*The Media's War Against Israel* Stephen Karetzky,1986      **Israel in the American Mind** Shaul Mitelpunkt,2018-05-10  
Examines the changing meanings Americans invested in their country s intensifying relationship with Israel from the 1950s to the 1980s      **Israel and the Foreign Media** Daniel Seaman,Ron Schleifer,2023-05-03 This book is a semi biographical account of Daniel Seaman former director of the Israeli Government Press Office GPO and his 25 years of working with foreign journalists in the GPO coupled with an analysis of the impact that foreign media coverage of Israel has had on both public perception and diplomatic policy It relates the untold story of decades long manipulation involved in the presentation of the Israeli Palestinian conflict by journalists and editors together with Palestinian operatives who abused their professional standards in order to create and maintain an ideological narrative This is a challenging read for those whose opinion on Israel is fixed but it is a crucial wake up call for the survival of Western democracy and a free press      **The Middle East**,1989      **Public Opinion** William A. Blade,2002 Twenty four news networks a plethora of newspapers and magazines vibrant news talk radio and the ubiquitous Internet highlight our society as information driven With such a steady stream of hard facts mixed with publicised opinions the mainstream population has an opinion on everything Most anyone seems itching to argue their side of an issue making once private beliefs fodder for general consumption A staple of any medium s content is a regular public opinion poll on whatever hot topic strikes the editor s fancy From the significant to the mundane public opinion permeates society Accordingly politicians have taken note of these opinions and adopted stands and values that put them in tune with public sentiment An understanding of the nature of public opinion therefore is paramount in today s world This book assembles and presents a carefully chosen bibliography on public opinion in its many forms The collection of references makes for a valuable resource in studying and researching the critical issue of public opinion Easy access to these pieces of literature are then provided with author title and subject indexes      **The Media's War Against Israel** Peter. Goldman,1986      **Bibliographic Guide to North American History** ,1986      The Middle East, Abstracts and Index ,2004      **The Cumulative Book Index** ,1988 A world list of books in the English language      *Congressional Record* United States. Congress,1990      Jahresbibliographie Massenkommunikation ,1986      *Mother Jones Magazine* ,1989-04  
Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues      *Desert Slaughter* Workers League (U.S.),1991 Essential reading for an objective historical explanation of the current US led war against Iraq The 1991 Persian Gulf War marked the beginning of a new struggle to redivide the world with the US seeking to use its military power to offset its declining position in the world economy This volume exposes the secret White House operations to draw Saddam Hussein into an invasion of Kuwait to provide the long awaited pretext for a US intervention in this oil rich region It describes the tragic suppression of Shi ite and Kurdish uprisings in the aftermath of the war Also includes a detailed history of colonial oppression in Iraq and the Middle

East Mother Jones Magazine, 1989-04 Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues **The Military and the Media** William V. Kennedy, 1993-07-30 This book is the first about military media relations to argue for a fundamental restructuring of national journalism and the first to document the failure of American journalism in the national security field for the past thirty years Press complaints of excessive control by the military during the Persian Gulf War of 1990 91 were the inevitable result of the failure of American journalism to train competent specialists in military reporting and to provide an organizational structure that would assure continuing comprehensive coverage of national defense in peace and war This in turn is the result of retaining the city room concept as the basic organizational feature of the press with continuing reliance on the generalist in an age that demands increasingly well trained specialists So long as the press fails to modernize its basic methods of training to assure well trained defense specialists the military will be required to closely control reporters as in the Persian Gulf War as a basic requirement of security for armed forces members and the national interests Permitting the military to control how the military itself is reported is a grave danger to the democratic process Yet so long as the press refuses to accept responsibility for large scale reform the public will continue to support close military control as an essential element of safety for its sons and daughters in the armed forces and out of concern for the success of U S military operations This book will be of interest to students of the press of the military and of the media at large

