Fundamental Of The Interrogation Techniques Satya Pratap Singh, 2008-12 Quality interrogation is an essential ingredient of any investigation Unfortunately it also happens to be the most neglected aspect of any investigating process owing to certain extraneous considerations Firstly the Interrogator himself is a tearing hurry to claim the kudos for the speedy results Equally responsible is the media both print and visual who it appears at times suffer from the breaking news syndrome Public too could be blamed who suffer from the insatiable appetite for instant results All these infirmities adversely affect the investigation which result in the miscarriage of justice since any faulty investigation can never withstand the judicial scrutiny by a court of law Possibility of an innocent person going behind the bar cannot be ruled out if any investigation has been built up on ill conceived prejudices and bias There are hardly any books on interrogation techniques except for out dated manuals available with various departments engaged in the investigation of criminal or civilian offences The author has vast experience of interrogation techniques first as a Brigade Intelligence Officer in a committed infantry Brigade opposite Pakistan and then in the Directorate of Revenue Intelligence Central Economic Intelligence Bureau and anti smuggling preventive customs commissionerate in Mumbai for over two decades The statistics in relation to the economic offences scenario on India have been incorporated courtesy Directorate of Revenue Intelligence and Narcotics Control Bureau The language of the book is simple but lyrical which can mould any raw officer into a model interrogator The interrogation basically being the battle of wits the usefulness of the book to police and various other intelligence agencies of the Government Department cannot be over emphasized

Husak,2010 This volume collects 17 of Douglas Husak s influential essays in criminal law theory The essays span Husak s original and provocative contributions to the major topics in the field including the grounds of criminal liability the significance of culpability the role of defences and the justification of punishment The volume includes an extended introduction by the author drawing together the themes of his work and exploring the goals of criminal theory Together the essays present a desert based analysis of issues in criminal theory that rejects the consequentialist approach more familiar among legal scholars The foremost concern of these essays is to ensure that the principles and doctrines of the criminal law preserve justice and do not sacrifice individuals for the common welfare Engagingly written the essays are accessible to non specialists and represent an excellent introduction to current issues and debates in the theory of criminal law **The Illicit Narcotics Traffic** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Improvements in the Federal Criminal Code,1956 **Central Asia and Regional Security** Mr P L Dash,Ms Anita Sengupta,Mr Murat M Bakhadirov,2014-02-15 While security concerns have assumed salience across the globe Afghanistan s proximity to Central Asia has meant that security or perceptions of insecurity dominate the strategic discourse in the region Issues that stand out include the challenges that the Central Asian states will face in terms of stability ethnic tensions radicalization of youth destabilization of commodity flows and energy security and the impact that these could have on Central Asian society However security cannot just be defined in terms of security at the borders It needs to be defined in cosmopolitan terms through an array of issues like movements across borders radicalism within states the sharing of water and various multilateral attempts at combating insecurity This volume is an attempt to focus on some of these issues that reflect on perceptions of security principally from Indian and Uzbek positions It examines shifts over the last two decades from debates on the geopolitical importance of the region from a great game perspective to the salience of new engagements within the international arena *The Light* ,1924 *BDAC Bulletin* United States.
