

A QUICK
OVERVIEW OF
FIFTH GRADE
COMMON CORE
STANDARDS

FIFTH GRADE

Parents of fifth graders will see a fair number of changes, and new expectations, in classroom work under the new standards. For students to be successful, teachers and parents need to be strong partners and have a clear understanding of the learning goals.

1

EXAMPLES OF

skills fifth graders should learn under Common Core

Fifth grade reading skills

- ➔ Summarizing a text's main points and explaining how those points are supported by specific details.
- ➔ Paying attention to the organization of what they're reading. Kids need to understand how the structure helps a story develop and flow.
- ➔ Reading and analyzing multiple points of view on the same topic and processing the information effectively.

Fifth grade writing skills

- ➔ Using several sources—books, periodicals, websites and digital sources—to investigate a topic from different angles. Fifth graders need to review, categorize and summarize the new information they learn.
- ➔ Doing several rounds of revisions, and perhaps doing a complete rewrite. This requires persistence—resulting in carefully researched, evidence-based writing.
- ➔ Structuring writing logically, be it an opinion piece, story or report. An opinion piece, for example, starts with an

Creative Learning for the Information Age Lyn Lesch, 2014-05-21 Creative Learning for the Information Age How Classrooms Can Better Prepare

Students second edition examines how students in their formative years can learn in a more creative manner and can become successful in an age in which knowledge travels so rapidly and is transformed so quickly This book sets forth several solutions such as new skills that allow students to perceive important relationships and connections within various subject matters a different type of accountability that is integrally tied to student initiative and a different learning structure that allows teacher and student to work together to develop subject matter which is more fully connected to the world of professional expertise Lyn Lesch also assesses certain barriers which may stand in the way of students learning more creatively in our current information age In particular he draws attention to an emphasis on standardized testing and the introduction of national core standards both of which significantly restrict the field of various subject matters and thereby restrict creative thinking and learning and the potential dulling of young people s inner lives along with a potentially distracted awareness being engendered in them by the technologies of our current digital age
