The Meaning Of Ruah At Qumran:

The Meaning of Ruah at Qumran Arthur Everett Sekki, 1989 **The Wisdom Texts from Qumran and the Development of Sapiential Thought** Charlotte Hempel, Armin Lange, Hermann Lichtenberger, 2002 This volume comprises the lectures delivered at a conference on the sapiential texts from Qumran hosted by A Lange and H Lichtenberger in Tübingen 1998 as well as a number of additional contributions This literature although found in the Qumran library is mostly of non Essene origin and can be dated to the third and second century BCE with a single exception which might be even older The sapiential texts from Qumran add to the sparse corpus of postexilic sapiential literature and shed new light on the later Israelite and Jewish wisdom as well as on the sources from which early Christian wisdom traditions originated Therefore the volume attempts to understand the wisdom literature from Qumran in the broader context of sapiential thought in the Ancient Near East the Hebrew Bible Ancient Judaism and the New Testament Beyond this the volume further includes treatments of introductory and linguistic questions as well as articles on specific sapiential texts **The Spirit's Relation to the Risen Lord in Paul** Mehrdad Fatehi, 2000 Mehrdad Fatehi studies Paul's letters and shows that the risen Lord is featured in the religious experiences of Paul and the Pauline believers as the present and active lord of the new covenant community These experiences seem to point beyond the notion of a divine agent alongside God to a redefinition of the very concept of God in a way that it would include Christ within itself This is confirmed by the way Paul and the Pauline communities believed themselves to have experienced the risen Lord through God's Spirit In Judaism in general as well as in Paul the Spirit was not regarded as an entity distinct or separable from God but as God himself in his presence and action in and among his people Yet we have clear evidence in Paul's letters that the risen Christ was experienced and conceived of as being present and active through the Spirit bestowing grace and gracious gifts infusing wisdom communicating his will regenerating and transforming his people and dwelling in and among them all through the Spirit in a way which is best understood after the analogy of God's presence and work through the Spirit in Judaism In other words Paul's the Spirit of Christ is best understood after the analogy of the Spirit of God Paul's application of the Spirit language to describe and interpret the Christians experiences of the risen Lord shows that Paul most probably presupposed a redefinition of monotheism in which Christ would be included within the Godhead *An Introduction to the Complete Dead Sea Scrolls* Géza Vermès, 1999-01-01 A thorough revision of a classic work on these crucial extant texts *Mediating the Divine* Alex P. Jassen, 2007 This book is a comprehensive treatment of prophecy and revelation in the Dead Sea Scrolls It examines the reconfiguration of biblical prophecy and revelation the portrait of prophecy at the end of days and the evidence for ongoing prophetic activity *A Bibliography of the Finds in the Desert of Judah, 1970-95* Donald Parry, Florentino García Martínez, 2018-11-26 This volume contains a bibliography of the research on the Dead Sea Scrolls published during the last 25 years and as such it provides scholars with an indispensable tool for further research Although originally planned as a

continuation of B Jongeling's *A Classified Bibliography of the Finds of the Desert of Judah 1958-1969* the materials are presented in a different way in order to avoid unnecessary duplications of entries Each bibliographical entry is alphabetically listed in the first part of the book and is provided with an identification number which allows for multiple classifications The second part offers a sophisticated classification of the materials by themes topics and key words but also by manuscript numbers and titles of the compositions as well as by authors

4QInstruction : sagesse et eschatologie Jean-Sébastien Rey, 2009-01-31 This volume consists of an edition a translation and a commentary of the most important fragments of 4QInstruction Initially it deals with the linguistic characteristics of the scroll highlighting the links between 4QInstruction and Ben Sira and also with the Community Rule and the Hodayot It then investigates the Sapiential fragments dealing with poverty husband wife and parent child relationships Finally it examines the eschatological fragments The work seeks to improve the edition and understanding of this fundamental text enhancing our knowledge of the history and development of thinking at Qumran Moreover it examines links which 4QInstruction establishes between purely Sapiential discourse and descriptions of eschatological judgement This study substantially illuminates our understanding of the Wisdom movement in the early intertestamental period

Biblical Traditions in Transmission Charlotte Hempel, S.N.C. Lieu, 2006-05-01 This collection comprises eighteen papers by friends colleagues and students of Michal A Knibb on the theme of the transmission of biblical traditions in a variety of contexts In the main the articles deal with the transmission of biblical traditions in the versions the pseudepigrapha at Qumran and in early Christian writings The collection as a whole clearly demonstrates the way in which biblical traditions were shaped and re-shaped creatively in the biblical early Jewish and Christian literature

The Theme of Temple Christology in John's Gospel Stephen Um, 2006-08-31 This study not only carefully investigates the Jewish tradition of water and Spirit as the normative background of John 4 but also develops temple Christology by connecting these distinct traditions of water and the Spirit as eschatological life for John's use of Spirit as the source of new creational life The aim of this thesis is to answer the following three crucial questions in order to sustain the development of the temple Christological theme in John 4 1 What does the image of water represent 2 What does it mean to worship in Spirit and truth and 3 How do the disparate parts water scene 4 6 15 and the Spirit scene 4 20 26 function as a whole

