Six Crises

Conrad Black

Six Crises:

Six Crises Richard Nixon, 2013-01-08 For many years before he became President Richard Nixon's decisions vitally affected the well being of the nation Six of those decisions significantly shaped the man who would later become the 37th President of the United States Six Crises is a close up look at this dynamic man recalling the demands placed upon him the thinking behind his decisions and the pressures of political life *Richard Nixon* Paul Carter, 2023-09 This biography of Richard Nixon covers his uniquely Southern California life in full circle from his birth in Yorba Linda to his final resting place just a few yards from the home in which he was born **Wreath Layer Or Policy Player** Paul Kengor, 2000-01-01 Since World War II American vice presidents have played an ever increasing role in the nation's foreign policy This study of the foreign policy activities of five key vice presidents Richard Nixon Walter Mondale George Bush Dan Quayle and Al Gore provides the first comprehensive analysis of the role of the vice president in foreign policy affairs In order to bring readers to a better understanding of this role Paul Kengor asks incisive questions Did the vice presidents involvement in foreign policy actually benefit the administration If so what useful lessons can be drawn from their experiences Is there good reason to approve or reject an enhanced role in foreign policy for future vice presidents How specifically might the vice president be used in conducting the nation's international affairs The answers to these questions are crucial reading for scholars of the presidency and foreign policy for policy makers and for all of us assessing vice presidents past and future **Shame and Humiliation** Blema S. Steinberg, 1996-04-16 Steinberg focuses on the narcissistic personality identifying it as intensely self involved and preoccupied with success and recognition as a substitute for parental love She asserts that narcissistic leaders are most likely to use force when they fear being humiliated for failing to act and when they need to restore their diminished sense of self worth Providing case studies of Johnson Nixon and Eisenhower Steinberg describes the childhood maturation and career of each president documenting key personality attributes and then discusses each one's Vietnam policy in light of these traits She contends that Johnson authorized the bombing of Vietnam in part because he feared the humiliation that would come from inaction and that Nixon escalated U S intervention in Cambodia in part because of his low sense of self esteem Steinberg contrasts these two presidents with Eisenhower who was psychologically secure and was therefore able to carry out a careful and thoughtful analysis of the problem he faced in Indochina Shame and Humiliation reveals how personality traits affect our perception of reality and offers a powerful demonstration of the impact of psychodynamics on presidential decision making **The Invincible Quest** Conrad Black, 2009-02-24 The Invincible Quest is an authoritative biography of one of the most accomplished and controversial leaders of the twentieth century Beginning with Richard Nixon's birth to Quaker parents in 1913 and ending with his death in 1994 Conrad Black traces Nixon's career assessing both his achievements and the evolution of popular and historical thinking about him since his death Drawing on recently opened tapes and documents and on Black's personal interviews with many of the major players in Nixon's administration The

