The Media in America Wm. David Sloan, 2017-03-06 *The Media in America* William David Sloan, James Glen Stovall, 1989 *The Media in America* William David Sloan, Erika Pribanic-Smith, Tracy Lucht, 2023 **The Press and America** Edwin Emery, 1972 **The Media in America** William David Sloan, 2002 A college level textbook on the history of mass communication in the United States *The Media in America* David Sloan, James Glen Stovall, 1986-01-01 *The Press and America* Michael C. Emery, Edwin Emery, Nancy L. Roberts, 1996 Textbook on mass media **Christianity and the Mass Media in America** Quentin J. Schultze, 2005-11-09 The mass media and religious groups in America regularly argue about news bias sex and violence on television movie censorship advertiser boycotts broadcast and film content rating systems government regulation of the media the role of mass evangelism in a democracy and many other issues In the United States the major disputes between religion and the media usually have involved Christian churches or parachurch ministries on the one hand and the so called secular media on the other Often the Christian Right locks horns with supposedly liberal Eastern media elite and Hollywood entertainment companies When a major Protestant denomination calls for an economic boycott of Disney the resulting news reports suggest business as usual in the tensions between faith groups and media empires Schultze demonstrates how religion and the media in America have borrowed each other's rhetoric In the process they have also helped to keep each other honest pointing out respective foibles and pretensions Christian media have offered the public as well as religious tribes some of the best media criticism better than most of the media criticism produced by mainstream media themselves Meanwhile mainstream media have rightly taken particular churches to task for misdeeds as well as offered some surprisingly good depictions of religious life The tension between Christian groups and the media in America ultimately is a good thing that can serve the interest of democratic life As Alexis de Tocqueville discovered in the 1830s American Christianity can foster the habits of the heart that ward off the antisocial acids of radical individualism And as John Dewey argued a century later the media offer some of our best hopes for maintaining a public life in the face of the religious tribalism that can erode democracy from within Mainstream media and Christianity will always be at odds in a democracy That is exactly the way it should be for the good of each one *#Media: a History of Media in America* Larry Powell, Mark Hickson, Alan Franks, 2018-07-13 **The Media in America** John William Tebbel, 1976 *The Media in America* Wm. David Sloan, 2014-03-15 *A Future for the News* Jim A. Kuypers, 2023-11-15 A Future for the News What's Wrong with Mainstream News Media in America and How to Fix It investigates and offers solutions to significant problems with the productive functioning of the mainstream news media Criticism of the mainstream news media is almost a national pastime in America and widespread polling shows credibility ratings of journalists among the lowest of any institution in America almost as low as that of Congress The institution of news media faces a plummeting morale of journalists loss of readership loss of viewers to competing non traditional venues for news and so on Moving from these problems to realistic

solutions this book serves as an instruction manual of sorts with each chapter offering a pathway of improvement This collection brings together academics and news industry professionals with individual chapters taking a specific area of concern and making a case for particular solutions to the problems presented Solutions range from ones designed for individual reporters to consider to those that target newsrooms the institution of journalism and news consuming audiences Together they aim to help a beleaguered institution restore itself as a fully functioning asset of the American Republic Contributors Abe Aamidor Brent Baker Alex Christy Jennifer Cox Michelle Ferrier John Gable Katherine Haenschen Michael Horning Michael Max Knorpp Jim A Kuypers Serena Miller Cayce Myers Stephen D Perry Soo Young Shin Benjamin Voth Adriel Warren

Media Ownership and Concentration in America Eli Noam, 2009-10-19 People have worried for many years about the concentration of private power over the media as evidenced by controversy over Federal Communication Commission rulings on broadcast ownership limits The fear it seems is of a media mogul with a political agenda a new William Randolph Hearst who could help start wars or run for political office using the power of the media In the light of these concerns about freedom

of speech Eli Noam provides a comprehensive survey of media concentration in America covering everything from the early media empire of Benjamin Franklin to the modern day cellular phone industry

Media Nation Bruce J. Schulman, Julian E. Zelizer, 2017-01-16 From the creation of newspapers with national reach in the late nineteenth century to the lightning fast dispatches and debates of today's Internet the media have played an enormous role in modern American politics Scholars of political history universally concede the importance of this relationship yet have devoted scant attention to its development during the past century Even as mass media have largely replaced party organizations as the main vehicles through which politicians communicate with and mobilize citizens little historical scholarship traces the institutional changes political organizations and media structures that underlay this momentous shift With *Media Nation* editors Bruce J. Schulman and Julian E. Zelizer seek to bring the media back to the center of scholarship on the history of the United States since the Progressive Era The book's revealing case studies examine key moments and questions within the evolution of the media from the early days of print news through the era of television and the Internet including battles over press freedom in the early twentieth century the social and cultural history of news reporters at the height of the Cold War and the U.S. government's abandonment of the Fairness Doctrine and the consequent impact on news production among others Although they cover a diverse array of subjects the book's contributors cohere around several critical ideas including how elites interact with media how key policy changes shaped media and how media institutions play an important role in shaping society's power structure Highlighting some of the most exciting voices in media and political history *Media Nation* is a field shaping volume that offers fresh perspectives on the role of mass media in the evolution of modern American politics Contributors Kathryn Cramer Brownell David Greenberg Julia Guarneri Nicole Hemmer Richard R. John Sam Lebovic Kevin Lerner Kathryn J. McGarr Matthew Pressman Emilie Raymond Michael Schudson Bruce J. Schulman Julian E. Zelizer

United States of Distraction Mickey Huff, Nolan Higdon, 2018-08-13 A provocative critique of how manipulation of media gives rise to disinformation intolerance and divisiveness and what can be done to change direction Mickey Huff and Nolan Higdon emphasize what we can do today to restore the power of facts truth and fair inclusive journalism as tools for people to keep political and corporate power subordinate to the engaged citizenry and the common good Ralph Nader The role of news media in a free society is to investigate inform and provide a crucial check on political power But does it It's no secret that the goal of corporate owned media is to increase the profits of the few not to empower the many As a result people are increasingly immersed in an information system structured to reinforce their social biases and market to their buying preferences Journalism's essential role has been drastically compromised and Donald Trump's repeated claims of fake news and framing of the media as an enemy of the people have made a bad scenario worse Written in the spirit of resistance and hope *United States of Distraction* offers a clear concise appraisal of our current situation and presents readers with action items for how to improve it Praise for *United States of Distraction* A war of distraction is underway media is the