John the Baptizer and Prophet Robert L. Webb, 2006-10-01 This volume a revised version of a doctoral dissertation submitted to the University of Sheffield in 1990 places John the Baptist within his first century Jewish context by exploring his public roles and activities as a baptizer and a prophet as they would have been understood within the sociohistorical context of Second Temple Judaism After surveying the relevant traditions concerning John the Baptist in particular Josephus canonical Gospels and extracanonical sources the volume turns to the use of ablutions and immersions in the Hebrew Bible in Second Temple Jewish literature and especially in the Qumran literature In light of this context several functions of John's baptism are proposed both in continuity with his context and in distinction from it Then Webb explores John's role as a prophet in two

respects First after surveying the expectation of eschatological figures of judgment and restoration in the Hebrew Bible and Second Temple Jewish literature John's own proclamation of a coming one is understood as describing Yahweh's coming to judge and restore but through an unspecified human agent Second in light of the varieties of prophetic figures in the Second Temple period John is best understood as a popular prophet who uses the symbolic event of the people's baptism in the Jordan River and their return home to symbolize not only their entrance into the true remnant Israel but also their entrance into the Promised Land When this symbolic activity is placed alongside John's prophetic critique of Herod Antipas and of Herod's marriage the social and political implications of this critique become evident The symbolic activity and strong critique led to the Baptist's death under Herod Antipas

The Epistle to the Romans Richard N. Longenecker, 2016 Paul's letter to believers in Jesus at Rome has always been very highly regarded within the Christian church playing a central role in the formulation and proclamation of Christian doctrine Yet despite its status in the church and its importance for Christian thought life and proclamation Romans is not a simple writing it is one of the most difficult New Testament letters to analyze and interpret In this commentary prominent New Testament scholar Richard Longenecker offers a clear analysis of Romans that builds on the work of past commentators while still being informed by significant studies and insights of interpreters today His analysis is critical exegetical and constructive but pastoral in its application Longenecker also sets a course for the future that will promote a better understanding of this most famous of Paul's letters and a more relevant contextualization of its message

Spirit and Salvation Veli-Matti Karkkainen, 2016 This fourth volume in Veli-Matti Karkkainen's ambitious five volume systematic theology develops a constructive Christian pneumatology and soteriology in dialogue with the Christian tradition with contemporary theology in all its global and contextual diversity and with other major living faiths Judaism Islam Buddhism and Hinduism Karkkainen constructs a wide and deep theology of the Holy Spirit examining creation and the sciences other cosmic powers and beings the concepts of spirits in other religions and the Spirit's place in society and politics He also goes beyond traditional ways of understanding salvation election forgiveness justification sanctification and glorification and includes discussions of Spirit baptism healing and restoration reconciliation liberation and peace building carefully comparing Christian perspectives with the salvific views of other religions

Fear, Anomaly, and Uncertainty in the Gospel of Mark Douglas W. Geyer, 2002 Douglas Geyer's illuminating analysis of Mark 4:35-6:56 explains why the Gospel ends as it does in the earliest manuscripts abruptly at 16:8 with the words for they were afraid This ending with women fleeing the empty tomb in trembling and astonishment has long been considered problematic and in the several attempts to rewrite it Mark 16 has become a source of unending mischief Geyer's work draws on a vast literature of fear anomaly terror and dread in the ancient world to demonstrate that this ending is a consistent overriding theme of Mark's Gospel In Mark we see and hear the story of Jesus through the eyes and ears of the Roman world Geyer brings to bear the literature of that world in a way that helps his readers to understand what Mark is doing and how the story that Mark tells

continues to touch his readers and hearers ancient and modern and postmodern Geyer guides the reader through a vast and uncharted primary literature demonstrating its relevance for New Testament study In so doing he clearly proposes a fresh and original understanding of Mark that cuts across many of the critical controversies and renews its purpose and usefulness as good news Gospel for the terrors and uncertainties of our own time

The Tension Between God as Righteous Judge and as Merciful in Early Judaism Barry D. Smith, 2005 In recent years the scholarly consensus has emerged that early Judaism should no longer be classified as a religion of legalistic works on righteousness but rather defined primarily by God's covenant with Israel In this work it is argued instead that there is actually a tension in early Judaism between God as righteous judge and as merciful As E Sj berg maintained in his *Gott und S nder im pal stinischen Judentum* in the sources used for a reconstruction of early Judaism there are two mutually exclusive ways in which God is said to relate to human beings First God as righteous judge deals with human beings as they deserve They are assumed to be morally free and responsible and God judges and recompenses them in history and eschatologically Not only are the wicked punished for their sins but the righteous are also rewarded for their obedience And second God as merciful does not deal with human beings as they deserve Rather he removes the guilt resulting from disobedience to the Law sometimes on the simple condition of repentance This means that a person can escape the consequences of disobedience The understanding of God in the sources vacillates between God as righteous judge and God as merciful without coming down definitively on one side to the exclusion of the other

