The Medici Story Of A European Dynasty:

The Medici Franco Cesati, 1999 The Medici are probably the best known and most illustrious Italian family one that produced two popes two Queens of France and such a multi faceted and extraordinary figure as Lorenzo the Magnificent Their name is inextricably linked to the history of Florence The city itself remains a living symbol of the peninsula s most splendid epoch When people around the world think of Italy they usually think of Florence and Tuscany and of the priceless art collections that hold to this day an irresistible fascination for millions of visitors This concise and brilliant book reads like a piece of journalism in the best sense of the term With an entirely original and non provincial approach the author traces the dazzling rise and fall of this dynasty from the first gonfaloniere to the last Grand Duke tirelessly bringing out its historical links with Florence Italy and Europe The many illustrations clarified by ample captions do not add up to a mere gallery of official portraits rather the Magnificence in the Seventeenth Century Gijs Versteegen, Stijn Bussels, Walter

Melion, 2020-11-23 This volume explores the concept of magnificence as a social construction in seventeenth century Europe Although this period is often described as the Age of Magnificence thus far no attempts have been made to investigate how the term and the concept of magnificence functioned The authors focus on the way crucial ethical religious political aesthetic and cultural developments interacted with thought on magnificence in Catholic and Protestant contexts analysing spectacular civic and courtly festivities and theatre impressive displays of painting and sculpture in rich architectural settings splendid gardens exclusive etiquette grand households and learned treatises of moral philosophy Contributors Lindsay Alberts Stijn Bussels Jorge Fernandez Santos Anne Madeleine Goulet Elizabeth den Hartog Michèle Caroline Heck Miguel Hermoso Cuesta Jos Eloy Hortal Muñoz Félix Labrador Arroyo Victoire Malenfer Alessandro Metlica Alessandra Mignatti Anne Françoise Morel Matthias Roick Kathrin Stocker Klaas Tindemans and Gijs Versteegen **Cellini's Perseus**

and Medusa and the Loggia dei Lanzi Christine Corretti, 2015-05-19 Benvenuto Cellini s Perseus and Medusa one of Renaissance Italy s most complex sculptures is the subject of this study which proposes that the statue s androgynous appearance is paradoxical Symbolizing the male ruler overcoming a female adversary the Perseus legitimizes patriarchal power but the physical similarity between Cellini s characters suggests the hero rose through female agency Dr Corretti argues that although not a surrogate for powerful Medici women Cellini s Medusa may have reminded viewers that Cosimo I de Medici s power stemmed in part from maternal influence Drawing upon a vast body of art and literature Dr Corretti concludes that Cellini and his contemporaries knew the Gorgon as a version of the Earth Mother whose image is found in art for Medici women *Medici Women* Gabrielle Langdon, 2006-01-01 The ducal court of Cosimo I de Medici in sixteenth century Florence was one of absolutist rule bound order Portraiture especially served the dynastic pretensions of the absolutist ruler Duke Cosimo and his consort Eleonora di Toledo and was part of a Herculean programme of propaganda to establish legitimacy and prestige for the new sixteenth century Florentine court In this engaging and original study Gabrielle

Langdon analyses selected portraits of women by Jacopo Pontormo Agnolo Bronzino Alessandro Allori and other masters She defines their function as works of art as dynastic declarations and as encoded documents of court culture and propaganda illuminating Cosimo's conscious fashioning of his court portraiture in imitation of the great courts of Europe Langdon explores the use of portraiture as a vehicle to express Medici political policy such as with Cosimo's Hapsburg and Papal alliances in his bid to be made Grand Duke with hegemony over rival Italian princes Stories from archives letters diaries chronicles and secret ambassadorial briefs open up a world of fascinating personalities personal triumphs human frailty rumour intrigue and appalling tragedies Lavishly illustrated Medici Women Portraits of Power Love and Betrayal in the Court of Duke Cosimo I is an indispensable work for anyone with a passion for Italian renaissance history art and court culture