Invincible Quest reveals a new side of Nixon a man who didn't have the advantage of charisma but was surprisingly self-assured and effective a man dogged by political scandal yet seemingly unstoppable Opinionated balanced and perceptive The Invincible Quest makes a significant contribution to re-evaluating the idiosyncratic president's entire eventful career **One Lost Soul** Daniel Silliman, 2024-08-08 Impious and amoral petty and vindictive Richard Nixon is not the typical protagonist of a religious biography But spiritual drama is at the heart of this former president's tragic story The night before his resignation Richard Nixon wept and prayed Though his demanding parents had raised him Quaker he wasn't a regular churchgoer nor was he quick to express vulnerability As Henry Kissinger witnessed Nixon's loneliness and humiliation that night he remarked Can you imagine what this man would have been had somebody loved him In this provocative and riveting biography Daniel Silliman cuts to the heart of Nixon's tragedy Nixon wanted to be loved by God but couldn't figure out how This profound theological struggle underlay his successes and scandals his turbulent political career his history-changing victories and his ultimate disgrace As Silliman narrates the arc of his subject's life and career he connects Nixon's character to religious influences in twentieth-century America from Cold War Christianity to Chick tracts Silliman paints a nuanced spiritual portrait of the thirty-seventh president just as he offers fresh insight into US political and religious history Readers who lived through Watergate will discover a new perspective on an infamous controversy A historical page-turner One Lost Soul will surprise and absorb students scholars and anyone who likes a good story Television and the Making of Richard Nixon William T. Horner, 2022-07-13 While Richard Nixon's accomplishments and shortcomings are well documented one often ignored aspect of his career is his influence on the media conduct of politicians Nixon pioneered the use of visual media in politics beginning in the 1940s during his Congressional service His historic Checkers speech was the first of its kind a politician using television to save his political career His appearances on entertainment television which are now a normal feature of most national political campaigns broke new ground as well This book details the blueprint Nixon set for using television to achieve political goals Presidents have often used innovative media as strategic methods of communication and public relations The author argues that Nixon pioneered television media using it consistently to connect with the American public *The Contender* Irwin F. Gellman, 2017-01-01 Cover Half Title Title Copyright Dedication Contents Preface to the Paperback Edition Acknowledgments Preface 1 The Prerequisites for a Congressional Candidate 2 Nixon's First Primary 3 Nixon Versus Voorhis 4 Learning the Congressional Routine 5 Nixon and HUAC 6 The Herter Committee 7 Sharpening Foreign and Domestic Priorities 8 Running for Reelection 9 Moving Onto the National Stage 10 Nixon Chambers Versus Hiss 11 The Pumpkin Father Cronin the FBI and Duggan 12 Nixon Communism and the Truman Triumph 13 Stepping Sideways to Move Up 14 The 1950 Primary 15 Douglas Versus Nixon The Issues 16 Fifty-one Days in the Fall Nixon Versus Douglas Reality and Legend 17 Communism and Korea 18 Corruption in the Highest Places 19 Electability and Other Issues 20 The 1952 Convention Epilogue Nixon and His Detractors Whom Should We Believe Notes Bibliography Glossary of Characters

In Search of Nixon Bruce Mazlish, 2017-07-05 Who was the real Richard Nixon and why did he behave the way he did In this innovative work a distinguished historian trained in psychoanalysis unravels the riddle of Nixon's singularly opaque political personality Neither a political biography nor a clinical psychoanalysis at the time of its initial publication *In Search of Nixon* launched a new genre of scholarship the psychohistorical inquiry Mazlish offers insight into the subtle interplay between Nixon the man and Nixon the public figure Why for example did Nixon have such personal difficulties in making decisions Knowing how the young Nixon learned to cope with the problems of his childhood what can we infer about his unpredictable decisions on Communist China inflation and the Supreme Court Bruce Mazlish applies psychoanalysis to history in order to understand Nixon's behaviour decisions and political stance He explains why Nixon characteristically projected personal crises onto the political arena as for example in the famous Checkers speech or in the Haynsworth Carswell affair And he examines why conversely political questions such as pacifism abortion and subversion had such a peculiarly personal meaning for him

Reinventing Richard Nixon Daniel Frick, 2023-04-21 Nixon's the One proclaimed his campaign paraphernalia Tricky Dick retorted his detractors From presidential savior for conservative America to bête noire for the political Left the Richard Nixon persona has worn many masks and labels In fiction and poetry and pop songs in television and film no other national political figure has so thoroughly saturated our public consciousness with so many contrasting images Focusing on the process of Nixon's continuous reinvention Daniel Frick reveals a figure who continues to expose key fault lines in the nation's self definition Drawing on references ranging from *All in the Family* to Zappa and the Mothers of Invention he shows how Nixon has become one of America's most durable and multifaceted icons in the ongoing and fierce debates over the import and meaning of the last sixty years of national life Examining Nixon's autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon's version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon's state funeral at which Bob Dole's eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick's probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements Whether your image of Nixon is shaped by his autobiography *Six Crises* Oliver Stone's surprisingly sympathetic film *Nixon* John Adams's landmark opera *Nixon in China* or by the saga of Watergate *Reinventing Richard Nixon* expands on all perspectives It shows how through these contradictory mythic stories we continue