Enabling Fidelity to God Jason A. Whitlark, 2009-02-19 The primary focus of this book is to demonstrate how Hebrews represents in view of its historical and religious context human fidelity to God Thus the basic thesis is twofold First with regard to the divine human relationship in the ancient Mediterranean world the belief in the reciprocity rationale was one primary dynamic for establishing fidelity to a relationship and has been applied by some scholars such as David deSilva to Hebrews as the way to understand its strategy for creating perseverance A major problem with the application of this dynamic is that a common optimistic anthropological assumption is associated with the various reciprocity systems in the ancient world both Jewish and pagan This assumption is required if reciprocity is to be effective for establishing ongoing fidelity Second there was however a middle Judaic stream that can be traced from the period of the exile which held to a pessimistic anthropology This anthropological assumption crippled the perceived success of reciprocity to secure fidelity Thus the solution to God's people's inability to remain faithful was an act of God that transformed the human condition and enabled faithfulness to the relationship The argument of this book is that Hebrews with its emphasis upon the inauguration of the new covenant by Jesus high priestly ministry belongs to this latter stream of thought in understanding how fidelity is secured between God and his people Hebrews thus implicitly rejects the rationale of reciprocity for fidelity The implications of this offers a fresh perspective on the soteriology of Hebrews

Mission after Pentecost (Mission in Global Community) Amos Yong, 2019-10-15 Bringing Pentecostal theology into the Bible and mission conversation Amos Yong

identifies the role of the divine spirit in God's mission to redeem the world. As he works through the Bible from Genesis to Revelation, Yong emphasizes the global missiological imperative: People of all nations reaching out to people of all nations. Sidebars include voices from around the globe who help the author put the biblical text into conversation with twenty-first-century questions, offering the church a fresh understanding of its mission and how to pursue it in the decades to come.

The Bible and the Dead Sea Scrolls: Scripture and the scrolls James H. Charlesworth, 2006. The recovery of 800 documents in the eleven caves on the northwest shores of the Dead Sea is one of the most sensational archaeological discoveries in the Holy Land to date. These three volumes, the very best of critical scholarship, demonstrate in detail how the scrolls have revolutionized our knowledge of the text of the Bible, the character of Second Temple Judaism, and the Jewish beginnings of Christianity.

The Holy Spirit and Ethics in Paul Volker Rabens, 2013. Volker Rabens answers the question of how, according to the apostle Paul, the Holy Spirit enables religious ethical life. In the first part of the book, the author discusses the established view that the Spirit is a material substance which transforms people ontologically by virtue of its physical nature. In order to assess this Stoic reading of Paul, the author examines all the passages from the Hebrew Bible, early Judaism, Hellenism, and Paul that have been put forward in support of this concept of ethical enabling. He concludes that there is no textual evidence in early Judaism or Paul that the Spirit was conceived as a material substance. Furthermore, none of these or any of the Graeco-Roman writings show that ethical living derives from the transformation of the substance of the person that is imbued with a physical Spirit. The second part of the study offers a fresh approach to the ethical work of the Spirit, which is based on a relational concept of Paul's theology. Rabens argues that it is primarily through initiating and sustaining an intimate relationship with God the Father, Jesus Christ, and with the community of faith that the Spirit transforms and empowers people for ethical living. The author establishes this thesis on the basis of an exegetical study of a variety of passages from the Pauline corpus. In addition, he demonstrates that Paul lived in a context in which this dynamic of ethical empowering was part of the religious framework of various Jewish groups.

The Spirit in First-Century Judaism Levison, 2021-11-15. The Spirit in First-Century Judaism mirrors the growing recognition that the role of the Spirit in Judaism and early Christianity warrants further scholarly inquiry and moreover lays a cornerstone in the foundation of pneumatological studies by scouring the writings of the likes of Plato and Plutarch, Daniel and the Dead Sea Scrolls, as well as those of Philo of Alexandria and Flavius Josephus. Levison contextualizes the material both historically and literarily, taking seriously the influence of popular Greco-Roman thinking as well as Jewish exegetical traditions. Convincingly argued, cogently presented, and thoroughly documented, this volume in the words of the *Journal of Jewish Studies* has profound ramifications for both Jewish and New Testament Studies. This publication has also been published in hardback; please click here for details.

Isaiah's Christ in Matthew's Gospel Richard Beaton, 2002-11-14. Matthew's Jesus is typically described as the humble, compassionate messiah. This 2002 book argues that this is however only half the story. Matthew's theologically rich quotation

of Isaiah 42:1-4 traditionally considered one of the four servant songs underscores that manifest in Jesus powerful message and deeds particularly his healings and inclusion of the marginalized is the justice that was thought to accompany the arrival of the kingdom of God. The study explores modifications to the text form of the Isaianic citations their relationship to the surrounding context and the rhetorical force of the final form. It argues that the quotations are bi-referential functioning on both a narrative and theological level and also explores the issues surrounding the troublesome extraneous content. It arrives at the conclusion that this citation was central to Matthew's understanding of Jesus' life and mission. All told this study offers a refreshing exploration of Matthew's high ethical Christology.
