**The Routledge Companion to Literature and Feminism** Rachel Carroll, Fiona Tolan, 2023-12-01

The Routledge Companion to Literature and Feminism brings unique literary critical and historical perspectives to the relationship between women's writing and women's rights in British contexts from the late eighteenth century to the present. Thematically organised around five central concepts: Rights, Networks, Bodies, Production and Activism, the Companion tracks vital questions and debates, offering fresh perspectives on changing priorities and enduring continuities in relation to women's ongoing struggle for liberty and equality. This groundbreaking collection brings into focus the historical and cultural conditions which have shaped the formation of British literary feminisms, including the legacies of slavery, colonialism and Empire. From the political novel of the 1790s to early twentieth century suffrage theatre and contemporary ecofeminism, and from the mid-Victorian antislavery movement to anti-fascist activism in the 1930s and working class women's writing groups in the 1980s, this book testifies to the diverse and dynamic character of the relationship between literature and feminism. Featuring contributions from leading feminist scholars, the Companion offers new insights into the crucial role played by women's literary production in the evolving history of women's rights discourses, feminist activism and movements for gender equality. It will appeal to students and scholars in the fields of women's writing, British literature, cultural history and gender and feminist studies.

**Mapping the Invisible Landscape** Kent C. Ryden, 1993

Any landscape has an unseen component, a subjective component of experience, memory and narrative which people familiar with the place understand to be an integral part of its geography but which outsiders may not suspect the existence of. Unless they listen and read carefully, this invisible landscape is made visible through stories, and these stories are the focus of this engrossing book. Traveling across the invisible landscape in which we imaginatively dwell, Kent Ryden, himself a most careful listener and reader, asks the following questions: What categories of meaning do we read into our surroundings? What forms of expression serve as the most reliable maps to understanding those meanings? Our sense of any place, he argues, consists of a deeply ingrained experiential knowledge of its physical makeup, an awareness of its communal and personal history, a sense of our identity as being inextricably bound up with its events and ways of life, and an emotional reaction, positive or negative, to its meanings and memories. Ryden demonstrates that both folk and literary narratives about place bear a striking thematic and stylistic resemblance. Accordingly, *Mapping the Invisible Landscape* examines both kinds of narratives. For his oral materials, Ryden provides an in-depth analysis of narratives collected in the Coeur d'Alene mining district in the Idaho panhandle. For his consideration of written works, he explores the OC essay of place, the personal essay which takes as its subject a particular place and a writer's relationship to that place. Drawing on

methods and materials from geography folklore and literature Mapping the Invisible Landscape offers a broadly interdisciplinary analysis of the way we situate ourselves imaginatively in the landscape the way we inscribe its surface with stories Written in an extremely engaging style this book will lead its readers to an awareness of the vital role that a sense of place plays in the formation of local cultures to an understanding of the many layered ways in which place interacts with individual lives and to renewed appreciation of the places in their own lives and landscapes *The Welsh Fasting Girl* Varley O'Connor,2019-05-07 Praise for the Previous Novels of Varley O Connor Thoroughly researched and lively Vogue Elegantly wrought hardheaded and tenderhearted Michael Chabon Honesty and compassion inform every page and there are passages so musical and full of grace they read like hymns Reading groups should rejoice Sigrid Nunez O Connor captures the dangerous intersection between private life and the forces of history and gives the reader that rare pleasure of inhabiting another family life that feels at once entirely familiar and new Susan Richards Shreve Twelve year old Sarah Jacob was the most famous of the Victorian fasting girls who claimed to miraculously survive without food serving as flashpoints between struggling religious scientific and political factions In this novel based on Sarah s life and premature death from what may be the first documented case of anorexia an American journalist recovering from her husband s death in the Civil War leaves her home and children behind to travel to Wales where she investigates Sarah s bizarre case by becoming the young girl s friend and confidante Unable to prevent the girl s tragic decline while doctors nurses and a local priest keep watch she documents the curious family dynamic the trial that convicted Sarah s parents and an era s hysterical need to both believe and destroy Sarah s seemingly miraculous power Intense dark and utterly compelling *The Welsh Fasting Girl* delves into the complexities of a true story to understand how a culture s anxieties led to the murder of a child Varley O Connor is the author of five novels including *The Welsh Fasting Girl* *The Master s Muse* and *The Cure* She lives in Cleveland Heights Ohio **Conflict: 2nd Edition** Sandra I.