to reinvent much like Nixon himself our own sense of national identity 1960: LBJ vs. JFK vs. Nixon David Pietrusza, 2018-09-04 1960 aims to take us deeper into the campaign than Theodore White's famous *The Making of the President 1960*. And it does. *Chicago Sun Times*. This is award-winning historian David Pietrusza's hard-edged account of the 1960 presidential campaign, the election that ultimately gave America Camelot and its tragic aftermath. It is the story of the bare-knuckle politics of the primaries, the party conventions, backroom dealings, the unprecedented television debates, the hot-button issues of race, religion, and foreign policy, and at the center of it all, three future presidents: Lyndon Johnson, John F. Kennedy, and Richard Nixon. Terrific. Robert A. Caro, winner of two Pulitzer Prizes and the National Book Award. A stirring, hard-edged political saga. An outstanding reexamination. *Booklist*. 1960 provides new insights into that year's hard-fought pivotal election, but more than that, 1960 is great storytelling, a fascinating can't-put-it-down account of how American politics really works. *former United States Attorney General Richard Thornburgh*. Essential for understanding the political forces that in many ways shaped the world we live in today. David Mark, author of *Going Dirty: The Art of Negative Campaigning*. Alger Hiss's Looking-Glass Wars G. Edward White, 2004-03-11 For decades a great number of Americans saw Alger Hiss as an innocent victim of McCarthyism, a distinguished diplomat railroaded by an ambitious Richard Nixon. And even as the case against Hiss grew over time, his dignified demeanor helped create an aura of innocence that outshone the facts in many minds. Now G. Edward White deftly draws together the countless details of Hiss's life, from his upper-middle-class childhood in Baltimore and his brilliant success at Harvard to his later career as a self-made martyr to McCarthyism, to paint a fascinating portrait of a man whose life was devoted to perpetuating a lie. White catalogs the evidence that proved Hiss's guilt: from Whittaker Chambers's famous testimony to copies of State Department documents typed on Hiss's typewriter to Allen Weinstein's groundbreaking investigation in the 1970s. The author then explores the central conundrums of Hiss's life: Why did this talented lawyer become a Communist and a Soviet spy? Why did he devote so much of his life to an extensive public campaign to deny his espionage? And how, without producing any new evidence, did he convince many people that he was innocent? White offers a compelling analysis of Hiss's behavior in the face of growing evidence of his guilt, revealing how this behavior fit into an ongoing pattern of denial and duplicity in his life. The story of Alger Hiss is in part a reflection of Cold War America, a time of ideological passions, partisan battles, and secret lives. It is also a story that transcends a particular historical era, a story about individuals who choose to engage in espionage for foreign powers and the secret worlds they choose to conceal. In White's skilled hands, the life of Alger Hiss comes to illuminate both of those themes. **New York Magazine**, 1974-08-26 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

Campaign of the Century Irwin F. Gellman, 2022-01-04 Based on massive new research a compelling and surprising account of the twentieth century's closest election The 1960 presidential election between John F Kennedy and Richard Nixon is one of the most frequently described political events of the twentieth century yet the accounts to date have been remarkably unbalanced Far more attention is given to Kennedy's side than to Nixon's The imbalance began with the first book on that election Theodore White's *The Making of the President 1960* in which as he later admitted White deliberately cast Kennedy as the hero and Nixon as the villain and it has been perpetuated in almost every book since then Few historians have attempted an unbiased account of the election and none have done the archival research that Irwin F Gellman has done Based on previously unused sources such as the FBI's surveillance of JFK and the papers of Leon Jaworski vice presidential candidate Henry Cabot Lodge and many others this book presents the first even handed history of both the primary campaigns and the general election The result is a fresh engaging chronicle that shatters long held myths and reveals the strengths and weaknesses of both candidates

Nixon Volume I Stephen E. Ambrose, 2014-03-18 From acclaimed biographer Stephen E Ambrose comes the life of one of the most elusive and intriguing American political figures Richard M Nixon From his difficult boyhood and earnest youth to his ruthless political campaigns for Congress and Senate to his defeats in '60 and '62 Richard Nixon emerges life size in all his complexity New York Times bestselling author Stephen Ambrose charts the peaks and valleys of Nixon's first fifty years his critical support as a freshman congressman of the Truman Doctrine and the Marshall Plan his involvement in the House Committee on Un American Activities his aggressive pursuit of Alger Hiss his ambivalent relationship with Eisenhower and more It is the consummate biography and a stunning political odyssey

Nixon Stephen E. Ambrose, 1987 Volume one of Nixon's biography

Just Plain Dick Kevin Mattson, 2012-09-18 A behind the scenes 60th anniversary commemoration of the 37th President's famous Checkers speech demonstrates how it salvaged a psychologically troubled Nixon's position on Eisenhower's Republican ticket set the tone for the 1952 campaign and reflected period politics and culture By the author of *What the Heck Are You Up To Mr President*

