The Medically Indigent M. B. Nicholson, 2003-01-21 This book helps resolve the issue faith or works It gives reasons why so many churches are half empty It proposes the appropriate relationship between art science and faith It aids in making faith a living force in one's life and helps to find meaning and purpose to life Freud and Darwin were great scientists both of whom ranged beyond their proper borders and made unwarranted statements on matters of faith which neither could confirm nor disprove Both men are quoted and discussion ensues What did a handful of simple frightened and uneducated men have that turned them into heroic and inspirational models
