ever been a fan of a show that was canceled abruptly or that killed off a beloved character unexpectedly Or perhaps it was

rebooted after a long absence and now you re worried it won t be as good as the original Anyone who has ever followed

entertainment closely knows firsthand that such transitions can be jarring Indeed for truly loyal fans the loss can feel very

real even throwing their own identity into question Examining how fans respond to and cope with transitions endings or

resurrections in everything from band breakups R E M to show cancellations Hannibal to closing down popular amusement

park rides this collection brings together an eclectic mix of scholars to analyze the various ways fans respond to change

Essays explore practices such as fan discussion and creating alternative fan fictions as well as cases where fans abandon

their objects of interest completely and move on to new ones Shedding light on how fans react both individually and as a

community the contributors also trace the commonalities and differences present in fandoms across a range of media and

they pay close attention to the ways fandom operates across paratexts and transmedia forms including films comics and

television This fascinating approach promises to make an important contribution to the fields of fan media and cultural

studies and should appeal widely to students scholars and anyone else with a genuine interest in understanding why these

transitions can have such a deep impact on fans lives Contributors Stuart Bell Anya Benson Lucy Bennett Paul Booth Joseph