The Corsairs' Longest Voyage Porsteinn Helgason, 2018-03-20 During the summer of 1627 corsairs from Algiers and Sal Morocco undertook the long voyage to Iceland where they raided the eastern and southern regions of the country resulting in the deaths of around thirty people and capturing about 400 further individuals who were sold on the slave markets Around 10% of the captives were ransomed the next twenty years mostly through the efforts of the Danish monarchy In this volume the history of these extraordinary events and their long lasting memory are traced and analysed from the viewpoints of maritime warfare cultural encounters and existential options based on extensive use of various sources from several languages

The empires of Napoleon I and his nephew Napoleon III set the stage for the pendulum swing of time from revolution to its antithesis empire The Anglo Italian style developed as a reaction to these empires the widespread devastation caused by power and the monuments it created Lord Byron Percy Bysshe Shelley Margaret Fuller Elizabeth Barrett Browning Harriet Hosmer William Wetmore Story Nathaniel Hawthorne Henry James and Vernon Lee responded to recurring themes in Italian Risorgimento politics and culture in the post Napoleonic era and Second Empire periods Many of them were ex patriots who adopted Italy as their new home Their unique contribution aligns them with a style that is distinguished by the themes of

national independence feminism the abolition of slavery and republicanism They perceived their own time in terms of parallel dimensions in which the past and present converged in national histories at home in America and England and in Italy their new ideal state The language of their new nationalism evolved from the chronological study of Ancient Rome up to the Renaissance and the style of both revolution and empire neoclassicism while their perspective was largely shaped by a reactionary contrast between the empires of Napoleon I and III and an ideal state they envisioned for Italy The Family Medici Mary Hollingsworth,2018-03-06 Having founded the bank that became the most powerful in Europe in the fifteenth century the Medici gained massive political power in Florence raising the city to a peak of cultural achievement and becoming its hereditary dukes Among their number were no fewer than three popes and a powerful and influential queen of France Their influence brought about an explosion of Florentine art and architecture Michelangelo Donatello Fra Angelico and Leonardo were among the artists with whom they were socialized and patronized Thus runs the accepted view of the Medici However Mary Hollingsworth argues that this is a fiction that has now acquired the status of historical fact In truth the Medici were as devious and immoral as the Borgias In this dynamic new history Hollingsworth argues that past narratives have focused on a sanitized view of the Medici wise rulers enlightened patrons of the arts and fathers of the Renaissance and their story was reinvented in the sixteenth century mythologized by later generations of Medici who used this as a central prop for their legacy Hollingsworth's revelatory re telling of the story of the family Medici brings a fresh and exhilarating new perspective to the story behind the most powerful family of the Italian Renaissance *International Business History* Dennis McCarthy,1994-04-30 This text presents for the first time the history of international business using both a case and contextual approach Case studies from around the world are analyzed in both their internal and external contexts Divided into five geographical sections Europe North America Central America South America the Caribbean Africa and Asia the Western Pacific the text features case studies of particular businesses of various periods as well as essays on international business and economic integration in the particular regions Introductions to each section define main themes and relate the case studies to those themes commentaries introduce each case study and summarize key issues This pioneering text is suitable for upper division courses in international business history It can also serve as a supplementary text in courses in international economic history international economic relations economic development and comparative management *The Color Line: a History* Ethan Malveaux,2015-01-09 My book The Color Line A History is about how the ethnic biases of the European of Ancient Rome morphed into the racial prejudice of modern times through a process that was centuries in the making From the collapse of Ancient Rome to the rise of Christendom then to the discovery of the American continents through to the landmark Supreme Court decision of Plessy v Ferguson I will take the reader on a journey that will shatter preconceived notions of European and African relations The narrative strain of my comprehensive composition seeks to historically follow the advent of the color classifications of white and black by using primary and secondary sources to
