**Born Standing Up** Steve Martin,2008-09-04 Steve Martin has been an international star for over thirty years Here for the first time he looks back to the beginning of his career and charmingly evokes the young man he once was Born in Texas but raised in California Steve was seduced early by the comedy shows that played on the radio when the family travelled back and forth to visit relatives When Disneyland opened just a couple of miles away from home an enchanted Steve was given his first chance to learn magic and entertain an audience He describes how he noted the reaction to each joke in a ledger big laugh or quiet and assiduously studied the acts of colleagues stealing jokes when needed With superb detail Steve recreates the world of small dark clubs and the fear and exhilaration of standing in the spotlight While a philosophy student at UCLA he worked hard at local clubs honing his comedy and slowly attracting a following until he was picked up to write for TV From here on Steve Martin became an acclaimed comedian packing out venues nationwide One night however he noticed empty seats and realised he had reached the top of the rollercoaster BORN STANDING UP is a funny and riveting chronicle of how Steve Martin became the comedy genius we now know and is also a fascinating portrait of an era

**The Two Yvonnees** Jessica Greenbaum,2012-09-30 This is the second collection from a Brooklyn poet whose work many readers will know from the New Yorker Jessica Greenbaum s narrative poems in which objects and metaphor share highest honors attempt revelation through close observation of the everyday Written in plain American that cats and dogs can read as Marianne Moore phrased it these contemporary lyrics bring forward the challenges of Wis awa Szymborska the reportage of Yehuda Amichai and the formal forays of Marilyn Hacker The book asks at heart how does life

present itself to us and how do we create value from our delights and losses Riding on Kenneth Koch's instruction to find one true feeling and hang on The Two Yvonnés overtakes the present with candor meditation and the classic aspiration to shape lyric into a lasting force Moving from 1960s Long Island to 1980s Houston to today's Brooklyn the poems range in subject from the pages of the Talmud to a squirrel trapped in a kitchen One tells the story of young lovers warmed by the rays Their pelvic bones sent over the horizon of their belts while another describes the Bronx Zoo in winter where the giraffes pad about like nurses walking quietly outside a sick room Another poem defines the speaker via a packing slip of her parts brown eyes brown hair from hirsute tribes in Poland and Russia The title poem in which the speaker and friends stumble through a series of flawed memories about each other unearths the human vulnerabilities that shape so much of the collection From The Two Yvonnés WHEN MY DAUGHTER GOT SICK Her cries impersonated all the world The fountain's bubbling speech was just a trick But still I turned and looked as she implored Or leaned toward muffled noises through the bricks Just radio whose waves might be her wavering whose pitch might be her quavering I turned toward where the sirens might be Save Me Help me Mommy Mommy everything She too had said since sloughing off the world She took to bed and now her voice stays fused To air like outlines of a bygone girl The streets the lake the room just places bruised Without her form the way your sheets still hold Rough echoes of the risen sleeper cold