**Remaking Holocaust Memory** Liat Steir-Livny, 2019-04-18 Since the late 1990s in Israel third generation Holocaust survivors have become the new custodians of cultural memory and the documentary films they produce play a major role in shaping a societal consensus of commemoration In Remaking Holocaust Memory a pioneering analysis of third generation Holocaust documentaries in Israel Liat Steir Livny co recipient of the 2019 Young Scholar Award given jointly by the Association of Israel Studies and the Israel Institute investigates compelling films that have been screened in Israel Europe and the United States appeared in numerous international film festivals and won international awards but have yet to receive significant academic attention Steir Livny s comprehensive investigation reveals how the absolute truths that appeared in the majority of second generation films are deconstructed and disputed in the newer films which do not dismiss their cinematic parents approach but rather rethink fixed notions extend the debates and pose questions where previously there had been exclamation marks Steir Livny also explores the ways in which the third generation s perspectives on Holocaust memory govern cinematic trends and aesthetic choices and how these might impact the moral recollection of the past Finally Remaking Holocaust Memory serves as an excellent reference tool as it helpfully lists all of the second and third generation films available as well as the festival screenings and awards they have garnered **Blood Libel and Its Derivatives** Raphael Israeli, 2017-09-08 At the doorstep of the twenty first century one would expect that medieval concepts such as blood libel the accusation that Jews kill children to use their blood in religious ritual would have been discarded by any civilized

human being Certainly in the Christian world where the story originated and endured for centuries modern attitudes have nearly erased these barbaric accusations But in Arab and Islamic worlds where enmity towards Israel and Zionism has conditioned beliefs attitudes positions and fantasies blood libel and similar charges are still part of life Most people are unaware of the history of blood libel and do not perceive links between it and many of the false accusations currently hurled against the state of Israel Raphael Israeli argues that individuals and organizations guilty of human rights crimes project crimes onto Israel to avoid awareness of their own guilt Certainly when countries ruled by dictators set the agenda of the UN Council for human rights Israel is consistently censured and condemned Accusations of apartheid and charges of discrimination against Muslims are frequently made Israel is accused of plots against Muslims in order to harm their productive sectors of using weapons of mass destruction to commit genocide against Arabs of injecting poisonous substances into Palestinian children of poisoning Arab lands under the guise of agricultural aid and of laying siege to peaceful citizens All of these charges are derivatives of blood libel and have been adopted by Middle East Jihadists in their struggle against Israel This volume aims to explain the origins of the charge of blood libel and define the ways its derivatives have achieved acceptance in certain parts of the world today [Outlook](#) ,2008-03-24 **Rulers and Ruled in the US Empire** James Petras,2010-04-28 This book provides a comprehensive guide to the systemic dimensions of the US empire Petras elaborates the changes within the US ruling class as its manufacturing sector declines and gives way to the ascendancy of finance capital illustrated by its dominance of both the US economy and the parameters for political debate on the US role in the world economy globalization trade liberalization Petras addresses the fallacy of discussions on the imminent collapse of capitalism when what is occurring in reality is the collapse of workers rights He elaborates the contradictions in current immigration trade liberalization policies and how these work toward forcing the displacement of peoples and furthering the underdevelopment of third world countries He reveals the dark heart of modern empire in the emergence and proliferation of holocaust scale carnage and further outlines how the world capitalist system is laced together in an intricate hierarchy where the US pulls most of the strings even outside its ostensible area of dominance The role of corruption in securing world markets is addressed as are the reasons for the spectacular global growth in new billionaires The role of the Zionist Lobby in America is examined as it relates to the catastrophic wars in Iraq and Lebanon and the threat of a further attack on Iran A mounting schism within the US ruling elite between its pro Zionist sector concerned with advancing the interests of Israel and the traditional ruling elite concerned with protecting US imperial interests worldwide is addressed in relation to the Iraq Study Group s failed effort to introduce changes in current US Middle East policy Finance capital and its political representatives in the US government depend on the support of client regimes in other countries which include those considered relatively center left to sustain the US empire However in pursuit of freedom justice national independence and peace powerful social movements and in some circumstances armed national resistance forces have emerged to challenge

American dominance Petras sheds light on the actual status of contemporary resistance to US hegemony within China Latin America and the Middle East      American Woman Phyllis Schlafly, 2020-09-10 Catch everything you missed about the incredible Phyllis Schlafly from the hit Hulu show Mrs America In a curated collection of the last newspaper columns of her career Schlafly reflects on contemporary political issues with the same sharp eye that made her one of the most influential women of the 20th century Through her reflections from 2015 and 2016 revisit the buildup to the historic 2016 election the ripple effects of Common Core to our education system the shifting role of women in the military and so much more