Red Scare Clay Risen, 2025-03-18 From an award winning historian and New York Times reporter comes the timely story about McCarthyism that both lays out the many mechanisms of repression that made the Red Scare possible and describes how something that once seemed so terrifying and interminable did in fact come to an end The New Yorker based in part on newly declassified sources Now for the first time in a generation Clay Risen delivers a narrative history of the anti Communist witch hunt that gripped America in the decade following World War II This period known as the Red Scare was an outgrowth of the conflict between social conservatives and New Deal progressives and the terrifying onset of the Cold War Marked by an unprecedented degree of political hysteria this was a defining moment in American history completely unlike any that preceded it Drawing upon newly declassified documents and with scenes are so vivid that you can almost feel yourself sweating along with the witnesses The New York Times Book Review journalist Clay Risen recounts how politicians like

Joseph McCarthy with the help of an extended network of other government officials and organizations systematically ruined thousands of lives in their deluded pursuit of alleged Communist conspiracies Beginning with the origins of the era after WWI through to its conclusion in 1957 Risen brings to life the politics patriotism courage and delirium of those years Red Scare takes us beyond the familiar story of McCarthyism and the Hollywood blacklists and toward a fuller understanding of what the country went through at a time of moral questioning and perceived threat from the Left and what we were capable of doing to each other as a result Thorough impassioned detailed and tension packed Los Angeles Times Red Scare reveals an all too familiar pattern of illiberal conspiracy mongering and political and cultural backlash that speaks directly to the antagonism and divisiveness of our contemporary moment

Being Nixon Evan Thomas, 2016-03-08 The landmark New York Times bestselling biography of Richard M Nixon a political savant whose gaping character flaws would drive him from the presidency and forever taint his legacy A biography of eloquence and breadth No single volume about Nixon's long and interesting life could be so comprehensive Chicago Tribune One of Time's Top 10 Nonfiction Books of the Year In this revelatory biography Evan Thomas delivers a radical unique portrait of America's thirty seventh president Richard Nixon a contradictory figure who was both determinedly optimistic and tragically flawed One of the principal architects of the modern Republican Party and its silent majority of disaffected whites and conservative ex Dixiecrats Nixon was also deemed a liberal in some quarters for his efforts to desegregate Southern schools create the Environmental Protection Agency and end the draft The son of devout Quakers Richard Nixon not unlike his rival John F Kennedy grew up in the shadow of an older favored brother and thrived on conflict and opposition Through high school and college in the navy and in politics Nixon was constantly leading crusades and fighting off enemies real and imagined He possessed the plainspoken eloquence to reduce American television audiences to tears with his career saving Checkers speech meanwhile Nixon's darker half hatched schemes designed to take down his political foes earning him the notorious nickname Tricky Dick Drawing on a wide range of historical accounts Thomas's biography reveals the contradictions of a leader whose vision and foresight led him to achieve détente with the Soviet Union and reestablish relations with communist China but whose underhanded political tactics tainted his reputation long before the Watergate scandal A deeply insightful character study as well as a brilliant political biography Being Nixon offers a surprising look at a man capable of great bravery and extraordinary deviousness a balanced portrait of a president too often reduced to caricature Praise for Being Nixon Terrifically engaging a fair insightful and highly entertaining portrait The Wall Street Journal Thomas has a fine eye for the telling quote and the funny vignette and his style is eminently readable The New York Times Book Review

The General and the Politician John W. Malsberger, 2014-03-27 As historian and author John W Malsberger writes in The General and the Politician Dwight Eisenhower Richard Nixon and American Politics no two political figures could have taken more different routes to the Presidency than did America's 34th and 37th Commanders in Chief Thrown together largely for political convenience by a Republican party struggling to

reinvent itself through years of post Depression Democratic dominance Dwight Eisenhower and Richard Nixon came to embody two radically different styles of leadership simultaneously defining for the American electorate where American politics had been and where they were headed While debate has raged amongst historians over the level of hostility the two men were rumored to harbor for one another there is as Malsberger points out a more accurate reading of their relationship available to us if we examine all the facts Taken in a broader context their relationship was much less a momentary collision of dissident styles and values than a genuine watershed moment in American politics from which our current political spectrum and electorate can trace their roots The General and the Politician thoroughly and accessibly details the intersection of two of 20th Century America s most powerful figures and examines their tenuous but transformative relationship to reveal the origins of political discussions and debates that we re still having today

Six Crises Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has are more evident than ever. They have the capability to inspire, provoke, and ignite change.
