influencing Europe's elite. Moreover, my research covers the history of the knights of Europe and the origins of European chivalry and how Arabic poetry played an important role in its establishment. Additional topics include Napoleon Bonaparte, The mystic shrine and the foundations of Orientalism.

For more than five hundred years the symbology of Freemasonry has fostered a secret stream of radical ideas running just beneath the surface of popular culture today. These ideas, illuminated by public symbols hidden in full view, have influenced and shaped the society we have today. Despite this ongoing record of inspiration, no illustrated guidebook to the basic ideas of Masonic Symbology has even been published, and the story remains mysterious until now. This authoritative guide reveals how this symbology has been the backdrop to key historical events in the history of humanity from ancient times and how, in more recent times, inspired leaders have harnessed the symbols' power to bring about change in society. Renowned Freemasonry historian Dr Robert Lomas takes you inside the Secret Order and shows you how Entered Apprentices first learn their craft and how continual exposure to these mystical symbols can change the way you think. You'll explore the six mysterious Tracing Boards that are at the heart of every Masonic Grand Lodge, ending with the final most mystical symbol known as the Centre Let. Let The Secret Power of Masonic Symbols be your personal guide and show you how these symbols have made their indelible mark on the past and how they will continue to influence society in the future.
