Søren Kierkegaard's Journals and Papers Søren Kierkegaard, 1978 **Søren Kierkegaard's Journals and Papers, 1845-1855** Søren Kierkegaard, 1967 **Kierkegaard's Journals and Notebooks, Volume 2** Søren Kierkegaard, 2015-06-22 Søren Kierkegaard 1813-55 published an extraordinary number of works during his lifetime but he left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Volume 2 of this 11 volume edition of Kierkegaard's Journals and Notebooks includes materials from 1836 to 1846 a period that takes

Kierkegaard from his student days to the peak of his activity as an author In addition to containing hundreds of Kierkegaard's reflections on philosophy theology literature and his own personal life these journals are the seedbed of many ideas and passages that later surfaced in *Either/Or* *Repetition* *Fear and Trembling* *Philosophical Fragments* *The Concept of Anxiety* *Stages on Life's Way* *Concluding Unscientific Postscript* and a number of *Edifying Discourses* Kierkegaard's Journals and Notebooks, Volume 1 Søren Kierkegaard, 2015-06-22 I would like to write a novel in which the main character would be a man who got a pair of glasses one lens of which reduced images as powerfully as an oxyhydrogen microscope and the other of which magnified on the same scale so that he perceived everything relatively A flight of fancy by an aspiring science fiction writer While it may sound as such this wistful musing is one of the little discussed personal reflections of nineteenth century philosopher Søren Kierkegaard whose remarkable journals and notebooks unpublished during his lifetime are presented here The first of an eleven volume series produced by Copenhagen's Søren Kierkegaard Research Centre this volume is the first English translation and commentary of Kierkegaard's journals based on up to date scholarship It offers new insight into Kierkegaard's inner life In addition to early drafts of his published works the journals contain his thoughts on current events and philosophical and theological matters notes on books he was reading miscellaneous jottings and ideas for future literary projects Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the marginal comments he added later The new edition of the journals reproduces this format and contains photographs of original manuscript pages as well as extensive scholarly commentary Translated by leading experts on Kierkegaard *Journals and Notebooks* will become the benchmark for all future Kierkegaard scholarship **Taking Kierkegaard Back to Church** Aaron P. Edwards, 2022-05-13 Søren Kierkegaard's vociferous attacks upon Christendom have hardly endeared him to the ecclesial establishment yet the church continues to dismiss his paradoxical voice at its peril This book moves beyond the ill conceived postmodern interpretations of Kierkegaard's thought by illuminating his ecclesiological value through a distinctly kerygmatic lens Kierkegaard's authorship demonstrated this mission in creative and arresting ways His sharp critiques of academic theologians and duplicitous pastors remain starkly relevant today Furthermore his fascinating reflections on inconsequential sermons biblical defamiliarity indirect communication pastoral correctivity street preaching revivalism and even church furniture further illustrate the ways he sought to reimplant the gospel to a Christendom poisoned church Hearing Kierkegaard's ecclesiological voice afresh we also see its surprising applicability to the post Christendom situation which may like to think it has moved on without him This book will intrigue anyone interested in the fundamental questions of what it means to hear or not to hear the gospel today if we dare to allow our ears to do so Søren Kierkegaard Alastair Hannay, 2018-02-15 The Danish philosopher theologian and author Søren Kierkegaard is widely considered to be one of the most important and wide ranging religious thinkers of the modern age He is known as the father of existentialism but his work was also influential on theories of modernism theology Western culture church politics and the Christian faith His wit

imagination and humor have inspired a generation of followers from Woody Allen to Franz Kafka But how did this inattentive schoolboy rise to critique the work of great thinkers such as Hegel and the German romantics Who was the real and unusual person writing behind so many pseudonyms And in what way are Kierkegaard's concepts still relevant today In this absorbing new biography Alastair Hannay unravels the mystery of Søren Kierkegaard's short but momentous career Looking at both Kierkegaard the thinker and the person Hannay describes this controversial figure's key concepts and major works alongside the major incidents in his private and public life From Kierkegaard's longing for selfhood as expressed at the age of twenty two to a self provoked spat with a satirical weekly that has caused him to be caricatured to this day to a verbal assault on the Church in the months prior to his early death at the age of forty two Søren Kierkegaard is the fascinating story of a man destined to become a thorn in the side of society

