* Daniel Leab, Kenneth J. Bindas, Alan Harris Stein, Justin Corfield, Steven L. Danver, 2009-12-18 A comprehensive encyclopedia of the 1930s in the United States showing how the Depression affected every aspect of American life In two volumes *The Great Depression and the New Deal A Thematic Encyclopedia* captures the full scope of a defining era of American history Like no other available reference it offers a comprehensive portrait of the nation from the Crash of 1929 to the onset of World War II exploring the impact of the Depression and the New Deal on all aspects of American life The book features hundreds of alphabetically organized entries in sections focusing on economics politics social ramifications the arts and ethnic issues With an extraordinary range of primary sources integrated throughout *The Great Depression and the New Deal* is the new cornerstone resource on a historic moment that is casting a shadow on our own unsettled times **Reconciling Opposites** W. Royce Clark, 2022-02-04 The American justice system was founded on the idea of majority rule but in a democracy this is achievable only if the majority has the interests of the whole at heart Since the days of America's founding white Christian males created laws from their standpoint as the majority leading them to exercise power in a largely majoritarian way rather than upholding the interests of all citizens The nation has not realized its stated ideals of equality of liberty opportunity and justice for all As a solution W Royce Clark formulates a non majoritarian ethic based not on any majority but on a universal instinct the combination of Albert Schweitzer's will to live and Friedrich Nietzsche's will to power along with democratic principles articulated by John Rawls and James Madison which would represent all citizens **Liberty Means Freedom for All** Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It's an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place

just outside of town involving someone with whom he has become emotionally involved