Volume 19, Tome II: Kierkegaard Bibliography Peter Šajda, Jon Stewart, 2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I-V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI-VII is dedicated to shorter individual

bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies

[The Legacy of Kierkegaard](#) John Heywood Thomas, 2011-11-03 John Heywood Thomas was probably the earliest twentieth century British scholar to study Kierkegaard's texts Here he offers as the fruit of a lifetime's devotion to that study what Kierkegaard would call a fragment a little of what needs to be said about the legacy of this radical Danish writer philosopher and theologian This book based on lectures given at the University of Calgary seeks to explore different aspects of Kierkegaard's

work in its original context and its legacy Chapters include studies on Kierkegaard the writer located within the history and development of European literature and nineteenth century aesthetic theory and Kierkegaard the philosopher understood within the context of the development of philosophy in the first quarter of the nineteenth century Also since he always described himself as a religious thinker Kierkegaard s view of religion is explored and in particular his attitude to the possibility of Christianity without the confines of an established church Because Kierkegaard s philosophy is never separate from his religious thinking Heywood Thomas also offers studies on the issues of metaphysics in Kierkegaard its relation to theology the scope of reason the problem of time and the meaning of death Finally to appreciate Kierkegaard as a man of his time as well as a man for all seasons his views on education are considered Volume 12, Tome II: Kierkegaard's Influence on Literature, Criticism and Art Jon Stewart,2016-12-05 While Kierkegaard is primarily known as a philosopher or religious thinker his writings have also been used extensively by literary writers critics and artists worldwide who have been attracted to his creative mixing of genres his complex use of pseudonyms his rhetoric and literary style and his rich images parables and allegories The goal of the present volume is to document this influence in different language groups and traditions Tome II is dedicated to the use of Kierkegaard by later Danish writers Almost from the beginning Kierkegaard s works were standard reading for these authors Danish novelists and critics from the Modern Breakthrough movement in the 1870s were among the first to make extensive use of his writings These included the theoretical leader of the movement the critic Georg Brandes who wrote an entire book on Kierkegaard and the novelists Jens Peter Jacobsen and Henrik Pontoppidan The next generation of writers from the turn of the century and through the First World War also saw in Kierkegaard important points of inspiration These included Ernesto Dalgas and Harald Kidde who used elements of Kierkegaard s thought in their novels Modern Danish writers such as Karen Blixen Martin A Hansen and Villy S rensen have continued to incorporate Kierkegaard into their works There can be no doubt that Kierkegaard has indelibly stamped his name on Danish literature

Kierkegaard and Philosophy Alastair Hannay,2003-12-16 Kierkegaard and Philosophy makes many of the most important papers on Kierkegaard available in one place for the first time These seventeen essays written over a period of over twenty years have all been substantially revised or specially prepared for this collection with a new introduction by the author In the first part Alastair Hannay concentrates on Kierkegaard s central philosophical writings offering closely text based accounts of the silent concepts Kierkegaard uses The second part shows the relevance of other thinkers treatments of shared themes pointing out where they differ from Kierkegaard The concluding chapter provides a reason Kierkegaard himself would give for disagreeing with those who claim his texts are infinitely interpretable Written by the world s foremost Kierkegaard scholar and translator Kierkegaard and Philosophy is an indispensable resource for all students of Kierkegaard s work **Either/Or, Part II** Søren Kierkegaard,2013-04-21 S ren Kierkegaard the nineteenth century Danish philosopher rediscovered in the twentieth century is a major influence in contemporary philosophy religion and literature He regarded

Either Or as the beginning of his authorship although he had published two earlier works on Hans Christian Andersen and irony The pseudonymous volumes of Either Or are the writings of a young man I and of Judge William II The ironical young man's papers include a collection of sardonic aphorisms essays on Mozart modern drama and boredom and The Seducer's Diary The seeming miscellany is a reflective presentation of aspects of the either the esthetic view of life Part II is an older friend's or the ethical life of integrated authentic personhood elaborated in discussions of personal becoming and of marriage The resolution of the either or is left to the reader for there is no Part III until the appearance of Stages on Life's Way The poetic reflective creations of a master stylist and imaginative impersonator the two men write in distinctive ways appropriate to their respective positions

Beyond Immanence Alan J. Torrance, Andrew B. Torrance, 2023-05-25 Church Times As we traverse from the 19th and 20th centuries into the 21st this important study reminds us that these voices challenging the myopia of immanence with the prospect of transcendence remain no less applicable to our plight now than they were then Christianity Today Book Awards Academic Theology Finalist 2024 Critical insights into Kierkegaard's influence on Barth's theology Karl Barth was often critical of Søren Kierkegaard's ideas as he understood them But close reading of the two corpora reveals that Barth owes a lot to the melancholy Dane Both conceive of God as infinitely qualitatively different from humans and both emphasize the shocking nearness of God in the incarnation As public intellectuals they used this theological vision to protect Christocentric faith from political manipulation and compromise For Kierkegaard this meant criticizing the state church for Barth this entailed resisting Nazism Meticulously crafted by a father-son team of renowned systematic theologians *Beyond Immanence* demonstrates that Kierkegaard and Barth share a theological trajectory one that resists cynical manipulation of Christianity for political purposes in favor of uncompromising devotion to a God who is radically transcendent yet established kinship with humanity in time
